**House Bill 4495 as reported from committee**  
**Sponsor: Rep. Peter J. Lucido**  
**Committee: Transportation and Infrastructure**  
**Complete to 2-7-18**

Analysis available at  
<http://www.legislature.mi.gov>

### SUMMARY:

The bill would amend the Michigan Vehicle Code to do the following:

- Require the Secretary of State (SOS) to develop and issue by August 1, 2019, a fund-raising or collector plate recognizing the Kiwanis International Michigan District.
- Create the Kiwanis International Michigan District Fund in Treasury, into which donations from the sale of the fund-raising plates would be deposited and from which funds would be distributed quarterly to the Kiwanis International Michigan District. Money in the fund at the end of a fiscal year would remain in the fund and not lapse to the state general fund.
- Require Kiwanis International to submit a logo design for the plate to the SOS.
- Change the definition of “nonprofit” in Section 811d from “that which is exempt from taxation under section 501(c)(3) of the internal revenue code” to “that which is eligible for a charitable deduction under the United States internal revenue code of 1986.”

[Section 811f of the Vehicle Code authorizes the SOS to issue a fund-raising plate upon request if accompanied by a \$25 fund-raising donation and a \$10 service fee in addition to the regular vehicle registration tax prescribed in the Code.]

MCL 257.811d and proposed MCL 257.811cc

### FISCAL IMPACT:

The bill would have no fiscal impact on the state or on local units of government.

Section 811e of the Michigan Vehicle Code requires a start-up fee for the cost of producing a new fund-raising plate to be paid within 18 months after the effective date of a public act authorizing the creation of a fund-raising plate. This fee is customarily paid by the nonprofit organizations. The bill would therefore require Kiwanis International Michigan District to pay the start-up fee for the cost of producing the new fund-raising plate.

The start-up fee is calculated annually according to the prior three-year average cost of plate production as described in Section 811e. According to the Department of State (DOS), the start-up fee for Fiscal Year 2017-18 is \$90,000. Fee revenue would be deposited into the Transportation Administration Collection Fund, which is used to support DOS

activities. The bill would have little to no fiscal impact on DOS, assuming the start-up fee is equal to the actual cost of production.

**POSITIONS:**

A representative from Kiwanis International Michigan testified in support of the bill. (9-26-17)

The Office of the Secretary of State is neutral on the bill. (9-26-17)
