Senator Eric Nesbitt of the 26th District offered the following invocation:

Lord, thank You for Your many blessings You provide, particularly during these challenging times. Tomorrow we reflect on the horrific terrorist attacks of September 11 and remember and pray for the lives lost and their families. We are grateful for Your love, grace, support, and guidance as our country faces our current challenge.

I pray for the many citizens in our state who are struggling. We need to come together to support one another, help our family members, friends, and neighbors who would benefit from some extra care and attention. May we—as representatives of the people—provide thoughtful, principled, collaborative leadership both listening and staying true to our commitments to the citizens we serve. May we work in the spirit of solving problems and doing our part to build a better tomorrow.

Thank you Lord. Please grant us wisdom and the strength to follow through.  
In Jesus' name we pray. Amen.

The Assistant President pro tempore, Senator Theis, led the members of the Senate in recital of the *Pledge of Allegiance*.

The President pro tempore, Senator Nesbitt, assumed the Chair.

### **Motions and Communications**

Doug Ringler  
Auditor general

The audit report was referred to the Committee on Oversight.

### **Messages from the Governor**

The following message from the Governor was received on September 10, 2020, and read:

EXECUTIVE ORDER  
No. 2020-180

#### **Amendment to the Safe Start order**

The most recent version of the Safe Start order (Executive Order 2020-176) created a path for organized sports in Michigan to resume play, subject to COVID-19 safety precautions, including a requirement to wear a facial covering. This order clarifies that, in order to participate in organized sports, athletes must either wear a facial covering or consistently maintain six feet of social distance.

---

Acting under the Michigan Constitution of 1963 and Michigan law, I find it reasonable and necessary, for the reasons outlined above, to order:

1. Notwithstanding sections 2(b) and 2(d) of the Masks order (Executive Order 2020-153), section 13(c) of the Workplace Safeguards order (Executive Order 2020-175), or sections 2(a) and 6(a)(1) of the Safe Start order (Executive Order 2020-176), athletes training for, practicing for, or competing in an organized sport must wear a facial covering (except when swimming) or consistently maintain 6 feet of social distance (except for occasional and fleeting moments). For example, an athlete participating in a football, soccer, or volleyball game would not be able to consistently maintain 6 feet of distance, and therefore would need to wear a facial covering. Sports organizers must ensure that athletes comply with this section for each organized sporting event.

2. Section 7(b) of the Safe Start order (Executive Order 2020-176) is rescinded.  
Given under my hand and the Great Seal of the State of Michigan.

Date: September 9, 2020  
Time: 6:15 p.m.

[SEAL]

Gretchen Whitmer  
Governor

By the Governor:  
Jocelyn Benson  
Secretary of State

The executive order was referred to the Committee on Government Operations.

Senator Stamas entered the Senate Chamber.

By unanimous consent the Senate proceeded to the order of  
**Messages from the House**

**Resolutions**

Senator MacGregor offered the following resolution:

**Senate Resolution No. 140.**

A resolution to commemorate September 13-19, 2020, as Direct Support Professionals Week.

Whereas, Direct support professionals, including direct care workers, personal assistants, personal attendants, in-home support workers, and paraprofessionals, are key to providing publicly-funded, long-term support and services for millions of individuals with disabilities; and

Whereas, These professionals provide essential support that ensure individuals with disabilities are included as a valued part of their community, supported at home, at work, and in the communities of our state, while also empowering them to live with the dignity all people of our state and nation deserve; and

Whereas, All communities have a stake in ensuring that individuals with disabilities thrive through the connections of their families, friends, and communities, fostered by direct support professionals to avoid more costly institutional care; and

Whereas, Direct support professionals assist individuals with disabilities by helping them make person-centered choices that lead to meaningful, productive lives; and

Whereas, These professionals must build close, respectful, and trusting relationships with individuals with disabilities; and

Whereas, Direct support professionals provide a broad range of individualized support to individuals with disabilities, including assistance with the preparation of meals, helping with medication, assistance with daily living, assistance with access to the environment around them, providing transportation to school, work, religious, and recreational activities, as well as helping with general daily affairs, such as financial matters and medical appointments; and

Whereas, There is a documented, critical and increasing shortage of direct support professionals throughout the United States; and

Whereas, Direct support professionals are a critical element in supporting individuals who are receiving health care services for severe chronic health conditions and individuals with functional limitations, and helping them to transition successfully from medical events to post-acute care and long-term support and services; and

Whereas, During this commemorative week, we should recognize and honor direct support professionals for their commitment to providing important services to people with disabilities in our state and advocate for their living wages, benefits, and opportunities for advancement, so they can continue to provide the highest quality of support for their patients; now, therefore, be it

Resolved by the Senate, That the members of this legislative body commemorate September 13-19, 2020, as Direct Support Professionals Week.

Pending the order that, under rule 3.204, the resolution be referred to the Committee on Government Operations,

Senator MacGregor moved that the rule be suspended.

The motion prevailed, a majority of the members serving voting therefor.

The resolution was adopted.

Senator McBroom offered the following resolution:

**Senate Resolution No. 141.**

A resolution to designate September 20-26, 2020, as “Gold Star Family Week.”

Whereas, The term “Gold Star” began during World War I when American families displayed flags in homes, businesses, schools, and churches with a gold star for each loved one lost in military service; and

Whereas, Today, the nation recognizes the sacrifices that all “Gold Star Family” members make when a father, mother, husband, wife, brother, sister, son, daughter or other loved one dies in active service to the nation; and

Whereas, Fewer than one percent of our nation serves in our military, and we have an obligation to acknowledge the losses of our service men and women, and to ensure that their families are not forgotten; and

Whereas, Commemoration of the 50th Anniversary of the Vietnam War is May 28, 2012-November 11, 2025, and we would like to specifically thank the families of the Vietnam War veterans who paid the ultimate sacrifice. They are memorialized at the Vietnam Veterans Memorial, also known as The Wall, in our Nation’s Capital, Washington, D.C.; and

Whereas, September 20-26, 2020 has been designated “Gold Star Family Week”; now, therefore, be it

Resolved by the Senate, That members of this legislative body designate September 20-26, 2020, as “Gold Star Family Week.” We encourage all Michigan Citizens to honor Gold Star Families.

Pending the order that, under rule 3.204, the resolution be referred to the Committee on Government Operations,

Senator MacGregor moved that the rule be suspended.

The motion prevailed, a majority of the members serving voting therefor.

The resolution was adopted.

Senators Moss, Polehanki and Wojno were named co-sponsors of the resolution.

Senator Lauwers offered the following resolution:

**Senate Resolution No. 142.**

A resolution to encourage the Michigan Public Service Commission to undertake a study into alternative and innovative rate design options for Michigan’s electric customers.

Whereas, Energy customers are adopting new and evolving technologies including customer-owned generation, energy storage, electric vehicles, and customer energy management capabilities; and

Whereas, The adoption of these technologies changes the way an energy customer utilizes the grid; and

Whereas, The increasing adoption of these technologies can be expected to result in widespread changes to the use of the grid by utility customers; and

Whereas, Changes in customer utilization of the grid may result in cost shifts relative to a customer’s use of the grid which are not fully accounted for in traditional cost of service ratemaking models; and

Whereas, The traditional ratemaking process, which requires a contested case proceeding that must be concluded within ten months from the date of filing, is not conducive to fully investigating these issues in a collaborative way; and

Whereas, Consideration of these issues can best be done through collaborative discussions and review outside of time-limited rate case proceedings; and

Whereas, The development of policies governing the adoption, implementation, use, and regulation of these technologies will benefit from currently unavailable information regarding the costs and benefits to utilities and their customers of the widespread adoption of these technologies; now, therefore, be it

Resolved by the Senate, That we encourage the Michigan Public Service Commission to undertake a study on rate designs and options, including fixed system access and demand charges and rate design options that will account for the changing customer use of the grid due to the adoption of new energy technologies; and be it further

Resolved, That the study should evaluate options based on factors including, but not limited to, customer charges, fixed charges, demand charges, time of use rates, standby charges, system access charges, and other regulatory mechanisms to provide equitable recovery of utility revenue requirements from customers adopting new energy technologies and address concerns regarding cross-subsidy issues; and be it further

Resolved, That electric utilities and other stakeholders are encouraged to engage in this study; and be it further

Resolved, That we request the results of the study be available by October 31, 2021.

Pending the order that, under rule 3.204, the resolution be referred to the Committee on Government Operations,

Senator MacGregor moved that the rule be suspended.

The motion prevailed, a majority of the members serving voting therefor.

The question being on the adoption of the resolution,

Senator MacGregor moved that the resolution be referred to the Committee on Energy and Technology.

The motion prevailed

Senator Lauwers offered the following resolution:

**Senate Resolution No. 143.**

A resolution to encourage the Michigan Public Service Commission to study the potential opportunity to integrate customer-owned generation resources into the electric grid.

Whereas, The prevalence of customer-owned electric generation resources, commonly referred to as “distributed generation,” has significantly increased in this state since its establishment in 2008; and

Whereas, The electric distribution system, commonly referred to as the grid, was not designed to accommodate significant amounts of distributed generation. The integration of significant amounts of distributed generation resources has resulted in grid reliability concerns in other states; and

Whereas, Grid reliability issues are likely to be impacted by specific technological components utilized throughout the grid. The development of policies governing distributed generation will benefit from an understanding of grid-wide, and location-specific, impacts from the integration of increased distributed generation resources; now, therefore, be it

Resolved by the Senate, That we encourage the Michigan Public Service Commission to undertake a study on reliability, interconnection, and related grid integration issues for distributed energy, including the potential growth of distributed energy systems, changes to system design and operations, and system benefits, costs, and other impacts; and be it further

Resolved, That we ask the Michigan Public Service Commission to coordinate with electric utilities and other parties on distribution circuit-level data collection, modeling, and analysis to examine and monitor the capacity for, and constraints to, interconnecting additional distributed energy resources, as well as technology and operation options to mitigate reliability impacts and maximize customer and system benefits; and be it further

Resolved, That we encourage electric utilities and other parties to assist the Michigan Public Service Commission in supplying data and expertise as requested; and be it further

Resolved, That we request the Michigan Public Service Commission transmit the results of the study by December 31, 2022.

Pending the order that, under rule 3.204, the resolution be referred to the Committee on Government Operations,

Senator MacGregor moved that the rule be suspended.

The motion prevailed, a majority of the members serving voting therefor.

The question being on the adoption of the resolution,

Senator MacGregor moved that the resolution be referred to the Committee on Energy and Technology.

The motion prevailed

By unanimous consent the Senate proceeded to the order of

### Statements

Senator McBroom asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator McBroom's statement is as follows:

I wanted to take a few moments of personal privilege today to share a few thoughts about one of my staffers who just passed away a couple of days ago—Frank Egeler—who many of you know who've been involved with either the House or the Senate in the last twenty-something years knew Frank and knew his passion and fun-loving attitude towards politics. He would often introduce himself to people—including my parents—he'd come up and say, 'Hey, I'm a Republican hack.' And that was his introduction. He knew that he was just a cog in the wheel of a machine, but he loved what he did and he especially loved working Republican politics in the Upper Peninsula and Northern Michigan.

I had an interesting introduction to Frank. Senator Casperson—who was not Senator at that time—asked me to meet with this guy and decide whether I wanted to run and I thought I was meeting some really important bigwig and walked into this place to meet him and here's this guy in a Hawaiian shirt sitting in the back corner with a laptop. It's even funnier for Tom because he and his wife moved out of their bedroom when they heard Frank was coming to visit them the first time. They thought he was so important. And after that first visit, now he just slept on the couch.

Frank was a great friend and in a lot of ways a mentor who I don't believe I could have ever attained office without the help and advice and the constant nagging of him, 'Get out there and knock doors. Get out there and knock doors.' Frank was one of those guys—and I'm sure my friends across the aisle, too, have had these—who loved to make other people succeed and in the end are almost completely unwilling to accept any credit or any praise for what they did. You assume they go home and bask in the glory, but publicly they don't even want you to call them out at your events and have people applaud for them—they want to stay in the background and Frank truly enjoyed success in so many ways but didn't want the credit for it oftentimes. He would be out knocking doors with me and suddenly get a call that some other candidate somewhere else was screwing up their race royally and he had to leave right now to go fix things and he'd get in the car and drive all night and get to another area and work on that.

The last couple of years Frank had been struggling with his health, but I was privileged to have him work for me, being my manager in the Upper Peninsula serving the constituents. He could go all over the place and was a great voice for my office. People liked him and he got things done and we are really going to be lost without him. He was a good friend and a great public servant in so many ways. One of the unsung heroes that so many of our offices have.

I know that many of you are friends and I hope that you'll take some time to think about those around you who make a difference and make sure you let them know how important they are to you before they are suddenly taken. Frank was in his mid-fifties and had surgery last week and we thought he was doing really well for a couple of days and suddenly he was gone. So don't forget about those that you love. Don't forget about how short life is and make sure you are prepared.

A moment of silence was observed in memory of Frank Egeler, Senate employee.
