Overview

The Department of Military and Veterans Affairs provides for the operations of the Michigan National Guard in support of the military and security needs of the state and the federal government. The department, through the Michigan Veterans Affairs Agency, also oversees state programs for veterans, including the state's veterans' homes, grants to veterans service organizations, and the Michigan Veterans' Trust Fund.

Part 1 (line items) of SB 773 (S-1) CR-1 follows a line item/schedule of programs structure for the DMVA budget that is similar to the structure of the FY2013-14 bill, in which the schedule of programs aligns to the DMVA's core services.

Part 2 (boilerplate) is significantly reorganized, although much of the existing language remains intact. The bill continues to provide subheadings in boilerplate denoting core services of the department. Each core service has a single boilerplate section associated with it. Concurring with the House, the Conference Committee adds language providing specific references to the applicable state and federal laws (MCL/USC) and regulations (MAC/CFR) that provide the legal authority for DMVA programs.

Major Budget Changes From FY 2013-14 YTD Appropriations

Items of Difference between the House and Senate

1. Veterans Service Grants

Executive: Makes no change.

House: Increases the base grant to veterans' service organizations by \$500,000 GF/GP ongoing, and adds boilerplate language providing a few basic parameters to be specified by the MVAA in structuring the VSO grant agreement.

Senate: Increases by \$857,900 GF/GP.

Conference: Increases by \$857,900 GF/GP

	FY 2013-14 Year-to-Date (as of 2/5/14)	FY 2014-15 Conference Change
Gross	\$2,904,600	\$857,900
GF/GP	\$2,904,600	\$857,900

Major Budget Changes From FY 2013-14 YTD Appropriations		FY 2013-14 Year-to-Date (as of 2/5/14)	FY 2014-15 Conference Change
2. Veterans' Homes – Special Maintenance	Gross	\$500,000	\$3,000,000
<u>Executive</u> and <u>Senate</u> : Appropriates \$3.0 million GF/GP as a "one-time" appropriation for various maintenance projects at the state's two veterans' homes. This one-time appropriation would be separate from an ongoing \$500,000 GF/GP appropriation for maintenance at the homes. The ongoing appropriation is unchanged.	GF/GP	\$500,000	\$3,000,000
<u>House</u> : Reduces the one-time appropriation by \$500,000 GF/GP.			
<u>Conference</u> :			
3. National Guard Tuition Assistance Program	FTE	N/A	1.0
<u>Executive</u> and <u>Senate</u> : Adds \$5.0 million GF/GP (1.0 transferred FTE) to reestablish a state tuition assistance (TA) program for National Guard members in active drilling status (1 weekend/month and 2 weeks/year). The program would cover 100% of tuition and fees, up to \$4,500 per year, for programs leading to a certificate, associate's degree, baccalaureate degree, or master's degree. Guard members could not pursue a lateral or lower degree, must remain in good standing, and must maintain a 2.0/4.0 GPA. The aim is to aid recruiting and retention efforts, as most other states provide this type of benefit, supplementing available federal education benefits. The state previously provided a TA program from FY 2000 to FY 2009, but ended the program amid state budget reductions and declining utilization rates largely due to the expanded availability of federal education benefits following Post-9/11 active duty service. However, federal active duty deployments are becoming less frequent, and recent changes to the Army's TA program now provide benefits to service members (including National Guard members in active drilling status) after one year of service (rather than making TA available upon completion of their initial training, and cap assistance at 16 semester hours per year.	Gross	N/A	\$4,742,100
	GF/GP	N/A	\$4,742,100
<u>House</u> : Concurs on the establishment of the program, but reduces the appropriation to \$2.0 million, with the expectation being that the first year costs of the program would not reach \$5.0 million. Unexpended funds would lapse to the General Fund.			
<u>Conference</u> : Reduces the ongoing appropriation by \$657,900 GF/GP, but creates a one-time appropriation of \$400,000 for a net reduction from the Executive of \$257,900. The one-time appropriation would be expended after the ongoing appropriation is exhausted.			
4. National Guard Facilities – Special Maintenance	Gross	\$20,351,200	(\$5,351,200)
<u>Revised Executive</u> , <u>Senate</u> , and <u>Conference</u> : Eliminates the \$3.0 million GF/GP ongoing appropriation for armories maintenance and reduces by \$2.3 million Federal to align spending authorization with actual available revenues.	Federal	17,300,000	(2,300,000)
	GF/GP	\$3,051,200	(\$3,051,200)
<u>House</u> : Concurs with the reduction of excess federal authorization but continues the ongoing GF/GP appropriation for armory maintenance.			
5. Annualize MVAA Staffing Costs	Gross	\$5,017,000	\$950,000
<u>Executive</u> and <u>House</u> : Adds \$1.2 million GF/GP to annualize the full-year, full-staffing costs for the Michigan Veterans Affairs Agency. Ostensibly, the FY 2013-14 budget did not support the full-year costs for the full-staffing compliment of the MVAA, recognizing that while the agency was being established, some positions would remain vacant after the start of the fiscal year, as the agency continued to define its work plan and operations.	GF/GP	\$5,017,000	\$950,000
<u>Senate</u> : Concurs with the Executive, but reduces the increase by \$250,000 GF/GP, with \$50,000 of that reduction moved to a separate scheduled program for Legal Services/Federal Claims Representation.			
<u>Conference</u> : Concurs with the Senate, but keeps the \$50,000 for legal services/federal claims representation within the MVAA administration line.			

Major Budget Changes From FY 2013-14 YTD Appropriations		FY 2013-14 Year-to-Date (as of 2/5/14)	FY 2014-15 Conference Change
6. Legal Services/Federal Claims Representation		Gross	N/A
<u>Senate:</u> Transfers \$50,000 from the MVAA Administration program line to a separate program line for legal services/federal claims representation. This funding would be expended by the department to support its legal costs incurred in representing veterans' claims for VA benefits before the Board of Veterans Appeals, the Court of Appeals for Veterans Claims, and beyond. Legal services are a necessary part of the MVAA's accreditation by the VA to assist veterans in filing claims for VA benefits.		GF/GP	\$50,000
<u>Conference:</u> Concurs with the Senate, but allocates via boilerplate the \$50,000 from the appropriation for MVAA administration, rather than establishing a separate program line.			\$50,000
Items Agreed to by the Executive, House, and Senate			
7. Veterans Service Regional Coordinators		Gross	N/A
Adds \$750,000 GF/GP for veterans service organizations (or others) to hire 10 regional coordinators who would be responsible for managing the workload of VSO service officers, monitoring service officer performance, and ensuring compliance with grant and boilerplate performance requirements. These coordinators would also serve as a liaison to other public and private agencies serving veterans.		GF/GP	\$750,000
8. County Veterans Counselors (CVCs)		Gross	N/A
Adds \$250,000 to counties to expand the veterans claims processing capabilities of their county veterans service departments. These funds would be used to support technology improvements, such as the acquisition of an electronic claims management system, to hire additional VA-accredited counselors, or to establish a veterans service department either directly through county employees or through service agreements with neighboring counties. The department provided a similar grant program in FY 2012-13 through the availability of a one-time appropriation.		GF/GP	\$250,000
9. Grand Rapids Veteran' Home (GRVH) Fund Sourcing		Gross	\$47,869,900
Adjusts the fund sourcing for the GRVH to better align spending authority with actual revenues and expenditures. These adjustments include a reduction in excess authorization from Income and Assessment revenue (paid by resident members) by \$2.5 million, as continuing renovations to members' rooms (from 4/room to 2/room or 1/room) have reduced the home's member census, thus generating less Income and Assessment revenue. Over the years the home has also seen an increase in members with a disability rating of 70%-100% for whom the home receives a higher per diem payment from the VA, which represents the full cost of care, thereby no longer requiring any additional assessments paid by the member. Because Income and Assessment revenue has been over-appropriated, annual economics adjustments (for salaries, benefits, etc.) charged to Income and Assessment revenues have actually been paid from available GF/GP funds. The Executive adds \$225,000 GF/GP to account for that shift in costs.		Federal	21,650,300
		Restricted	13,951,900
		GF/GP	\$12,267,700
			(\$2,275,000)
10. National Guard Armories – Operations		Gross	\$13,705,300
Adds \$2.0 million from funds received through the National Guard Bureau to reflect the availability of additional federal NGB funds for the cost of utilities and related services (snow/trash removal, etc.) at the state's armories. A similar adjustment was made in FY 2013 through a September 2013 Legislative Transfer.		Federal	5,780,700
		Restricted	346,400
		GF/GP	\$7,578,200
			\$2,000,000
11. Economics Adjustments		Gross	N/A
Reflects increased costs of \$1.3 million Gross (\$377,400 GF/GP) for negotiated salary and wage amounts (2.0% base increase plus 0.5% lump sum payments), actuarially-required retirement rate increases, and other economic adjustments. Insurance costs held flat due to recent state employee health plan revisions.		Federal	N/A
		Restricted	N/A
		GF/GP	N/A
			\$1,289,800
			730,000
			182,400
			\$377,400

Major Budget Changes From FY 2013-14 YTD Appropriations		FY 2013-14 Year-to-Date (as of 2/5/14)	FY 2014-15 Conference Change
12. Homeland Security – Align Authorization		Gross	\$650,000
Reduces appropriations by \$550,000 IDG-State Police to eliminate excess authorization for this program line. This program line has not been used to any great degree in recent years. The remaining \$100,000 authorization would provide the department with sufficient spending authority should the need arise.		IDG	(\$550,000)
			(550,000)
