Senate Bill 601 (Substitute S-1 as reported)
Sponsor: Senator Dave Hildenbrand
Committee: Appropriations

CONTENT

The bill would provide supplemental appropriations for fiscal year (FY) FY 2017-18 for the Department of Attorney General and the Department of State Police, in order to implement a school safety program. The bill proposes FY 2017-18 Gross appropriations of \$18.6 million, all from General Fund/General Purpose (GF/GP) revenue. Most of the proposed GF/GP funding, \$15.0 million, would be appropriated in the Department of State Police for safety security grants for K-12 schools. The bill also proposes an additional \$500,000 in the Department of Attorney General for the OK2SAY student safety program that allows students to confidentially report tips on potential harm or criminal activities directed at students or school employees. In addition, the bill would consolidate the Department of Attorney General's OK2SAY program dollars by transferring \$470,000 of Student Safety Fund revenue from the operations line item to the new OK2SAY line item. Table 1 summarizes the appropriations in the bill.
