Sec. 18. (1) If the authority determines that it is necessary for the achievement of the purposes of this act, the authority shall prepare and submit a tax increment financing plan to the governing body of the municipality. The plan shall include a development plan as provided in section 21, a detailed explanation of the tax increment procedure, the maximum amount of bonded indebtedness to be incurred, and the duration of the program, and shall be in compliance with section 19. The plan shall contain a statement of the estimated impact of tax increment financing on the assessed values of all taxing jurisdictions in which the development area is located. The plan may provide for the use of part or all of the captured assessed value, but the portion intended to be used by the authority shall be clearly stated in the tax increment financing plan. The authority or municipality may exclude from captured assessed value growth in property value resulting solely from inflation. The plan shall set forth the method for excluding growth in property value resulting solely from inflation.

(2) Approval of the tax increment financing plan shall comply with the notice, hearing, and disclosure provisions of section 22. If the development plan is part of the tax increment financing plan, only 1 hearing and approval procedure is required for the 2 plans together.

(3) Before the public hearing on the tax increment financing plan, the governing body shall provide a reasonable opportunity to the taxing jurisdictions levying taxes subject to capture to meet with the governing body. The authority shall fully inform the taxing jurisdictions of the fiscal and economic implications of the proposed development area. The taxing jurisdictions may present their recommendations at the public hearing on the tax increment financing plan. The authority may enter into agreements with the taxing jurisdictions and the governing body of the municipality in which the development area is located to share a portion of the captured assessed value of the development area.

(4) A tax increment financing plan may be modified if the modification is approved by the governing body upon notice and after public hearings and agreements as are required for approval of the original plan.

(5) Except for a development area located in a qualified development area, not more than 60 days after the public hearing, the governing body in a taxing jurisdiction levying ad valorem property taxes that would otherwise be subject to capture may exempt its taxes from capture by adopting a resolution to that effect and filing a copy with the clerk of

the municipality proposing to create the authority. The resolution shall take effect when filed with the clerk and remains effective until a copy of a resolution rescinding that resolution is filed with that clerk.

Sec. 29. (1) Subject to the requirements of subsection (2), within 60 days after a development plan for a qualified development area has been approved under section 18, upon written request from the authority, the Michigan economic growth authority under the Michigan economic growth authority act, 1995 PA 24, MCL 207.801 to 207.810, may include the following within the definition of tax increment revenues under section 3(g):

(a) Taxes under the state education tax act, 1933 PA 331, MCL 211.901 to 211.906.

(b) Taxes levied by local or intermediate school districts under the revised school code, 1976 PA 451, MCL 380.1 to 380.1852.

(2) The Michigan economic growth authority may only allow inclusion of the taxes described in subsection (1) in the definition of tax increment revenues if the Michigan economic growth authority under the Michigan economic growth authority act, 1995 PA 24, MCL 207.801 to 207.810, determines that the inclusion is necessary to reduce unemployment, promote economic growth, and increase capital investment in a qualified development area.

This act is ordered to take immediate effect.
