TRANSPORTATION CONSTRUCTION PROJECT GUARANTEE

House Bill 4175
Sponsor: Rep. Burton Leland
Committee: Transportation

Complete to 6-25-97

A SUMMARY OF HOUSE BILL 4175 AS INTRODUCED 1-30-97

House Bill 4175 would amend the State Trunk Line Highway System and Fund Act, commonly called Public Act 51 of 1951, to add a new section, 11e, that would prohibit the awarding of any transportation contract to open, widen, improve, construct, or reconstruct a state trunk line highway or bridge unless the contractor would provide a five-year full-replacement guarantee. The guarantee period would begin on the date the work to be performed under the contract was completed. (Note: The act already contains a Section 11e; an amendment would be necessary to renumber the proposed new section.)
