House Bill 5278
Committee: Appropriations

OVERVIEW

The General Government Appropriations Bill contains appropriations for the Attorney General, Civil Rights, Civil Service, Executive, Legislative Auditor General, Legislature, Library of Michigan, Management and Budget, State, and Treasury. The following pages provide a summary of changes to FY 2000-01. The Senate Substitute is \$9,880,600 Gross/\$5,976,700 GF/GP over the House and \$(2,312,300) Gross under/\$5,747,600 GF/GP over the Governor's recommendation.

The following boilerplate changes are included in the general boilerplate section of the bill:

1. **Audit Compliance Reports.** The House and Senate replaced current year language that required principal departments to file reports with appropriation subcommittees regarding implementation of Auditor General recommendations with a new section that requires the Auditor General to report on all recommendations in audit reports that were not complied with by audited entities. (Sec. 604)
2. **Buy American Intent Language/Deprived and Depressed Communities Language.** Buy American intent language and language regarding deprived and depressed communities eliminated by the Governor was restored by the House and Senate. (Sec. 209 and 210)
3. **Casino Investment.** The Governor eliminated current year reporting language that prohibits appropriations in the bill from being used by a department or agency to purchase an ownership interest in a casino. The House and Senate restored this language (Sec. 211).
4. **Year 2000.** The Governor, House, and Senate eliminated current year language regarding Year 2000 computer compliance and costs.
5. **Budget and Stabilization Fund (BSF).** This section provides for a General Fund appropriation to the Countercyclical Budget and Economic Stabilization Fund pursuant to MCL 18.1352. The Governor includes statutory calculations, which would result in an appropriation of \$19.3 million, however, appropriates \$0 to the BSF. The House and Senate concurred with the Governor. (Sec. 212)
6. **Internet Reports.** Current year language creates a pilot program for placement of reports on the Internet with electronic notice to legislative offices. Requires all reports to be distributed in current printed format during FY 1999-2000. The Governor's recommendation continues pilot program and modifies language by also allowing transmission of reports by electronic mail. Requires written notice to subcommittees regarding Internet/Intranet sites of reports. The House version provides quarterly cumulative reports on location of reports and list of reports to be transmitted in the next quarter, and also includes option of receiving printed copies of reports. The Senate concurred with the House. (Sec. 208)
7. **Retention of Reports.** The House restored language eliminated by the Governor that required departments to receive and retain copies of reports funded from appropriations in this bill. The Senate concurred with the Governor and eliminated the section.
8. **Abortion Services.** The Governor eliminated language that prohibits the use of funds to provide coverage to State employees, or their dependents, for abortion services if those services are not required by Civil Service or collective bargaining agreements. The language also directed the State Employer to negotiate the elimination of coverage through the collective bargaining process. The House restored the section. The Senate concurred with the Governor and deleted the section.
9. **Internal Auditor Reports.** The Governor eliminated language that requires biennial reports listing each audit or investigation performed by the internal auditor and time spent on statutory responsibilities and other activities. The House restored the section. The Senate concurred with the Governor and deleted the section.

Committee: Appropriations

FY 1999-2000 Year-to-Date Gross Appropriation	\$55,132,300
Changes from FY 1999-2000 Year-to-Date:	
1. Technology Improvements. The budget includes funding to cover ongoing costs related to technology enhancements included in a FY 1998-99 supplemental. The funding will be used for standard e-mail and software, legal research, cellular phone service, voice mail, servers, and additional laptop and desktop computers.	921,400
2. Child Abuse and Neglect Cases. The Department of Attorney General provides legal representation to the Wayne County Office of the Family Independence Agency (FIA) in child abuse and neglect cases. Due to the rising caseload related to appeals, court hearings, and permanent custody petitions, the budget includes funding for seven additional attorneys and three additional secretaries.	767,200
3. Southeastern Michigan Money Laundering - Financial Crimes Unit. Public Act 137 of 1999 included FY 1998-99 supplemental funding for the Southeastern Michigan Office of the Financial Crimes Unit. The Unit (consisting of 3.0 FTE positions and funded from a 50/50 Federal/State match) investigates and prosecutes sophisticated financial crimes and also provides assistance and training to local law enforcement agencies.	531,100
4. Environmental Cost Recovery Cases. Pursuant to statute, costs of environmental response actions are the responsibility of those defined as liable. Due to an increasing workload, the budget recommendation includes funding for an additional 8.0 FTE positions. The cost of this adjustment is partially offset by reductions noted under Item 11.	610,000
5. Transportation Funding. The House shifted \$2,590,400 in funding for legal services to the Michigan Department of Transportation from the Michigan Transportation Fund to the State Trunkline Fund. The Senate funded Department of Transportation legal services with \$10,000 Michigan Transportation Fund, \$2,452,900 State Trunkline Fund, and \$127,900 Comprehensive Transportation Fund.	0
6. Health Regulatory Fund. The budget includes 2.0 FTEs based on workload increases related to licensing issues of health care professionals.	175,300
7. Health Care Fraud. The Senate added 4.0 positions to this unit based on workload requirements and available Federal funding (75/25 Federal/State match).	411,700
8. Bovine Tuberculosis Litigation. The Senate added 3.0 FTEs that will be funded by an interdepartmental grant from the Department of Agriculture for future costs associated with bovine tuberculosis litigation.	295,100
9. Unclassified Salaries. The budget for the line item that funds 5.0 FTE unclassified positions includes a 3.0% increase, from \$444,500 to \$457,800.	13,300
10. Economic Adjustments.	2,891,900
11. Other Changes. The budget includes reductions of 4.0 FTEs and funding sources for the Department of Natural Resources Unit related to actual workload.	(355,800)
12. Comparison to Governor's Recommendation. The Senate Bill is \$706,800 Gross/\$102,900 GF/GP over the Governor.	
Total Changes	\$6,261,200
FY 2000-01 Senate Appropriations Committee Gross Appropriation	\$61,393,500

This analysis was prepared by nonpartisan Senate staff for use by the Senate in its deliberations.

Changes from FY 1999-2000 Year to Date:

1. **Attorney General Responsibilities.** The Governor eliminated current year language that provides that the Attorney General shall perform all legal services to principal executive departments and State agencies. The current year section also required the Attorney General to defend judges of State courts in civil actions. The Governor replaced it with new language that provides that the Attorney General shall perform duties specified in MCL 14.28 et seq. and MCL 14.101 et seq. The House included the new section while also restoring current year language. The Senate included current year language along with a modified version of the Governor's language combined in one section based on an agreement with the Department of Attorney General. (Sec. 301)
2. **Tobacco Litigation.** The Governor and House eliminated language that provides that any proceeds from a lawsuit or settlement agreement initiated by the State against a manufacturer of tobacco products are subject to the appropriations process. The Senate restored this section. (Sec. 307)

FY 1999-2000 Year-to-Date Gross Appropriation	\$14,623,300
Changes from FY 1999-2000 Year-to-Date:	
1. Unclassified Salaries. The budget included a 12.3% increase for the unclassified salaries line item.	41,000
2. Replacement of EEOC Funds. The Department does not qualify for the same level of Federal funding because the newly designed system for handling complaints no longer meets the Federal definition of "qualifying" cases. The Governor requested a funding shift due to a reduction of Federal Equal Employment Opportunity Commission (EEOC) funding as a result of lowered caseload backlog. The Governor replaced \$700,000 of Federal funds with an equal amount of GF/GP funds. The House and Senate concurred with the Governor.	0
3. Funding for Phase-In of Future Vacancies. Beginning next year, the Department will have several people becoming eligible for retirement. The Senate Substitute included funding for an additional 7.5 FTEs so that the Department is able to train in advance the replacement staff.	500,000
4. Economic Adjustments.	608,200
5. Comparison to Governor's Recommendation. The Senate Bill is \$500,000 Gross/GF/GP over the Governor's Recommendation.
