SUMMARY:

House Bill 5635 would amend PA 44 of 1911, the act that creates and governs the state board of equalization.

Currently under the act, each county board of commissioners must equalize the assessment rolls at its regular meeting held on the Tuesday following the second Monday in April each year. The equalization must be complete by the first Monday in May.

The bill would remove the requirement that the meeting be held on a specific day. Instead, the meeting would have to be held during the period beginning on the Tuesday following the second Monday in April and ending on the third Monday in April each year. The equalization would still have to be complete by the first Monday in May.

The bill would take effect 90 days after being enacted into law.
