House Bill 5272 (Substitute S-1 as reported)
Sponsor: Representative Randy Richardville
House Committee: Education
Senate Committee: Education

CONTENT

The bill would amend the Revised School Code to permit the board of a school district or intermediate school district (ISD) to employ as a substitute teacher a person without a teaching certificate if the person had at least 90 hours in a planned program, up to 60 credits of which could be taken at an accredited community college and the balance at an institution having an approved teacher education program.

Currently, a school board or ISD board may employ a person without a teaching certificate as a substitute teacher if he or she has at least 90 semester hours of college credit from a college or university. The bill would retain this provision.
