This bill would nullify the rule requiring colleges and universities to have 5 foot depths at swimming pool starting platforms. If this bill is not passed, the four universities and colleges currently in non-compliance with this rule would be required to spend between \$250,000 and \$1.0 million to modify their pools. Two universities, Grand Valley and Northern Michigan, would need to deepen their pools, or find another location for swimming events if this rule is not modified or recinded.
