PART 2

PROVISIONS CONCERNING APPROPRIATIONS

GENERAL SECTIONS

Sec. 201. (1) Pursuant to section 30 of article IX of the state constitution of 1963, total state spending under part 1 for fiscal year 2004-05 is \$279,149,900.00. State payments to local units of government under part 1 are \$46,375,200.00. The itemized statement below identifies appropriations from which spending to local units of government will occur:

CAPITAL OUTLAY

Department of agriculture - farmland and open space preservation.....	\$ 2,500,000
Department of natural resources - waterways	\$ 4,800,000
Department of natural resources - trust fund grant-in-aid	\$ 14,419,000
Department of transportation - salt storage buildings.....	\$ 1,900,000
Department of transportation - state aeronautics program	\$ 19,256,200

DEPARTMENT OF EDUCATION

Community service state grants.....	\$ 1,750,000
-------------------------------------	--------------

DEPARTMENT OF ENVIRONMENTAL QUALITY

Scrap tire grants.....	\$ 1,750,000
TOTAL	<u>\$ 46,375,200</u>

Sec. 202. The appropriations made and the expenditures authorized under this part and the departments, agencies, commissions, boards, offices, and programs for which an appropriation is made under part 1 are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

CAPITAL OUTLAY GENERAL SECTIONS

Sec. 401. If it appears to the principal executive officer of a department or branch that state spending to local units of government will be less than the amount that was projected to be expended under this act, the principal executive officer shall immediately give notice of the approximate shortfall to the state budget director.

Sec. 402. As used in sections 401 to 481:

- (a) "ADA" means the Americans with disabilities act.
- (b) "Board" means the state administrative board.
- (c) "Community college" does not include a state agency or university.
- (d) "Department" means the department of management and budget.
- (e) "Director" means the director of the department of management and budget.
- (f) "DAG" means the United States department of agriculture.
- (g) "DOD" means the United States department of defense.
- (h) "DOI" means the United States department of interior.

- (i) "DOT" means the United States department of transportation.
- (j) "Fiscal agencies" means the senate fiscal agency and the house fiscal agency.
- (k) "HHS-HCFA" means the United States department of health and human services, health care financing administration.
- (l) "ICF/MR" means intermediate care facilities for the mentally retarded.
- (m) "IDG" means interdepartmental grant.
- (n) "JCOS" means the joint capital outlay subcommittee of the appropriations committees.
- (o) "MDOT" means the Michigan department of transportation.
- (p) "Self-liquidating project" means a project constructed by a community college or university with money raised through the use of a debt instrument or other fund sources including, but not limited to, gifts, grants, federal funds, or institutional sources, that is expected to generate revenues to amortize the loan. A self-liquidating project may or may not be a self-supporting project. Examples of a self-liquidating project include dormitories, parking facilities, and stadia.
- (q) "Self-supporting project" means a project of a community college or university that will house a function or activity from which revenue is generated that will cover all the direct and indirect operating costs of the project without the additional transfer of any other general fund money of the community college or university.
- (r) "State agency" means an agency of state government. State agency does not include a community college or university.
- (s) "State building authority" means the authority created under 1964 PA 183, MCL 830.411 to 830.425.
- (t) "University" means a 4-year university supported by the state. University does not include a community college or a state agency.
- (u) "Utility system" means a utility supply or distribution system, or a combination utility supply and distribution system.

Sec. 403. Funds appropriated in part 1 shall not be used for the purchase of non-Michigan goods or services, or both, if competitively priced and of comparable quality Michigan goods or services, or both, are available.

Sec. 404. Unless otherwise specified, departments and agencies receiving appropriations in part 1 shall use the Internet to fulfill the reporting requirements of this act. This requirement may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on an Internet or Intranet site.

DEPARTMENT OF AGRICULTURE

Sec. 410. Of the amounts appropriated in part 1 for farmland and open space development acquisition, the funds shall be used for the purchase of development rights and the awarding of grants by the agriculture preservation fund board under the natural resources and environmental protection act, 1994 PA 451, MCL 324.101 to 324.90106.

DEPARTMENT OF CORRECTIONS

Sec. 415. A maximum security prison that is constructed or completed after October 1, 1986 shall have operating staffed watchtowers equipped with the weaponry, lighting, sighting, and communications devices necessary for effective execution of its function. The watchtowers shall be constructed pursuant to the American correctional association standards for watchtowers.

Sec. 416. (1) An appropriation and authorization contained in this act or a previous appropriations act for the construction of a new correctional facility, including a correctional camp, for which a specific site was not identified with the appropriation shall not be expended until approved by JCOS.

(2) For the purposes of this section, "site" means a city, village, township, or county in which a correctional facility may be located.

CAPITAL OUTLAY PROCESSES, PROCEDURES, AND REPORTS

Sec. 420. Each capital outlay project authorized in this act or any previous capital outlay act shall comply with the procedures required by the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 421. A statement of a proposed facility's operating cost shall be included with the facility's program statement and planning documents when the plans are presented to JCOS for approval.

Sec. 422. (1) Before proceeding with final planning and construction for projects at community colleges and universities included in an appropriations bill, the community college or university shall sign an agreement with the department that includes the following provisions:

(a) The university or community college agrees to construct the project within the total authorized cost established by the legislature pursuant to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594, and an appropriations act.

(b) The design and program scope of the project shall not deviate from the design and program scope represented in the program statement and preliminary planning documents approved by the department.

(c) Any other items as identified by the department that are necessary to complete the project.

(2) The department retains the authority and responsibility normally associated with the prudent maintenance of the public's financial and policy interests relative to the state-financed construction projects managed by a community college or university.

Sec. 423. (1) The department shall provide JCOS and the fiscal agencies with reports as considered necessary relative to the status of each planning or construction project financed by the state building authority, by this act, or by previous acts.

(2) Before the end of each fiscal year, the department shall report to JCOS and the fiscal agencies for each capital outlay project other than lump sums all of the following:

(a) The account number and name of each construction project.

(b) The balance remaining in each account.

(c) The date of the last expenditure from the account.

(d) The anticipated date of occupancy if the project is under construction.

(e) The appropriations history for the project.

(f) The professional service contractor.

(g) The amount of a project financed with federal funds.

(h) The amount of a project financed through the state building authority.

(i) The total authorized cost for the project and the state authorized share if different than the total.

(3) Before the end of each fiscal year, the department shall report the following for each project by a state agency, university, or community college that is authorized for planning but is not yet authorized for construction:

(a) The name of the project and account number.

(b) Whether a program statement is approved.

(c) Whether schematics are approved by the department.

(d) Whether preliminary plans are approved by the department.

(e) The name of the professional service contractor.

(4) As used in this section, "project" includes appropriation line items made for purchase of real estate.

Sec. 424. (1) If a capital outlay appropriation is contained in a public act that was not reviewed by JCOS during the legislative process, the director shall notify JCOS of an expenditure of that capital outlay appropriation not less than 60 days before the expenditure.

(2) For the purposes of this section, "capital outlay appropriation" means an appropriation that provides for the construction, renovation, or repair of a capital facility or acquisition or development of land and that is normally reviewed by JCOS.

Sec. 425. A state agency, college, or university shall take steps necessary to make available federal and other money indicated in this act, to make available federal or other money that may become available for the purposes for which appropriations are made in this act, and to use any part or all of the appropriations to meet matching requirements that are considered to be in the best interest of this state. However, the purpose, scope, and total estimated cost of a project shall not be altered to meet the matching requirements.

Sec. 426. (1) Before money is released for the construction or lease of a capital outlay project costing over \$1,000,000.00, at the request of JCOS the department shall submit to JCOS, with preliminary planning documents, a

detailed comparative cost analysis. The cost analysis shall include a comparison of the financial and other benefits of construction, financing, operation, and maintenance of the proposed facility between all of the following:

- (a) The state.
- (b) The private sector.
- (c) A combination of the state and the private sector.
- (d) A lease agreement.

(2) If the department's recommendation for financing is inconsistent with the findings of the comparative cost analysis, the department shall present written documentation to JCOS outlining the rationale for the recommendation.

(3) For purposes of this section, "capital outlay project" means a construction project or lease requiring JCOS approval including, but not limited to, a general office facility, special use facility, warehouse, institutional facility, or utility system designed for use by a state agency or university. Capital outlay project does not include a special maintenance and remodeling project, grant-in-aid project, prison facility, legislative facility, judicial facility, community college facility, or self-liquidating project constructed by a university.

Sec. 427. Pursuant to section 242(2) of the management and budget act, 1984 PA 431, MCL 18.1242, the department shall submit 5-year capital outlay plans and capital outlay priority requests developed by state agencies (and as approved by the department of management and budget), universities, and community colleges to the chairperson and ranking vice-chairperson of JCOS and the fiscal agencies upon the release of the executive budget recommendation.

USE AND FINANCE STATEMENTS

Sec. 430. (1) A university or community college shall not let a contract for new construction of a self-funded project estimated to cost more than \$1,000,000.00 unless the project is authorized by JCOS through approval of a use and financing statement defined by a policy adopted by JCOS. If the project results in, or is funded by, a direct surcharge or increase in tuition, fees, special assessment, or other mandatory charge, then a use and finance statement is required regardless of cost. The request for legislative authorization shall be initially submitted for review to JCOS, the fiscal agencies, and the department. The use and financing statement for a nonstate-funded project shall contain the estimated total construction cost and all associated estimated operating costs including a statement of anticipated project revenues. As used in this section, "new construction" includes land or property acquisition, remodeling and additions, and maintenance projects, roads, landscaping, equipment, telecommunications, utilities, and parking lots. Certificate of need forms may be submitted in lieu of a use and finance form where applicable.

(2) When health or safety concerns warrant, a project may be completed without prior approval of a use and finance statement. However, timely submission of a use and finance statement as soon as possible after the event is expected.

(3) A project that is constructed in violation of this section shall not receive state appropriations for purposes of operating the project, or support for future infrastructure enhancements that are necessitated, in part or in total, by construction of the project. In addition, the violation shall result in the loss of any state capital outlay funding for the institution for 2 years, and a prohibition of doing self-funded projects of any kind, except for emergencies where health or safety concerns warrant, for 1 year.

(4) A state agency, including the department of military affairs, shall not let a contract, including those for a direct federally-funded capital outlay construction or major maintenance or remodeling project if the total project is estimated to cost more than \$1,000,000.00 and is to be constructed on state-owned lands, unless the project is approved by the department and by JCOS through approval of a use and financing statement defined by a policy adopted by JCOS. For projects over \$1,000,000.00, the state agency shall submit a use and financing statement as required for community colleges and universities in subsection (1). As used in this subsection, "direct federally-funded" refers to a project for which federal payments are made directly to the construction vendor and not to the state of Michigan.

(5) A public body corporate created under section 28 of article VII of the state constitution of 1963 and the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512, by a contractual interlocal agreement between local participating economic development corporations formed under the economic development corporations act, 1974 PA 338, MCL 125.1601 to 125.1636, and the Michigan strategic fund shall not let a contract for new construction estimated to cost more than \$1,000,000.00 unless the project is authorized by JCOS through the approval of a use and financing statement defined by a policy adopted by JCOS. For purposes of this subsection, the use and financing statement for a project shall contain the estimated total construction cost and all associated estimated operating costs. As used in this subsection, "new construction" means land or property acquisition, remodeling or additions, lease or lease purchase, and maintenance projects for the corporate office of the public body corporate described in this subsection.

(6) The chair of JCOS shall annually transmit to each community college and public university the current requirements and guidelines for the submission of use and finance statements.

LUMP SUMS AND SPECIAL MAINTENANCE

Sec. 435. (1) The director shall allocate lump-sum appropriations made in this act for remodeling and addition, special maintenance, major special maintenance, energy conservation, demolition, ICF/MR, air-conditioning, and fire protection projects. The director shall allocate other lump sums in order of program priority and need of the various state agencies or as otherwise based on actual building inspection reports by regulatory agencies.

(2) The state budget director may authorize that funds appropriated for lump-sum special maintenance shall be available for no more than 2 fiscal years following the fiscal year in which the original appropriation was made. Any remaining balance from allocations made in this section shall lapse to the fund from which it was appropriated pursuant to the lapsing of funds as provided in the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

(3) Before the end of each fiscal year, the department shall submit a report to JCOS and the fiscal agencies indicating the total cost and status of all lump-sum projects funded under this act and any previous act that have been designated as proposed, designed, bid, under construction, or completed within the current fiscal year.

Sec. 436. (1) A state agency shall provide notification to JCOS prior to commencing a demolition project not authorized by law. The demolition project may be disapproved by JCOS within 30 days after the date of notification, and if disapproved within that time, the demolition project shall not be authorized. The notification to JCOS shall identify the building or facility to be demolished and its location, the estimated cost of the demolition project, estimated project schedule, and the source of financing.

(2) The 30-day disapproval period does not apply to any notifications submitted during a period when the legislature will not be in session for 15 days or more. In these situations, the 30-day disapproval period begins on the first scheduled session day.

Sec. 437. Pursuant to department policy, state agencies may expend not more than \$600,000.00 from their operating budget for special maintenance, remodeling, additions, or other capital outlay purposes, unless specifically authorized by the legislature.

COLLEGES AND UNIVERSITIES

Sec. 440. (1) This section applies only to projects for community colleges.

(2) State support is directed towards the remodeling and additions, special maintenance, or construction of certain community college buildings. The community college shall obtain or provide for site acquisition and initial main utility installation to operate the facility. Funding shall be comprised of local and state shares, and the state share shall include 50% of any federal money awarded for projects appropriated in this act. Not more than 50% of a capital outlay project, not including a lump-sum special maintenance project or remodeling and addition project, for a community college shall be appropriated from state and federal funds, unless otherwise appropriated by the legislature.

(3) An expenditure under this act is authorized when the release of the appropriation is approved by the board upon the recommendation of the director. The director may recommend to the board the release of any appropriation in part 1 only after the director is assured that the legal entity operating the community college to which the appropriation is made has complied with this act and has matched the amounts appropriated as required by this act. A release of funds in part 1 shall not exceed 50% of the total cost of planning and construction of any project, not including lump-sum remodeling and additions and special maintenance, unless otherwise appropriated by the legislature. Further planning and construction of a project authorized by this act or applicable sections of the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594, shall be in accordance with the purpose and scope as defined and delineated in the approved program statements and planning documents. This act is applicable to all projects for which planning appropriations were made in previous acts.

(4) The community college shall take the steps necessary to secure available federal construction and equipment money for projects funded for construction in this act if an application was not previously made. If there is a reasonable expectation that a prior year unfunded application may receive federal money in a subsequent year, the college shall take whatever action necessary to keep the application active. If federal money is received, the state share shall be adjusted accordingly as provided by this act.

Sec. 441. If matching revenues are received in an amount less than the appropriations contained in this act, the state funds of the appropriation shall be reduced in proportion to the amount of matching revenue received.

Sec. 442. (1) The director may require that community colleges and universities that have an authorized project listed in part 1 submit documentation regarding the project match and governing board approval of the authorized project not more than 60 days after the beginning of the fiscal year.

(2) If the documentation required by the director under subsection (1) is not submitted, or does not adequately authenticate the availability of the project match or board approval of the authorized project, the authorization may terminate. The authorization terminates 30 days after the director notifies JCOS of the intent to terminate the project unless JCOS convenes to extend the authorization.

DEPARTMENT OF MANAGEMENT AND BUDGET

Sec. 450. (1) The department shall provide JCOS and the fiscal agencies a report, not more than 15 days after the reporting date, of privately owned leased space by state agencies, by March 31 and September 30 of each year, consisting of the following:

- (a) Department.
- (b) Agency division and leased number.
- (c) Building location (address and city).
- (d) Type of building.
- (e) County.
- (f) Name and address of lessor.
- (g) Square footage and net square footage rate.
- (h) Monthly and annual cost.
- (i) Date lease started and expires.
- (j) Options and services.

(2) The lease report shall be summarized for office space, group homes, and other space for the Lansing area and statewide, excepting the Lansing area.

DEPARTMENT OF MILITARY AND VETERANS AFFAIRS

Sec. 455. The appropriations in part 1 for department of military and veterans affairs design and construction projects are contingent upon the availability of federal and state restricted funds for financing.

Sec. 456. The following department of military and veterans affairs design and construction project is canceled: a total of \$6,700,000.00 appropriated in 2003 PA 193 for design and construction of a new United States property and fiscal office.

DEPARTMENT OF NATURAL RESOURCES

Sec. 460. The appropriation made in this act for the harbors and docks program is for the purpose of participating with the federal government and assisting political entities and subdivisions of this state in the construction and improvement of recreational boating facilities within this state. Subject to the approval of the board, this money shall be allocated by the department of natural resources to the federal government, or to the political entities or local units of government involved in the particular projects. An allocation shall not exceed the state portion as listed with each project description. The department of natural resources shall take the steps necessary to match federal money available for the construction and improvement of recreational boating facilities within this state, and to meet requirements of the federal government.

Sec. 461. Before the end of each fiscal year, the department of natural resources shall report each year to JCOS the status of each project that received an appropriation in any capital outlay act, if the project is either not completed or

has a balance remaining in its account. The report shall be in the same form and contain the information as required under section 404. The report shall be separated into the following areas, by fund sources:

- (a) Waterways projects.
- (b) Urban recreation projects.
- (c) State park projects.
- (d) Wildlife and fisheries projects.
- (e) Other projects.

Sec. 462. The department of natural resources may transfer \$1,000,000.00 from the harbor development fund to the state waterways fund for the purposes appropriated in part 1 of this act.

Sec. 463. The department of natural resources shall require local units of government to enter into agreements with the department for the purpose of administering the natural resources trust fund grants identified in part 1. Among other provisions, the agreements shall require that grant recipients agree to dedicate to public outdoor recreation uses in perpetuity the land acquired or developed; to replace lands converted or lost to other than public outdoor recreation use; and for parcels acquired that are over 5 or more acres in size, to provide the state with a nonparticipating 1/6 minimum royalty interest in any acquired minerals that are retained by the grant recipient. The agreements shall also provide that the full payments of grants can be made only after proof of acquisition, or completion of the development project, is submitted by the grant recipient and all costs are verified by the department of natural resources.

Sec. 464. Any unobligated balance in any natural resources trust fund appropriation made in part 1 shall not revert to the funds from which appropriated at the close of the fiscal year, but shall continue until the purpose for which it was appropriated is completed for a period not to exceed 3 fiscal years. The unexpended balance of any natural resources trust fund appropriation made in part 1 remaining after the purpose for which it was appropriated is completed shall revert to the Michigan natural resources trust fund and be made available for appropriation.

STATE TRANSPORTATION DEPARTMENT

Sec. 470. (1) From federal-state-local project appropriations contained in part 1 for the purpose of assisting political entities and subdivisions of this state in the construction and improvement of publicly used airports and landing fields within this state, the state transportation department may permit the award of contracts on behalf of units of local government for the authorized locations not to exceed the indicated amounts, of which the state allocated portion shall not exceed the amount appropriated in part 1.

(2) Political entities and subdivisions shall provide not less than 2.5% of the cost of any project under this section, unless a total nonfederal share greater than 5% is otherwise specified in federal law. State money shall not be allocated until local money is allocated. State money for any 1 project shall not exceed 1/3 of the total appropriation in part 1 from state funds for airport improvement programs.

(3) The Michigan aeronautics commission may take those steps necessary to match federal money available for airport construction and improvement within this state, and to meet the matching requirements of the federal government. Whether acting alone or jointly with another political subdivision or public agency or with this state, a political subdivision or public agency of this state shall not submit to any agency of the federal government a project application for airport planning or development unless it is authorized in this act and the project application is approved by the governing body of each political subdivision or public agency making the application, and by the Michigan aeronautics commission.

(4) From the appropriations contained in part 1 for airport programs, no funds shall be allocated for any runway extensions, taxiway extensions, or apron extensions at the Detroit-Willow Run airport.

Sec. 471. Before the end of each fiscal year, the state transportation department shall report to JCOS the status of projects funded in part 1 with the estimated dollars allocated for each project. If there has to be a delay in reporting, the state transportation department shall notify JCOS in writing of the date the report will be received.

Sec. 472. (1) A planning project or construction project appropriated for the airport program shall be made available for no more than 2 fiscal years following the fiscal year in which the original appropriation was made.

(2) Any remaining balance from allocations made in this section shall lapse to the fund from which it was appropriated pursuant to the lapsing of funds as provided in the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

MISCELLANEOUS

Sec. 480. (1) Revenue collected from licenses issued under the antenna site management project shall be deposited into the antenna site management revolving fund created for this purpose in the department of information technology. The department may receive and expend funds from the fund for costs associated with the antenna site management project, including the cost of the third-party site manager. Any excess revenue remaining in the fund at the close of the fiscal year shall be proportionately transferred to the appropriate state restricted funds as designated in statute or by constitution.

(2) An antenna shall not be sited pursuant to this section without prior compliance with the respective local zoning codes and local unit of government processes.

Sec. 481. (1) A site preparation economic development fund is hereby created in the department of management and budget. As used in this section, "economic development sites" means those state-owned sites declared as surplus property pursuant to section 251 of the management and budget act, 1984 PA 431, MCL 18.1251, that would provide economic benefit to the area or to the state. The Michigan economic development corporation board and the state budget director shall determine whether or not a specific state-owned site qualifies for inclusion in the fund created under this subsection.

(2) Proceeds from the sale of any sites designated in subsection (1) shall be deposited into the fund created in subsection (1) and shall be available for site preparation expenditures, unless otherwise provided by law. The economic development sites authorized in subsection (1) are hereby authorized for sale consistent with state law. Expenditures from the fund are hereby authorized for site preparation activities that enhance the marketable sale value of the sites. Site preparation activities include, but are not limited to, demolition, environmental studies and abatement, utility enhancement, and site excavation.

(3) A cash advance in an amount of not more than \$25,000,000.00 is hereby authorized from the general fund to the site preparation economic development fund.

(4) An annual report shall be transmitted to the senate and house of representatives appropriations committees not later than December 31 of each year. This report shall detail both of the following:

- (a) The revenue and expenditure activity in the fund for the preceding fiscal year.
- (b) The sites identified as economic development sites under subsection (1).

Sec. 482. No funds shall be spent on any building, lease, or other development project on property commonly referred to as the triangle property located at Kalamazoo Street and Grand Avenue in downtown Lansing. Any and all previously approved building, lease, or other development projects on the triangle property are hereby canceled. Any proposed building, lease, or other development project for any state agency on the site of the triangle property shall require prior approval of the joint capital outlay subcommittee.

DEPARTMENT OF CORRECTIONS

Sec. 501. The negative appropriation in part 1 for the department of corrections, corrections centers, is \$271,000.00. The department shall cancel lease number 7621 located at 497 Waukonda Avenue, Benton Harbor, Michigan, effective June 1, 2005, upon prior written notice to the lessor. The department is prohibited from expending appropriations for rental payments or operational expenses for the Benton Harbor corrections center effective June 1, 2005.

Sec. 502. It is the intent of the legislature that neither the management services contract nor the lease for the Michigan youth correctional facility in Baldwin shall be cancelled prior to October 1, 2005.

DEPARTMENT OF ENVIRONMENTAL QUALITY

Sec. 601. Revenues remaining in intradepartmental transfers, laboratory services at the end of the fiscal year shall carry forward into fiscal year 2005-2006.

Sec. 602. The funds appropriated in part 1 for the environmental cleanup and redevelopment program shall be used to fund redevelopment and cleanup activities on the following sites:

Sec. 603. The unexpended funds appropriated in part 1 for the environmental cleanup and redevelopment program are considered work project appropriations and any unencumbered or unallotted funds are carried forward into the succeeding fiscal year. The following is in compliance with section 451a(1) of the management and budget act, 1984 PA 431, MCL 18.1451a:

- (a) The purpose of the projects to be carried forward is to provide contaminated site cleanup.
- (b) The projects will be accomplished by contract.
- (c) The total estimated cost of all projects is identified in each line-item appropriation.
- (d) The tentative completion date is September 30, 2009.

HIGHER EDUCATION

Sec. 701. (1) The impact of the reductions to state university and community college appropriations contained in Executive Order No. 2005-7 shall not be applied to the monthly payments made by the state to those institutions before August 1, 2005.

(2) If the estimate of fiscal year 2004-05 combined general fund/general purpose and school aid fund revenues as determined at the May 2005 consensus revenue estimating conference is greater than the estimate as determined at the January 2005 consensus revenue estimating conference, the combined increase, up to a maximum of \$30,000,000.00, is appropriated for the state fiscal year ending September 30, 2005, for state university and community college operations. The fund source of these appropriations shall be general fund/general purpose revenues. If the general fund/general purpose increase is not sufficient to support these appropriations, the general fund contribution to the school aid fund may be adjusted as needed to support these appropriations. If the total amount appropriated is \$30,000,000.00, the funds appropriated shall be paid in the amounts listed in this subsection. If the total amount appropriated is less than \$30,000,000.00, the funds shall be paid in amounts directly proportional to the amounts listed in this subsection as follows:

(3) If the amount appropriated under subsection (2) is less than \$30,000,000.00 and an unreserved general fund/general purpose balance exists at the close of the state fiscal year ending September 30, 2005, an amount up to a

maximum of \$30,000,000.00 is appropriated from that balance for the state fiscal year ending September 30, 2005 for the purposes specified in subsection (2). The total amount of funds appropriated under this subsection and subsection (2) shall not exceed \$30,000,000.00. Any funds appropriated under this subsection shall be paid in direct proportion to the amounts listed in subsection (2).

DEPARTMENT OF LABOR AND ECONOMIC GROWTH

Sec. 801. (1) From the funds appropriated in part 1 for the technology tri-corridor: life sciences initiative, \$30,000,000.00 is appropriated for the life sciences initiative. All funding for the areas of homeland security and automotive initiative shall be funded from the Indian casino revenue or other federal sources. The program shall be administered by the Michigan economic development corporation.

(2) A technology tri-corridor steering committee, appointed by the governor, shall consist of 19 members including the CEO, the director, the state treasurer, a member from Michigan State University, the University of Michigan, Wayne State University, Western Michigan University, and the Van Andel Institute, 2 members representing the legislature, 1 of whom is chosen by the speaker of the house of representatives and 1 of whom is chosen by the majority leader of the senate, and 2 members actively engaged in each of the 3 targeted business sectors. The remaining members shall be appointed at large and may include members from the private sector, public sector, or other Michigan universities. Committee members are authorized to designate alternate members. The purpose of the steering committee is to provide advice and oversight of the initiative, including the development of criteria for the awards to qualifying universities, institutions, companies, or individuals. The steering committee will make decisions regarding distribution of these funds.

(3) Of the funds appropriated, \$1,500,000.00 shall be allocated to a private research institute that has received a specific federal appropriation prior to 2005 for the creation of a good manufacturing practice facility. The facility shall be used for the production of drugs approved for use in clinical trials, as approved by the United States food and drug administration and shall work to market the core technology alliance for the purposes of commercialization and providing access to advanced technologies to researchers affiliated with universities, private research institutes, and biotech or pharmaceutical firms. It is the intent of the legislature that \$1,500,000.00 shall be made available for these purposes in fiscal years 2006 and 2007.

(4) Of the funds appropriated, up to \$2,500,000.00 may be used for administering the life sciences initiative including the monitoring of previous years' awards. Not more than \$10,000,000.00 shall be used to support a competitive business commercial development fund to support business commercialization research opportunities in Michigan. In allocating funding to the business commercial development fund, the steering committee shall give maximum priority to supporting all potential commercialization opportunities that appear to have merit. Of the remaining funds appropriated for the life sciences initiative, 55% are allocated for a basic research fund, to be distributed on a competitive basis to Michigan universities or Michigan nonprofit research institutes, or both, for basic research in health-related areas. In addition, 45% of the remaining appropriated funds for the life sciences initiative are earmarked for a collaborative research fund to support peer-reviewed collaborative grants among Michigan universities and/or private research facilities, with emphasis on research testing or developing emerging discoveries.

(5) Repayment of any funds received as a result of awards made under 1999 PA 120, 2000 PA 292, 2001 PA 80, 2002 PA 517, 2003 PA 169, or this act including, but not limited to, funds received as interest or return on investment shall be deposited in the business commercial development fund. These funds are authorized for expenditure upon receipt and shall not lapse to the general fund.

(6) The records of the steering committee involving a proposal submitted by an eligible entity that are of a scientific, technical, or proprietary nature, the release of which could cause competitive harm to the eligible entity as determined by the steering committee, are exempt from disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

REPEALERS

Sec. 1001. (1) Sections 315 and 401 of 2004 PA 352 are repealed.

(2) Section 510 of 2004 PA 354 is repealed.

Enacting section 1. This act does not take effect unless Senate Bill No. 235 of the 93rd Legislature is enacted into law.

This act is ordered to take immediate effect.
