Note: FY 2008-09 figures reflect contingency transfers, supplementals, and Executive Order (EO) actions through June 25, 2009. This includes savings estimated from furlough days in EO 2009-22. (Previous summaries of the House versions did not). This does not include the \$429.2 million in additional federal funding available through the American Recovery and Reinvestment Act, which is appropriated in 2009 PA 7 (HB 4258) and 2009 PA 38 (HB 4308), as it is "one-time" in nature. The Revised Executive Recommendation includes a revision, dated March 4, 2009, reducing the GF/GP appropriation to the SHPO and archaeology programs, included within MSHDA. Executive Order 2009-22 was issued before the Executive Recommendation and the Senate version were issued, so those bills do not incorporate reductions included in the EO.

Overview

The Department of Energy, Labor, and Economic Growth has primary responsibility for the regulatory functions that relate specifically to commercial, business, and workers' issues. It also includes various employment training-related programs, as well as unemployment and workers compensation administration. Executive Order 2008-20 transferred certain energy-related functions from the Department of Environmental Quality in order to consolidate energy programs within the department. The EO also renamed the department, adding "Energy" to its name.

Highlights

The House substitute reduces the No Worker Left Behind GF/GP to \$5.0 million; Michigan Nursing Corps to \$1.5 million; Focus: HOPE GF/GP to \$360,200, and takes the annualized EO 2009-22 administrative reduction (\$5.8 million) through a budgetary savings unit, with the reductions made at the department's discretion, subject to the legislative transfer process. Placeholder appropriations are provided for the Housing and Community Development Fund, the Michigan Tax Tribunal, and grants for the Centers for independent Living, as well as the Agriculture Economic Development IDG added by the Senate. The substitute also includes a placeholder appropriation for the state historic preservation office and archaeology programs related to the proposed elimination of the Department of History, Arts, and Libraries. (An executive order eliminating the department is still pending.)

In addition to the GF/GP reductions there are two fund shifts that would result in additional GF/GP savings within the fiscal year. The substitute organizes the METRO Authority within the Public Service Commission, moving funding from re-directed liquor revenue (the surplus of which is credited to the General Fund) to public utility assessments. The House also replaces \$3.1 million GF/GP support for the Bureau of Fire Services with part of the unexpended balance in the Emergency 911 Fund. The House does not concur with the increase in liquor license fees proposed by the Executive.

Boilerplate language is added directing the Bureau of Fire Services and the Michigan Tax Tribunal to review their current fee structures and provide a report to the Legislature outlining a proposed fee structure that would be in place (contingent on any statutory or administrative rule changes) beginning in FY 2010-11. Boilerplate changes also require the department to submit a report detailing the expenditures and revenues associated with licensing enforcement activities, and require local units receiving fire protection grant assistance to provide a report to the department detailing how FPG assistance is expended by the local unit and detailing the activities (and concomitant costs) of the local fire department as it relates to state property. Boilerplate also requires locals to report to the department on any liquor-related fees imposed by the local unit, as well as detailing how liquor law enforcement grants are expended by the local unit.

Major Budget Issues

Items					
NEW ITEMS INCLUDED IN THE HOUSE SUBCOMMITTEE RECOMMENDATION					
1. Michigan Nursing Corps	Gross	\$4,545,600	\$454,400	\$454,400	(\$3,045,600)
The House reduces funding from \$4.5 million to \$1.5 million, essentially eliminating the increase in funding provided in FY 2008-09. EO 2009-22 reduced funding by \$454,400 (the unobligated balance after awards were made), so the reduction isn't included in the Executive or the Senate.	GF/GP	\$4,545,600	\$454,400	\$454,400	(\$3,045,600)
2. Bureau of Fire Services	Gross	\$5,929,700	\$608,200	\$608,200	\$608,200
The House replaces \$3.0 million GF/GP with part of the unobligated balance in the Emergency 911 Fund. Previously, the Emergency 911 Service Enabling Act charged a \$0.52 state 911 charge, and permitted suppliers to seek reimbursement from the fund for costs associated with implementing the FCC wireless order and the act and incurred before December 31, 2005. Suppliers that sought reimbursement charged \$0.52, while those that did not charged \$0.29. After December 31, 2005 the state 911 charge dropped to \$0.29. The fund balance is the result of suppliers charging \$0.52 but not seeking reimbursement for costs. The deadline to seek reimbursement ended more than two years ago, and the funds have remained in the 911 Fund. EO 2009-22 reduced funding by \$545,000, which isn't included in any of the three budget recommendations. The House combines the Firefighter Training Council, Fire Marshal, and Fire Safety Program line items into one line item for entire Bureau.	IDG	809,800	0	0	0
	Federal	788,000	0	0	0
	Restricted	1,816,700	38,200	38,200	3,123,400
	GF/GP	\$2,515,200	\$570,000	\$570,000	(\$2,515,200)
3. METRO Authority	Gross	\$560,500	\$0	\$0	\$0
The House moves the METRO Authority, which regulates rights-of-way issues involving telecommunications and cable providers. The act did not establish a funding mechanism for the authority. The authority is funded through re-directed liquor funds, the surplus of which is credited to the General Fund. The House organizes (and provides funding for) the authority within the Public Service Commission, thereby resulting in a GF/GP savings of \$560,500. The authority is rolled into the MPSC line.	Restricted	560,500	0	0	0
4. Annualize EO 2009-22 Reductions	Gross	(\$2,908,200)	N/A	N/A	(\$2,908,200)
The House annualizes the four percent administrative reductions made in EO 2009-22. Rather than detailing specific line item reductions, the House includes the reductions as a budgetary savings appropriation unit, which permits the department to use its discretion in making the required reductions. Boilerplate directs that these reductions would be subject to the legislative transfer process (requiring a legislative transfer request from the State Budget Office and approval from the legislative appropriations committees.) Those line items that took a reduction in EO 2009-22 are appropriated, under the House substitute, at the Executive Recommended level, unless otherwise amended. ITEMS OF DIFFERENCE

5. Centers for Independent Living	Gross	\$3,079,700	\$0	\$400,000	(\$3,079,200)
EO 2009-22 reduced funding for the 15 CILs by \$500,000, effectively eliminating the \$500,000 (Corporations Fees) increase included in the FY 2009 enacted budget (2008 PA 251, HB 5809), and maintaining funding at prior-year levels. This reduction was not contemplated in either the Executive Recommendation or the Senate version.	Federal	870,200	0	0	(870,000)
	Private	100,000	0	0	(99,900)
	Restricted	500,000	(500,000)	(500,000)	(499,900)
	GF/GP	\$1,609,500	\$500,000	\$900,000	(\$1,609,400)

The **Executive** removes \$500,000 (Corporations Fees) added in FY 2009 to support the CILs, and maintained the FY 2009 enacted GF/GP funding level of \$2.1 million.

The **Senate** concurs with the reduction in Corporations Fees, but adds \$400,000 GF/GP, above the FY 2009 enacted level.

The **House** includes a placeholder appropriation. Boilerplate directs that Corporations Fees appropriated for the CILs (for now, a \$100 placeholder) would be allocated to the 5 CILs that do not receive core funding under Title VII, Part C of the federal Rehabilitation Act.

The YTD figure above does not include \$290,700 in federal funds available under the American Recovery and Reinvestment Act appropriated under 2009 PA 7.

6. Office of Administrative Hearings and Rules	FTEs	170.5	5.5	7.5	5.5
The Executive adds 11.0 FTE positions and \$1.3 million (IDG-DHS) to support increased hearing caseloads from the Department of Human Services; transfers 3.0 FTE positions and \$263,600 (L&R Fees) to the Bureau of Commercial Services, and aligns funding and FTE positions with support and activities from Corrections, Education, and Human Services. The **Senate** does not include a reduction of 2.0 FTEs related to Corrections administrative hearings, although it does concur with the Executive in reducing the Corrections IDG by \$348,000.

The **House** concurs with the Executive.

7. HAL- Historic Preservation and Archaeology	FTEs	N/A	20.0	0.0	1.0
The Executive proposes to eliminate the Department of History, Arts, and Libraries, and transfer programs throughout state government. Included in this, is the transfer of the State Historic Preservation Office and archaeology programs to MSHDA.	Gross	N/A	\$1,933,600	\$0	\$200
	Federal	N/A	950,000	0	100
	GF/GP	N/A	\$983,900	\$0	\$100

The **Senate** continues to have a separate budget bill for HAL (SB 247).

The **House** leaves placeholders for each fund source, but also provides for a separate budget bill.

8. Liquor Revenue Fund Shift		Gross	N/A	\$0	\$0
The Executive replaces \$17.0 million in Liquor Purchase Revolving Funds used in several LCC-related administrative lines with an anticipated increase in Liquor License Revenue generated from proposed doubling liquor license fees, providing a 2am-4am license, and a Sunday morning license. Total estimated revenue from the fee changes is \$24.2 million, with the excess (\$7.2 million) credited to the General Fund. By replacing LPRF, the fee increases would increase the LPRF transfer to the General Fund by \$17.0 million. (Fee increases are provided for in House Bill 5056.)	Federal	N/A	0	0	0
	Restricted	N/A	0	0	0
	GF/GP	N/A	\$0	\$0	\$0
The Senate does not concur with the Executive, supporting the LCC-related functions with Liquor License Revenue and the Liquor Purchase Revolving Fund.					
The House does not concur with the Executive, supporting the LCC-related functions with Liquor License Revenue and unspecified "State Restricted Funds".					
9. No Worker Left Behind GF/GP		Gross	\$7,163,400	\$7,836,600	(\$563,400)
EO 2009-22 reduced GF/GP funding for NWLB by \$7,163,400, by eliminating the allocation for community colleges (\$2.5 million), which had not been awarded at the time, and by reducing funding available for training by \$5.3 million. This reduction was not considered in either the Executive or the Senate.	GF/GP	\$7,163,400	\$7,836,600	(\$563,400)	(\$2,163,400)
The Executive continued the FY 2009 enacted GF/GP appropriation of \$15.0 million GF/GP.					
The Senate appropriated \$6.6 million GF/GP, reducing the FY 2009 enacted appropriation by \$8.4 million.					
The House reduces the FY 2009 YTD appropriation by an additional \$2,163,400, which equates to a reduction of \$10.0 million from the FY 2009 enacted appropriation.					
10. Michigan Occupational Safety and Health Administration (MIOSHA)		FTEs	229.0	0.0	0.0
The Senate reduced funding by a \$100,000 placeholder. The intent is to explore the possibility of returning the program to the federal Department of Labor-Occupational Safety and Health Administration. The House does not concur with the Senate.	Gross	\$26,264,300	\$0	(\$100,000)	\$0
