19 over these contractual terms and conditions.

20 (c) The third party is the sole party authorized to negoti-  
21 ate with health benefit plans on behalf of the physicians as a  
22 group.

23 (d) At the option of each physician, the physicians may  
24 agree to be bound by the terms and conditions negotiated by the  
25 third party authorized to represent their interests.

8 physicians under this act shall furnish, for the commissioner's  
9 approval, a report identifying all of the following:

10 (a) The representative's name and business address.

11 (b) The names and addresses of the physicians who will be

16 (d) The health benefit plans with which the representative

1 or acting as a representative of physicians under this act shall  
2 furnish, for the commissioner's approval, a copy of the proposed  
3 contract and plan of action. Within 14 days of a health benefit  
4 plan decision declining negotiation, terminating negotiation, or  
5 failing to respond to a request for negotiation, the representa-  
6 tive shall report to the commissioner the end of negotiations.  
7 If negotiations resume within 60 days of this notification to the  
8 commissioner, the representative shall be permitted to renew the  
9 previously filed report without submitting a new report for  
10 approval.

11       Sec. 15. (1) The commissioner shall either approve or dis-  
12 approve an initial filing, supplemental filing, or a proposed  
13 contract within 30 days of each filing. If disapproved, the com-  
14 missioner shall furnish a written explanation of any deficiencies  
15 along with a statement of specific remedial measures as to how  
16 the deficiencies could be corrected. A representative who fails  
17 to obtain the commissioner's approval is considered to act out-  
18 side the authority granted under this act.

19       (2) The commissioner shall approve a request to enter into  
20 joint negotiations or a proposed contract if the commissioner  
21 determines that the applicants have demonstrated that the likely  
22 benefits resulting from the joint negotiation or proposed con-  
23 tract outweigh the disadvantages attributable to a reduction in  
24 competition that may result from the joint negotiation or pro-  
25 posed contract. The joint negotiation shall represent no more  
26 than 10% of the physicians in a health benefit plan's defined  
27 geographic service area except in cases where in conformance with

1 this subsection conditions support the approval of a greater or  
2 lesser percentage.

3 (3) An approval of the initial filing by the commissioner is  
4 effective for all subsequent negotiations between the parties  
5 specified in the initial filing.

6 (4) If the commissioner does not issue a written approval or  
7 rejection of an initial filing, supplemental filing, or proposed  
8 contract as provided in subsection (1), the applicant shall have  
9 the right to petition a district court for a mandamus order  
10 requiring the commissioner to approve or disapprove the contents  
11 of the filing immediately.

12 Sec. 17. (1) This act shall not be construed to enable phy-  
13 sicians to jointly coordinate any cessation, reduction, or limi-  
14 tation of health care services. The representative of the physi-  
15 cians shall advise physicians of the provisions of this act and  
16 shall warn physicians of the potential for legal action against  
17 physicians who violate state or federal antitrust laws when  
18 acting outside the authority of this act.

19 (2) This act shall not be construed to prohibit physicians  
20 from negotiating the terms and conditions of contracts as permit-  
21 ted by other state or federal law.

22 Sec. 19. Each person who acts as the representative of  
23 negotiating parties under this act shall pay to the insurance  
24 commissioner a fee to act as a representative. The commissioner,  
25 by rule established under the administrative procedures act of  
26 1969, 1969 PA 306, MCL 24.201 to 24.328, shall set fees in  
27 amounts reasonable and necessary to cover the costs incurred by

1 the state in administering this act. A fee collected under this  
2 act shall be deposited in the state treasury to the credit of the  
3 operating fund from which the expense was incurred.

4 Sec. 21. This act takes effect October 1, 2000.
