**A SUMMARY OF HOUSE BILL 6413 AS INTRODUCED 9-24-02**

The bill would amend the Management and Budget Act to require the director of the Department of Management and Budget to issue a directive, by January 1, 2003, requiring all state agencies to achieve a reduction in emissions from state owned vehicles of 10 percent or more, to be accomplished by January 1, 2015. The reduction in emissions could be achieved by reducing the number of vehicles, by purchasing electric, hybrid, or alternative fuel vehicles, or by some other means as determined by the DMB director. The director could create advisory work groups to advise and assist him or her in accomplishing the bill's objectives.
