Sec. 205. (1) A hiring freeze is imposed on the state classified civil service. This hiring freeze does not apply to internal transfers of classified employees from one position to another within a department.

(2) The state budget director shall grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause loss of revenue to the state, result in the inability of the state to receive federal funds, or would necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report quarterly to the chairpersons of the senate and house standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous quarter and the reasons to justify the exception.

Sec. 206. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed \$200,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 207. At least 60 days before beginning any effort to privatize, the department shall submit a complete project plan to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. The evaluation shall be completed and submitted to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies within 30 months.

Sec. 208. Unless otherwise specified, the department shall use the Internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on the Internet or an Intranet site. On an annual basis, the department shall provide a cumulative listing of the reports to the house and senate appropriations subcommittees, house and senate fiscal agencies, and policy offices.

Sec. 209. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and of comparable quality American goods or services, or both, are available.

Sec. 210. The director of each department receiving appropriations in part 1 shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. Each director shall strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services, supplies, or both.

Sec. 211. The department may receive and expend advances or reimbursements from the department of state police for the administration of the individual and family grant disaster assistance program. An account shall be established in the department for this purpose when a disaster is declared. The authorization and allotment for the account shall be in the amount advanced or reimbursed from the department of state police.

Sec. 212. In addition to funds appropriated in part 1 for all programs and services, there is appropriated for write-offs of accounts receivable, deferrals, and for prior year obligations in excess of applicable prior year appropriations, an amount equal to total write-offs and prior year obligations, but not to exceed amounts available in prior year revenues or current year revenues that are in excess of the authorized amount.

Sec. 213. (1) The department may retain all of the state's share of food assistance overissuance collections as an offset to general fund/general purpose costs. Retained collections shall be applied against federal funds deductions in all appropriation units where department costs related to the investigation and recoupment of food assistance overissuances are incurred. Retained collections in excess of such costs shall be applied against the federal funds deducted in the executive operations appropriation unit.

(2) The department shall report to the legislature during the senate and house budget hearings on the status of the food stamp error rate. The report shall include at least all of the following:

The report shall include a listing, by account, dollar amount, and fund source, of salaries and wages; longevity and insurance; retirement; contractual services, supplies, and materials; equipment; travel; and grants within each program line item appropriated for the fiscal year ending September 30, 2003.

(2) On a bimonthly basis, the department shall report on the number of FTEs in pay status by type of staff.

Sec. 215. If a legislative objective of this act or the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b, cannot be implemented without loss of federal financial participation because implementation would conflict with or violate federal regulations, the department shall notify the state budget director, the house and senate appropriations committees, and the house and senate fiscal agencies of that fact. Upon receipt of the notification, a joint house and senate committee made up of the members of the house and senate appropriations subcommittees dealing with appropriations for the family independence agency may be appointed to meet with the director of the department to review the substantive, procedural, and legal ramifications of the legislative objective and to develop a plan to attain that legislative objective.

Sec. 218. (1) The department shall prepare a semiannual report on the temporary assistance for needy families (TANF) federal block grant. The report shall include projected expenditures for the current fiscal year, an accounting of any previous year funds carried forward, and a summary of all interdepartmental or interagency agreements relating to the use of TANF funds. The report shall be forwarded to the state budget director and the house and senate appropriations subcommittees on the family independence agency budget, the house and senate fiscal agencies, and policy offices on or before January 15, 2003 and May 15, 2003.

(2) The state budget director shall give prior written notice to the members of the house and senate appropriations subcommittees for the family independence agency and to the house and senate fiscal agencies of any proposed changes

in utilization or distribution of TANF funding or the distribution of TANF maintenance of effort spending relative to the amounts reflected in the annual appropriations acts of all state agencies where TANF funding is appropriated.

Sec. 220. (1) In contracting with faith-based organizations for mentoring or supportive services, and in all contracts for services, the department shall ensure that no funds provided directly to institutions or organizations to provide services and administer programs shall be used or expended for any sectarian activity, including sectarian worship, instruction, or proselytization.

(2) If an individual requests the service and has an objection to the religious character of the institution or organization from which the individual receives or would receive services or assistance, the department shall provide the individual within a reasonable time after the date of the objection with assistance or services and which are substantially the same as the service the individual would have received from the organization.

(3) Notwithstanding subsections (1) and (2), the department shall cooperate with faith-based organizations so that they are able to compete on the same basis as any other private organization for contracts to provide services to recipients of department services, including, but not limited to, mentoring or supportive services. The department shall not discriminate against an organization that applies to become a contractor on the basis that the organization has a religious character.

(4) The department shall follow guidelines related to faith-based involvement established in section 104 of title I of the personal responsibility and work opportunity reconciliation act of 1996, Public Law 104-193, 42 U.S.C. 604a.

(2) The family independence agency shall analyze the efficacy of centralized monthly processing of Medicaid spend-down paperwork for clients whose monthly income amount is stable. The department shall present the findings of the analysis to the senate and house appropriations subcommittees on the family independence agency, during budget deliberations, and distribute the findings to the senate and house standing committees on human services matters, senate and house fiscal agencies, and policy offices.

Sec. 227. The family independence agency, with the approval of the state budget director, is authorized to realign sources of financing authorizations in order to maximize temporary assistance for needy families' maintenance of effort countable expenditures. This realignment of financing shall not be made until 15 days after notifying the chairs of the house and senate appropriations subcommittees on the family independence agency and house and senate fiscal agencies, and shall not produce an increase or decrease in any line-item expenditure authorization.

Sec. 259. (1) From the funds appropriated in part 1 for information technology, the department shall pay user fees to the department of information technology for technology-related services and projects. User fees shall be subject to provisions of an interagency agreement between the department and the department of information technology.

(2) By October 15, 2002, the family independence agency shall report on the interagency agreement with the department of information technology to the house and senate appropriations subcommittees for the family independence agency budget, house and senate fiscal agencies, and policy offices. (4) As used in this section, "base services" means all services to be supplied by the department of information technology that are to be purchased by the family independence agency under the provisions of the interagency agreement.

Sec. 260. Amounts appropriated in part 1 for information technology may be designated as work projects and carried forward to support technology projects under the direction of the department of information technology. Funds designated in this manner are not available for expenditure until approved as work projects under section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a.

Sec. 261. The department shall consult with the house and senate appropriations subcommittees on the family independence agency regarding the planned restructuring of local offices in response to 2002 PA 93. Issues to be covered shall include service delivery structure, facility needs, and administrative support. Any plan presented shall ensure that the department provides a presence and services in every county.

FAMILY INDEPENDENCE SERVICES ADMINISTRATION

Sec. 401. (1) From the federal money received for child support incentive payments, up to \$10,415,700.00 shall be retained by the state and expended for legal support contracts and child support program expenses.

(2) In addition to the amount retained in subsection (1), additional incentives may be retained and used by the state for special, enhanced, or centralized initiatives or services that are reasonably calculated by the department, in consultation with the state court administrative office and the state budget office, to result in an equivalent or greater increase in child support collections or child support incentive payments received from the federal government. If payment from the federal government for collection performance incentives exceeds the amount received by the state for the fiscal year 2000, the amount in excess for the fiscal year 2000 payment shall be apportioned to the counties and the state in the same proportion as the base amount.

(3) At the end of the current fiscal year, the department may, when it is cost beneficial to the state and counties, withhold from submitting to the federal office of child support administrative expenses eligible for federal financial participation. The department may recoup earned but unclaimed federal funds from the resulting increased federal child support incentive. The recoupment by the department shall be made prior to distribution of the increased incentive to the counties. Any incentive funds retained by the state under this section shall be separate and apart from incentive funds retained in any other section of this act.

(4) A county shall not be penalized due to the failure to comply with federal child support enforcement system requirements if the department determines that all of the following conditions are met:

(a) The county, friend of the court, and the department have a written agreement that outlines the county's commitment to participate in the system.

Sec. 404. The department is authorized to make allocations of TANF funds only to the agency if that agency reports necessary data to the department for the purpose of meeting TANF eligibility reporting requirements. The use of TANF funds under this section should not be considered an ongoing commitment of funding.

Sec. 412. If title IV-D-related child support collections are escheated, the state budget director is authorized to adjust the sources of financing for the funds appropriated in part 1 for legal support contracts to reduce federal authorization by 66% of the escheated amount and increase general fund/general purpose authorization by the same amount. This budget adjustment is required to offset the loss of federal revenue due to the escheated amount being counted as title IV-D program income in accordance with federal regulations at 45 C.F.R. 304.50.

Sec. 413. (1) In addition to the funds appropriated in part 1, there is hereby appropriated up to \$28,785,700.00. This appropriation is contingent upon the receipt of a refund from the federal government related to penalties previously imposed for the child support enforcement system and upon certification from the state budget director that the funds are available for expenditure. Of this amount, up to: \$2,700,000.00 may be used to continue before- or after-school programs; \$8,785,700.00 may be used for the child support enforcement system; \$4,300,000.00 may be used for the family independence program school clothing allowance; \$650,000.00 may be used to supplement community services block grant funding for community action agencies; \$500,000.00 may be used to support a fatherhood initiative; \$4,300,000.00

(2) The funds appropriated in subsection (1) shall be considered 1-time authority.

Sec. 414. (1) Of the funds appropriated in part 1 for community services block grants, \$2,350,000.00 represents TANF funding earmarked for community action agencies.

(2) From the funds appropriated in part 1 for community services block grants, the department is authorized to make allocations of TANF funds only to the community action agencies that report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements. The use of TANF funds under this section should not be considered an ongoing commitment of funding.

Sec. 415. (1) From the funds appropriated in part 1 for employment and training support services, the family independence agency shall expend up to \$500,000.00 in TANF to fund a fatherhood initiative. The department may choose providers that will work with counties to help eligible fathers under TANF guidelines to acquire skills that will enable them to increase their responsible behavior toward their children and the mothers of their children. An increase of financial support for their children should be a very high priority as well as emotional support. Program components may include, but are not limited to, parental guidance, infant care, food preparation, effective communication, anger management, children's financial support, respect, drug-free lifestyle, and referrals to employment services.

(2) The providers will measure outcomes as agreed upon by the department and based on required TANF reporting guidelines.

The department may invoice the state agency for shared costs of a joint project in an amount authorized by the state agency, and the state child abuse and neglect prevention board may receive and expend funds for shared costs of a joint project in addition to those authorized by part 1.

(3) From the funds appropriated in part 1 for children's trust fund, the department may utilize interest and investment revenue from the current fiscal year only for programs, administration, services, or all sanctioned by the child abuse and neglect prevention board.

Sec. 509. (1) From the funds appropriated in part 1, the department shall not expend funds to preserve or reunite a family, unless there is a court order requiring the preservation or reuniting of the family or the court denies the petition, if either of the following would result:

Sec. 510. The department shall not be required to put up for bids contracts with service providers if currently only 1 provider in the service area exists.

Sec. 513. The department shall not expend funds appropriated in part 1 to pay for the placement of a child in an out-of-state facility unless all of the following conditions are met:

(a) There is no appropriate placement available in this state.

(b) The out-of-state facility meets all of the licensing standards of this state for a comparable facility.

(c) The out-of-state facility meets all of the applicable licensing standards of the state in which it is located.

The department shall work with the multipurpose collaborative bodies to address high out-of-home placement rates and through collaboration arrange a reward plan, penalty plan, or both, to achieve less child out-of-home placements, including placements for adjudicated youth in residential treatment programs.

(2) In order to maintain this level of funding, the department may use up to \$8,000,000.00 in TANF funds provided that the local multipurpose collaborative bodies submit data to the department that will enable the department to document potential federal claimable expenditures.

The legislature recognizes the commitment of relatives to provide family continuity, nurturance, and care for this special population of children who can no longer remain in their parents' care due to abuse, neglect, or other social problems.

Sec. 523. (1) From the funds appropriated in part 1 for youth in transition, domestic violence prevention and treatment, and teenage parent counseling, the department is authorized to make allocations of TANF funds only to the agencies that report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements. Sec. 532. The family independence agency, in collaboration with the department of consumer and industry services and representatives of the Michigan federation of private child and family agencies, shall review policies, practices, and

procedures involving the annual licensing review conducted by the department of consumer and industry services and the annual contract compliance review conducted by the department regarding child placing agencies and child caring institutions. The review shall include efforts to identify duplication of staff activities and information sought from child placing agencies and child caring institutions in the annual review process. The department shall report on its findings, conclusions, and any actions taken to ensure the maximum feasible coordination and efficiency in conducting these reviews. The report shall be presented to the senate and house appropriations subcommittees on the family independence agency and the department of consumer and industry services, the senate and house fiscal agencies, and the senate and house policy offices by April 1, 2003.

Sec. 533. The family independence agency shall make payments to private nonprofit child placing facilities for title IV-E out-of-home care services within 30 days of receiving all necessary documentation from those agencies.

Sec. 534. Funding not distributed from the teen pregnancy prevention pilot performance bonus may be used to support teen pregnancy prevention programs in the city of Pontiac.

Sec. 535. It is the intent of the legislature that the department shall review the merits of increasing the per month guardianship fee.

Sec. 539. The family independence agency shall work in collaboration with representatives from private nonprofit child placing agencies to ensure appropriate placement for children who have been adjudicated abused, neglected, or delinquent and for whom residential treatment is required. The department and the representatives from the private nonprofit child placing agencies shall focus on statewide placement criteria to address the best interest of the child in need of services.

PUBLIC ASSISTANCE

Sec. 601. (1) The department may terminate a vendor payment for shelter upon written notice from the appropriate local unit of government that a recipient's rental unit is not in compliance with applicable local housing codes or when the landlord is delinquent on property tax payments. A landlord shall be considered to be in compliance with local housing codes when the department receives from the landlord a signed statement stating that the rental unit is in compliance with local housing codes and that statement is not contradicted by the recipient and the local housing authority. The department shall terminate vendor payments if a taxing authority notifies the department that taxes are delinquent.

(2) Whenever a client agrees to the release of his or her name and address to the local housing authority, the department shall request from the local housing authority information regarding whether the housing unit for which vendoring has been requested meets applicable local housing codes. Vendoring shall be terminated for those units that the local authority indicates in writing do not meet local housing codes until such time as the local authority indicates in writing that local housing codes have been met.

(3) In order to participate in the rent vendoring programs of the department, a landlord shall cooperate in weatherization and conservation efforts directed by the department or by an energy provider participating in an agreement with the department when the landlord's property has been identified as needing services.

Sec. 603. (1) The department, as it determines is appropriate, shall enter into agreements with energy providers by which cash assistance recipients and the energy providers agree to permit the department to make direct payments to the energy providers on behalf of the recipient. The payments may include heat and electric payment requirements from recipient grants and amounts in excess of the payment requirements.

(2) The department shall establish caps for natural gas, wood, electric heat service, deliverable fuel heat services, and for electric service based on available federal funds.

(3) The department shall negotiate with positive billing utility companies to develop extended payment plans. Such plans shall allow clients who terminate from positive billing due to increased income to make monthly payments in order to gradually liquidate utility arrears.

(4) It is the intent of the legislature that the department review and adjust the standard utility allowance for the state food assistance program to ensure that it reflects current energy costs in the state.

Sec. 604. (1) The department shall operate a state disability assistance program. Except as provided in subsection (3), persons eligible for this program shall include needy citizens of the United States or aliens exempted from the supplemental security income citizenship requirement who are at least 18 years of age or emancipated minors meeting 1 or more of the following requirements:

(a) A recipient of supplemental security income, social security, or medical assistance due to disability or 65 years of age or older.

(b) A person with a physical or mental impairment which meets federal supplemental security income disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

(c) A resident of an adult foster care facility, a home for the aged, a county infirmary, or a substance abuse treatment center.

(d) A person receiving 30-day postresidential substance abuse treatment.

(e) A person diagnosed as having acquired immunodeficiency syndrome.

(b) Have a monthly budgetable income that is less than the payment standards.

(3) Except for a person described in subsection (1)(c) or (d), a person is not disabled for purposes of this section if his or her drug addiction or alcoholism is a contributing factor material to the determination of disability. "Material to the determination of disability" means that, if the person stopped using drugs or alcohol, his or her remaining physical or mental limitations would not be disabling. If his or her remaining physical or mental limitations would be disabling, then the drug addiction or alcoholism is not material to the determination of disability and the person may receive state disability assistance. Such a person must actively participate in a substance abuse treatment program, and the assistance must be paid to a third party or through vendor payments. For purposes of this section, substance abuse treatment includes receipt of inpatient or outpatient services or participation in alcoholics anonymous or a similar program.

(4) A refugee or asylee who loses his or her eligibility for the federal supplemental security income program by virtue of exceeding the maximum time limit for eligibility as delineated in section 402 of title IV of the personal responsibility and work opportunity reconciliation act of 1996, Public Law 104-193, 8 U.S.C. 1612, and who otherwise meets the eligibility criteria under this section shall be eligible to receive benefits under the state disability assistance program.

Sec. 605. The level of reimbursement provided to state disability assistance recipients in licensed adult foster care facilities shall be the same as the prevailing supplemental security income rate under the personal care category.

Sec. 606. County family independence agencies shall require each recipient of state disability assistance who has applied with the social security administration for supplemental security income to sign a contract to repay any assistance rendered through the state disability assistance program upon receipt of retroactive supplemental security income benefits.

Sec. 607. The department's ability to satisfy appropriation deductions in part 1 for state disability assistance/supplemental security income recoveries and public assistance recoupment revenues shall not be limited to recoveries and accruals pertaining to state disability assistance, or family independence assistance grant payments provided only in the current fiscal year, but shall include all related net recoveries received during the current fiscal year.

Sec. 608. Adult foster care facilities providing domiciliary care or personal care to residents receiving supplemental security income or homes for the aged serving residents receiving supplemental security income shall not require those residents to reimburse the home or facility for care at rates in excess of those legislatively authorized. To the extent permitted by federal law, adult foster care facilities and homes for the aged serving residents receiving supplemental security income shall not be prohibited from accepting third-party payments in addition to supplemental security

income provided that the payments are not for food, clothing, shelter, or result in a reduction in the recipient's supplemental security income payment.
