10 local units of government, and non-profit organizations and

1 businesses all over the state coming together to connect
2 communities and people; and

3 Whereas, Our trail systems are designed to accommodate both
4 motorized and nonmotorized activities in appropriate areas to allow
5 for a variety of uses and, through a carefully-designed master
6 plan, will continue to reflect emerging trail needs in the state
7 while also striving to meet the number one recreational need of
8 citizens for more miles of trails at the local level; and

9 Whereas, Destination trails continue to be an emerging need to
10 attract both residents and out-of-state visitors; and

11 Whereas, Route 1 of the Great Lake to Lake Trails will be the
12 state's first fully-marked destination trail stretching from South
13 Haven to Port Huron. When ultimately completed, The Iron Belle
14 Trail, stretching from Belle Isle in Detroit to Ironwood in the
15 western Upper Peninsula, will also be a destination trail and one
16 of the longest such trails in the nation; and

17 Whereas, The state's trails and trail towns are prominently
18 featured in the new Pure Michigan Trail Designation program that
19 will be helpful in promoting the state's specially-designated
20 trails. Our state's trail system plays a significant role in
21 strengthening Michigan's economy and supporting thousands of jobs,
22 primarily through small-business owners; and

23 Whereas, The state's trail system provides residents with
24 broad access to a low-cost, accessible, and enjoyable way to
25 improve health and reduce obesity; and

26 Whereas, Trail-related activities, including hiking, walking,
27 snowmobiling, running, biking, horseback riding, cross-country
28 skiing, paddling and using off-road vehicles, are among the most
29 popular and growing means of outdoor enjoyment; and

2 hiking trails designed for walkers, hikers, trail runners, and
3 other outdoor enthusiasts to explore the state's natural areas,
4 including 1,200 miles of the nation's longest National Scenic
5 Trail, the North Country National Scenic Trail; and

6 Whereas, Michigan is also known as one of the top states for
7 mountain biking, with an unmatched diversity of trail systems and
8 over 1,600 miles of natural surface trails. Many people already
9 refer to Michigan as the mountain biking capital of the Midwest;
10 and

11 Whereas, The Department of Natural Resources, working in
12 conjunction with the Michigan Trails and Greenways Alliance, has
13 established a new water trail designation process that resulted in
14 eight new water trail designations this past year, will continue to
15 designate new inland water trails in the future; and

16 Whereas, The existence of quality trails helps to strengthen
17 the appeal of communities by boosting quality-of-life amenities
18 that attract businesses and increase property values. Trails
19 provide alternative, scenic transportation routes that help to
20 decrease road congestion and pollution and serve to connect
21 communities to each other; now, therefore, be it
