24 to 18.1594.

25 Sec. 502. A statement of a proposed facility's operating cost

1 shall be included with the facility's program statement and
2 planning documents when the plans are presented to JCOS for
3 approval.

4 Sec. 503. (1) Before proceeding with final planning and
5 construction for projects at community colleges and universities
6 included in an appropriations bill, the community college or
7 university shall sign an agreement with the department that
8 includes the following provisions:

9 (a) The university or community college agrees to construct
10 the project within the total authorized cost established by the
11 legislature pursuant to the management and budget act, 1984 PA 431,
12 MCL 18.1101 to 18.1594, and an appropriations act.

13 (b) The design and program scope of the project shall not
14 deviate from the design and program scope represented in the
15 program statement and preliminary planning documents approved by
16 the department.

17 (c) Any other items as identified by the department that are
18 necessary to complete the project.

19 (2) The department retains the authority and responsibility
20 normally associated with the prudent maintenance of the public's
21 financial and policy interests relative to the state-financed
22 construction projects managed by a community college or university.

23 Sec. 504. (1) The department shall provide JCOS and the fiscal
24 agencies with reports as considered necessary relative to the
25 status of each planning or construction project financed by the
26 state building authority, by this act, or by previous acts.

27 (2) Before the end of each fiscal year, the department shall

1 report to JCOS and the fiscal agencies for each capital outlay
2 project other than lump sums all of the following:

- 3 (a) The account number and name of each construction project.
- 4 (b) The balance remaining in each account.
- 5 (c) The date of the last expenditure from the account.

- 24 (4) As used in this section, "project" includes appropriation

27 in a public act that was not reviewed by JCOS during the

1 legislative process, the director shall notify JCOS of an
2 expenditure of that capital outlay appropriation not less than 60
3 days before the expenditure.

4 (2) For the purposes of this section, "capital outlay
5 appropriation" means an appropriation that provides for the
6 construction, renovation, or repair of a capital facility or
7 acquisition or development of land and that is normally reviewed by
8 JCOS.

9 Sec. 506. A state agency, college, or university shall take
10 steps necessary to make available federal and other money indicated
11 in this act, to make available federal or other money that may
12 become available for the purposes for which appropriations are made
13 in this act, and to use any part or all of the appropriations to
14 meet matching requirements that are considered to be in the best
15 interest of this state. However, the purpose, scope, and total
16 estimated cost of a project shall not be altered to meet the
17 matching requirements.

18 Sec. 507. (1) Before money is released for the construction or
19 lease of a capital outlay project costing over \$1,000,000.00, at
20 the request of JCOS the department shall submit to JCOS, with
21 preliminary planning documents, a detailed comparative cost
22 analysis. The cost analysis shall include a comparison of the
23 financial and other benefits of construction, financing, operation,
24 and maintenance of the proposed facility between all of the
25 following:

26 (a) The state.

27 (b) The private sector.

1 (c) A combination of the state and the private sector.

2 (d) A lease agreement.

3 (2) If the department's recommendation for financing is
4 inconsistent with the findings of the comparative cost analysis,
5 the department shall present written documentation to JCOS
6 outlining the rationale for the recommendation.

7 (3) For purposes of this section, "capital outlay project"
8 means a construction project or lease requiring JCOS approval
9 including, but not limited to, a general office facility, special
10 use facility, warehouse, institutional facility, or utility system
11 designed for use by a state agency or university. Capital outlay
12 project does not include a special maintenance and remodeling
13 project, grant-in-aid project, prison facility, legislative
14 facility, judicial facility, community college facility, or self-
15 liquidating project constructed by a university.

16 Sec. 508. Pursuant to section 242(2) of the management and
17 budget act, 1984 PA 431, MCL 18.1242, the department shall submit
18 5-year capital outlay plans and capital outlay priority requests
19 developed by state agencies (and as approved by the department of
20 management and budget), universities, and community colleges to the
21 chairperson and ranking vice-chairperson of JCOS and the fiscal
22 agencies upon the release of the executive budget recommendation.

23 USE AND FINANCE STATEMENTS

24 Sec. 601. (1) A university or community college shall not let
25 a contract for new construction of a self-funded project estimated
26 to cost more than \$1,000,000.00 unless the project is authorized by

JCOS through approval of a use and financing statement defined by a policy adopted by JCOS. If the project results in, or is funded by, a direct surcharge or increase in tuition, fees, special assessment, or other mandatory charge, then a use and finance statement is required regardless of cost. The request for legislative authorization shall be initially submitted for review to JCOS, the fiscal agencies, and the department. The use and financing statement for a nonstate-funded project shall contain the estimated total construction cost and all associated estimated operating costs including a statement of anticipated project revenues. As used in this section, "new construction" includes land or property acquisition, remodeling and additions, and maintenance projects, roads, landscaping, equipment, telecommunications, utilities, and parking lots. Certificate of need forms may be submitted in lieu of a use and finance form where applicable.

(2) When health or safety concerns warrant, a project may be completed without prior approval of a use and finance statement. However, timely submission of a use and finance statement as soon as possible after the event is expected.

(3) A project that is constructed in violation of this section shall not receive state appropriations for purposes of operating the project, or support for future infrastructure enhancements that are necessitated, in part or in total, by construction of the project. In addition, the violation shall result in the loss of any state capital outlay funding for the institution for 2 years, and a prohibition of doing self-funded projects of any kind, except for emergencies where health or safety concerns warrant, for 1 year.

1 (4) A state agency, including the department of military
2 affairs, shall not let a contract, including those for a direct
3 federally-funded capital outlay construction or major maintenance
4 or remodeling project if the total project is estimated to cost
5 more than \$1,000,000.00 and is to be constructed on state-owned
6 lands, unless the project is approved by the department and by JCOS
7 through approval of a use and financing statement defined by a
8 policy adopted by JCOS, unless the project is otherwise
9 appropriated in a capital outlay appropriations bill. For projects
10 not appropriated in a capital outlay appropriations bill that are
11 over \$1,000,000.00, the state agency shall submit a use and
12 financing statement as required for community colleges and
13 universities in subsection (1). As used in this subsection, "direct
14 federally-funded" refers to a project for which federal payments
15 are made directly to the construction vendor and not to the state
16 of Michigan.

17 (5) A public body corporate created under section 28 of
18 article VII of the state constitution of 1963 and the urban
19 cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to
20 124.512, by a contractual interlocal agreement between local
21 participating economic development corporations formed under the
22 economic development corporations act, 1974 PA 338, MCL 125.1601 to
23 125.1636, and the Michigan strategic fund shall not let a contract
24 for new construction estimated to cost more than \$1,000,000.00
25 unless the project is authorized by JCOS through the approval of a
26 use and financing statement defined by a policy adopted by JCOS.
27 For purposes of this subsection, the use and financing statement

1 for a project shall contain the estimated total construction cost
2 and all associated estimated operating costs. As used in this
3 subsection, "new construction" means land or property acquisition,
4 remodeling or additions, lease or lease purchase, and maintenance
5 projects for the corporate office of the public body corporate
6 described in this subsection.

7 (6) The chair of JCOS shall annually transmit to each
8 community college and public university the current requirements
9 and guidelines for the submission of use and finance statements.

10 **LUMP SUMS AND SPECIAL MAINTENANCE**

11 Sec. 701. (1) The director shall allocate lump-sum
12 appropriations made in this act for remodeling and addition,
13 special maintenance, major special maintenance, energy
14 conservation, demolition, ICF/MR, air-conditioning, and fire
15 protection projects. The director shall allocate other lump sums in
16 order of program priority and need of the various state agencies or
17 as otherwise based on actual building inspection reports by
18 regulatory agencies.

19 (2) The state budget director may authorize that funds
20 appropriated for lump-sum special maintenance shall be available
21 for no more than 2 fiscal years following the fiscal year in which
22 the original appropriation was made. Any remaining balance from
23 allocations made in this section shall lapse to the fund from which
24 it was appropriated pursuant to the lapsing of funds as provided in
25 the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

26 (3) Before the end of each fiscal year, the department shall

1 submit a report to JCOS and the fiscal agencies indicating the
2 total cost and status of all lump-sum projects funded under this
3 act and any previous act that have been designated as proposed,
4 designed, bid, under construction, or completed within the current
5 fiscal year.

6 Sec. 702. (1) A state agency shall provide notification to
7 JCOS prior to commencing a demolition project not authorized by
8 law. The demolition project may be disapproved by JCOS within 30
9 days after the date of notification, and if disapproved within that
10 time, the demolition project shall not be authorized. The
11 notification to JCOS shall identify the building or facility to be
12 demolished and its location, the estimated cost of the demolition
13 project, estimated project schedule, and the source of financing.

14 (2) The 30-day disapproval period does not apply to any
15 notifications submitted during a period when the legislature will
16 not be in session for 15 days or more. In these situations, the 30-
17 day disapproval period begins on the first scheduled session day.

18 Sec. 703. Pursuant to department policy, state agencies may
19 expend not more than \$600,000.00 from their operating budget for
20 special maintenance, remodeling, additions, or other capital outlay
21 purposes, unless specifically authorized by the legislature, for
22 those purposes.

23 Sec. 704. (1) The funds appropriated in part 1 for state
24 facility preservation projects phase II shall be used to fund the
25 remaining priorities previously funded under section 206 of 2005 PA
26 10, but not completed.

27 (2) Each calendar quarter, the department shall submit to the

1 members of JCOS a report detailing the contracts awarded in the
2 previous quarter and any anticipated contracts to be awarded in the
3 immediately succeeding quarter for the projects described in
4 subsection (1).

5 **COLLEGES AND UNIVERSITIES**

6 Sec. 801. (1) This section applies only to projects for
7 community colleges.

8 (2) State support is directed towards the remodeling and
9 additions, special maintenance, or construction of certain
10 community college buildings. The community college shall obtain or
11 provide for site acquisition and initial main utility installation
12 to operate the facility. Funding shall be comprised of local and
13 state shares, and the state share shall include 50% of any federal
14 money awarded for projects appropriated in this act. Not more than
15 50% of a capital outlay project, not including a lump-sum special
16 maintenance project or remodeling and addition project, for a
17 community college shall be appropriated from state and federal
18 funds, unless otherwise appropriated by the legislature.

19 (3) An expenditure under this act is authorized when the
20 release of the appropriation is approved by the board upon the
21 recommendation of the director. The director may recommend to the
22 board the release of any appropriation in part 1 only after the
23 director is assured that the legal entity operating the community
24 college to which the appropriation is made has complied with this
25 act and has matched the amounts appropriated as required by this
26 act. A release of funds in part 1 shall not exceed 50% of the total
