House Bill 4352 would increase to seven, by addition of a Ducks Unlimited plate, the total number of specialty license plates that the secretary of state could create and promote. The Department of State estimates the initial cost of \$45,000 for the creation and promotion of this specialty plate. The funds would be drawn from the Michigan Transportation Fund. The fiscal impact of a reduction to this revenue source is approximately 40% by the state and 60% to local units of government.
