House Bill 4469 (as reported without amendment)
Sponsor: Representative Sue Allor
House Committee: Appropriations
Senate Committee: Appropriations

CONTENT

On December 2, 2020, the Michigan Natural Resources Trust Fund (MNRTF) Board adopted fiscal year (FY) 2020-21 recommendations for acquisition and development projects under to Article IX, Section 35 of the Michigan Constitution and the Natural Resources and Environmental Protection Act. The recommendation includes \$39.2 million for 76 projects, of which, \$37.8 million is recommended from the MNRTF and \$1.4 million is an estimate of Federal funding for a Wetlands Restoration pilot. The recommended appropriation would include 30 acquisition projects (\$27.3 million) and 46 development projects (\$10.5 million).

The MNRTF was capitalized through deposits of bonuses, rentals, delayed rentals, and royalties collected or reserved by the State under provisions of leases for the extraction of nonrenewable resources from State-owned land, except the revenue accruing under leases of State-owned land acquired with money from the State or Federal Game and Fish Protection Fund. Before 2011, pursuant to the Michigan Constitution, annual expenditures consisted of MNRTF interest and earnings, and 33 $\frac{1}{3}$ % of MNRTF revenue received by the State during the previous fiscal year, until the corpus of the MNRTF reached \$500.0 million. The MNRTF reached \$500.0 million in 2011, thereby limiting subsequent annual expenditures to interest and investment earnings, and funding carried forward from previous years.

After 2020, when Proposal 20-1 amended the Constitution, this language was replaced. The Constitution now specifies that, after the Michigan State Parks Endowment Fund reaches the \$800.0 million limit, the revenue from bonuses, rentals, delayed rentals, and royalties must be deposited in the MNRTF. The change eliminated the MNRTF's previous \$500.0 million cap and allows this revenue to be deposited back into the Trust Fund. Each year, the Legislature can specify that, in addition to the expenditure and earnings authorized by Section 35, that a portion of this revenue (not to exceed 50.0%) may be spent during subsequent State fiscal years for the purposes of Section 35.

The amended Michigan Constitution requires a minimum of 25.0% of Fund revenue to be spent for acquisition, and a minimum of 25.0% to be made available for development. Trust Fund revenue also may be used to pay for the administration for the Fund, as well as for payments in lieu of taxes.

Boilerplate

Sec. 201. Provides totals for payments to local units of government.

Sec. 202. Specifies that appropriations are subject to the Management and Budget Act.

Sec. 301. Provides criteria for agreements with local units of government for administration of MNRTF grants.

Sec. 302. Provides for work project status of grants. Requires funds to be carried forward consistent with Section 248 of the Management and Budget Act.

Sec. 303. Identifies withdrawn projects so that those funds may lapse.

FISCAL IMPACT

The bill would appropriate \$37,789,600 from the MNRTF for 30 acquisition projects and 46 development projects. Matching funds of \$47,168,300 for local projects would result in total project costs of \$84,957,900. The bill would match the Governor's request in Supplemental 2021-8.

FY 2020-21 NATURAL RESOURCES TRUST FUND LAND ACQUISITION PROJECTS						
Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
1	Muskegon Sands Acquisition. Acquisition of 210 acres (part of a possible total of 376 acres) within the coastal zone boundary. The project area applied for includes 1,662 feet of Lake Michigan shoreline, critical dune land and home to many native plants and animals. In addition to Lake Michigan access, the property offers 19,364 feet of shoreline along two inland lakes. The property is within the City of Norton Shores, and in very close proximity to the City of Muskegon and the City of Muskegon Heights. The property is also within the Muskegon-Norton Shores Metropolitan Statistical Area.	Muskegon County	Muskegon	7,450,000	2,450,000	5,000,000
2	Fruitbelt Trail Corridor Acquisition. Acquisition of 36 acres of former railroad corridor adjacent to Flesher Field and extending to Oshtemo Township's south boundary. This fee simple land acquisition will allow for future development of approximately two miles of nonmotorized trail and will expand recreational opportunities at an existing park while conserving wildlife habitat. The Fruitbelt Trail is named for the railroad that once operated in this location.	Oshtemo Township	Kalamazoo	78,000	20,000	58,000
3	North Channel Shoreline Acquisition. Acquisition of 10 acres with three hundred feet of frontage on the North Channel of the St. Clair River. The property is located on M-29 in Clay Township immediately between the Algonac Harbor Club marina and the DNR North Channel Boat Launch site. Upon acquisition, the site will be developed with a swimming beach, kayak launch, shoreline fishing, a children's playground, picnic shelters, restrooms, maintenance facilities and parking lot. The park facilities will serve as a trailhead for the Bridge to Bay Trail that runs along M-29.	St. Clair County	St. Clair	1,926,100	500,800	1,425,300

FY 2020-21 NATURAL RESOURCES TRUST FUND LAND ACQUISITION PROJECTS						
Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
4	Bend Area Expansion Phase III. Acquisition of a 194-acre former gravel mine to expand the existing Bend Area Open Space. The goal of this acquisition is to help complete a long-term plan to establish a 700-acre park in the most populous community in Ottawa County. While roughly half the size of Kent County's Millennium Park, the Bend Area is planned in the long-term to include many similar uses, such as swimming, hiking, cycling, picnicking, fishing, and paddling. Once complete, the Bend Area will serve as a centerpiece of Ottawa County Parks' Grand River Greenway and will include land and water trail access from the Idema Explorers Trail and Grand River Water Trail. This site is a key to this vision as it would help secure the 9,658 feet of shoreline along a 138-acre lake.	Ottawa County	Ottawa	1,030,000	525,300	504,700
5	Gogebic County Forest Expansion. Acquisition of 4,000 acres of unique forestland within the existing 50,000-acre Gogebic County Forest. The Gogebic County Forest is a working forest which supports the community, the forest products industry and critical wildlife habitat while providing natural resources for public outdoor recreation. The acquisition will enable the County Forest Program to manage the resources more effectively to meet wildlife habitat goals of the DNR's Devils Creek-Chaney Lake Deer Wintering Complex Management Plan, essential to winter survival of deer in Gogebic County. This acquisition will be an asset to future generations and critical for the Western Upper Peninsula while ensuring conservation of the land for all of Michigan's citizens.	Gogebic County	Gogebic	4,300,400	1,118,200	3,182,200
6	Madeline Bertrand Park Addition. Acquisition of approximately 33 acres adjacent to Madeline Bertrand County Park along the St. Joseph River. The acquisition will allow for future development of amenities to the park and St. Joseph River trail and create a buffer to a housing subdivision.	Berrien County	Berrien	410,800	110,800	300,000

FY 2020-21 NATURAL RESOURCES TRUST FUND LAND ACQUISITION PROJECTS						
Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
7	Stearns Creek Expansion. Acquisition of a 28-acre property with 1,986 feet of creek frontage and 15.4 acres of floodplain/wetland. This area of Stearns Creek corridor has exceptional natural resource values and the subject land will be an important buffer and recreational asset.	Ottawa County	Ottawa	225,000	130,000	95,000
8	Lake Superior Sandy Beach Acquisition. Acquisition of three acres of lakefront property featuring 275 feet of sandy beach frontage on Lake Superior in Ontonagon Township. The acquisition adjoins the Village of Ontonagon Beach and is close to the township 's 54-acre lakeshore park and campground. The site, which is bisected by Lake Shore Road, offers easy access to the sandy beach, a very popular location for swimming, fishing and watching the sunset. The remaining property, on the other side of Lake Shore Road, is heavily wooded and will likely support a small picnic area and parking in the future.	Ontonagon Township	Ontonagon	137,500	37,500	100,000
9	Saturn Memorial Township Park Expansion. Acquisition of five acres to expand Whitefish Township's Saturn Memorial Park. The park will feature over 600 feet of shoreline on Lake Superior, west of Whitefish Point. The park is named for the historic wreck of the barges Saturn and Jupiter, which went down in 1872 with no survivors. The site's wide-open sandy shoreline provides a beautiful location to beach-comb, swim, paddle, sunbathe, picnic, and enjoy nature. Future plans for the park include new parking, interpretive signage, restrooms with well and rustic camping to provide for public use while preserving and protecting the pristine setting on Lake Superior.	Whitefish Township	Chippewa	250,000	65,000	185,000

FY 2020-21 NATURAL RESOURCES TRUST FUND LAND ACQUISITION PROJECTS						
Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
10	Sturgeon River Scenic Park Acquisition. Acquisition of 944 acres adjacent to the Sturgeon River featuring over four miles of river frontage, whitewater rapids, waterfalls, granite cliffs, and old growth forest. The acquisition will connect to over 3,700 acres of State Forest and provide numerous recreational activities including kayaking, fishing, bird watching, hiking, and swimming. Native and migratory fish, birds, and other wildlife which will benefit include the Canada Lynx, Gray Wolf, Northern Long-Eared Bat, and the Rusty-Patched Bumble Bee among many other species. The Superior Watershed Partnership will assist the township with annual monitoring and maintenance will be provided by the Great Lakes Conservation Corps.	Waucedah Township	Dickinson	2,838,700	709,700	2,129,000
11	Black River Ranch Acquisition. Acquisition of approximately 8,850 acres of forestland that includes over 14 miles of Black River, East Branch of the Black River, and Stewart Creek corridor as well as three inland lakes including the 150-acre Silver Lake, 11-acre Bush Lake, and two-acre Robarge Lake. The property is adjacent to the Pigeon River Country State Forest on three sides and is located in the heart of Michigan's elk range. In addition to elk, the property provides habitat for a variety of species including white-tailed deer, black bear, ruffed grouse, woodcock, bobcat, coyote, snowshoe hare, bald eagle, merlin, and a number of threatened species including Hungerford's Crawling Water Beetle, Eastern Massasauga Rattlesnake, and Kirtland's Warbler. Fish species found in the lakes include largemouth bass and panfish. The rivers are cold-water trout streams and provide habitat for brook, brown and rainbow trout.	DNR - Forest Resources Division	Cheboygan	15,000,000	12,665,000	2,335,000

FY 2020-21 NATURAL RESOURCES TRUST FUND LAND ACQUISITION PROJECTS						
Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
12	Lost Lake Nature Park Expansion. Acquisition of a 235-acre addition to Oakland Township's Lost Lake Nature Park. The property contains Michigan Natural Features Inventory Priority 1 natural areas including a prairie fen, also a statewide priority of the Michigan Wildlife Action Plan. The site is of regional and statewide significance to buffer, protect and interpret high-quality natural areas vulnerable to loss. The park would also connect to an adjacent middle school. If successful, the new 293-acre park will allow the township to increase trails to more than four miles in total and provide public access to Clam Lake and the West Branch of Stony Creek. A small portion of the acquisition, formerly farmland, is proposed for future improvements to support active recreation in the township. Existing buildings would be repurposed for a Park Visitor Center, storage and maintenance.	Oakland Charter Township	Oakland	4,108,000	1,027,000	3,081,000
13 ⁽²⁾	Nutrient Reduction - Wetland Restoration Pilot. Acquisition of 30-80 acres of a restored wetland complex within the Western Lake Erie Basin (WLEB) in either the Maumee or River Raisin watersheds. This project aims to achieve objectives in the Executive Directive 2019-14 - "to ensure full implementation of the DAP [Michigan Domestic Action Plan]." This is a pilot project that is intended to demonstrate reduction of nutrient runoff, which causes harmful algal blooms in Lake Erie, through wetland restoration in the WLEB. The DNR will work with project partners, who will purchase and develop the site into a high-functioning restored wetland complex. The completed site will be managed as a State game area by the DNR for public wildlife-related recreation and habitat conservation in addition to the nutrient reduction aspects.	DNR - Wildlife Division	Lenawee	2,800,000	1,400,000	1,400,000

FY 2020-21 NATURAL RESOURCES TRUST FUND LAND ACQUISITION PROJECTS						
Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
14	Salt River Nature Center. Acquisition of a 33-acre parcel located along the banks of the Salt River. The acquisition would provide the Township with an opportunity to develop the Salt River Nature Center, which would provide residents with public river and lake access. If acquired and enhanced, this park would provide community residents and regional visitors with an opportunity to experience, view and access the Salt River in a variety of ways. The township views acquiring this undeveloped riverfront parcel as a key step in conservation of the Salt River corridor and preserving natural resources while providing residents access to open space and park programming.	Chesterfield Township	Macomb	285,000	85,500	199,500
15	MSU to Lake Lansing Trail Hub Acquisition. Acquisition of a 1.8-acre property adjacent to Nancy Moore Park providing a vital link and the opportunity to build a rest stop for trail enthusiasts and community members to explore and utilize the region. This unique property located centrally to the trail network will provide convenient facilities to create a safer experience for users of the regional trail system. Meridian Township will be looking to integrate novel ideas into the development of this property that will create a unique experience for trail lovers and novice explorers alike. Local residents have repeatedly voted to support trail development and the Township and County have worked together to make regional trails a top priority.	Meridian Charter Township	Ingham	170,000	42,500	127,500
16	Grand - Portage River Parcel Acquisition. Acquisition of an estimated 47.6 acres of park land at the confluence of the Grand and Portage rivers. This additional land will provide access to both the Portage River and Grand River for outdoor water-based recreation activities such as canoeing, kayaking and fishing, as well as land for the Lakelands Trail linkages within Jackson County.	Jackson County	Jackson	217,200	54,300	162,900

FY 2020-21 NATURAL RESOURCES TRUST FUND LAND ACQUISITION PROJECTS						
Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
17	Algoma Rogue River Public Access. Acquisition of 2 acres of property with 200 feet of frontage on the Rogue River, a State-designated wild and scenic natural river. The site will serve as a stopping and access point trailhead on the Rogue River Water Trail.	Algoma Township	Kent	117,500	52,500	65,000
18	Sebewaing Riverside Park. Acquisition of 1.8 acres of property on the Sebewaing River to provide an access point for the Saginaw Bay Water Trail as well as picnicking and a riverside fishing location.	Village of Sebewaing	Huron	130,600	34,000	96,600
19	Hofma Park and Preserve Land Acquisition. Acquisition of 15 acres adjacent to the existing Hofma Park and Preserve. The acquisition will allow for a future northern entrance to Hofma Park and Preserve as well as direct access to the nonmotorized trail system.	Grand Haven Charter Township	Ottawa	328,400	82,100	246,300
20	North Canal Road Land Acquisition. Acquisition of a three-acre parcel for future development and connection from the East-West Pathway to the Old River Trail Pathway. This parcel will allow increased accessibility to all areas and amenities within the parks.	Delta Charter Township	Eaton	100,000	25,000	75,000
21	Pere Marquette River Access. Acquisition of 13 contiguous acres and 700 feet of river frontage adjacent to DNR's existing M-37 Boating Access Site on the Pere Marquette River. The land on the opposite side of the river is owned by Lake County. The Pere Marquette River in this area is one of the most productive brown trout, steelhead, and salmon streams in Michigan. It is heavily fished by anglers and professional river guides. This project would allow wading anglers to access another 700 feet of streambank and also ensure long-term conservation of the parcel.	DNR - Fisheries Division	Lake	149,200	0	149,200

FY 2020-21 NATURAL RESOURCES TRUST FUND LAND ACQUISITION PROJECTS						
Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
22	Lake Michigan Dune & Swale Complex Acquisition. Acquisition of 952 acres of unique forestland that includes over 1.5 miles of Lake Michigan shoreline (and access to an additional 1+ mile of shoreline on currently inaccessible adjacent State forest land); 220 acres of wooded dune and swale complex and 27 acres of sand dunes; 308 acres of wetlands; upland timber; nearly 1/2 mile of Virginia Creek corridor; and the entirety of Little Sucker Lake. The acreage is entirely located within a winter deeryard complex and provides a critical connection between two large blocks of State forest land. It is located on an important flyway for migrating neotropical songbirds and raptors and provides habitat for these birds. Habitat for white-tailed deer, black bear, ruffed grouse, woodcock, and furbearing species is also included. Recreational opportunities include hunting, fishing, trapping, hiking, snowmobiling, and birdwatching.	DNR - Forest Resources Division	Delta	2,600,000	0	2,600,000
23	Bass Lake Property Acquisition. Acquisition of 515 acres in Green Lake Township with 3,800 feet of Bass Lake frontage as well as 1,000 feet of lake frontage on Sauders Lake, along with hundreds of acres of high-quality wetlands for passive recreation and conservation. Future developments may include nonmotorized trails with a connection to the adjacent Long Lake Natural Area and interpretive signage and platforms for hunting and wildlife observation. Long-term goals include a focus on Bass Lake for paddling, fishing, swimming, hunting, and its scenic beauty.	Green Lake Township	Grand Traverse	942,000	372,800	569,200

FY 2020-21 NATURAL RESOURCES TRUST FUND LAND ACQUISITION PROJECTS						
Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
24	Railroad Point Natural Area Expansion. Acquisition of 9.3 acres to expand the existing Railroad Point Natural Area in Benzie County from 207 to 216 acres, eliminating the last private in-holding within the existing Natural Area. This project helps protect one of the most scenic portions of the Betsie Valley Trail and preserves the natural corridor between Crystal Lake and the Betsie River. Fishing, hiking, wildlife viewing, hunting, and other low impact recreational activities would be enhanced and expanded by this acquisition.	Benzie County	Benzie	971,500	252,600	718,900
25	Larkin Township Land Acquisition. Acquisition of 152.4 acres of land consisting of the western parcel which is 72.4 acres of wooded land and open field, and the eastern parcel which is 80 acres of wooded land. These parcels abut the existing Township park. The western parcel will be developed for parking, a playground, pavilion, and athletic fields. The eastern parcel will be developed with walking paths and interpretive signage.	Larkin Charter Township	Midland	1,612,300	645,000	967,300
26	Thornapple River Water Trail Acquisition. Acquisition of 31 acres to enable safe portage around the hydroelectric dam at 84th street. The parcel offers 600 feet of frontage on the Thornapple River and will allow for safe access to the river for canoes, kayaks, and tubing enthusiasts.	Kent County	Kent	1,063,000	318,900	744,100
27	Elmwood Road Land Acquisition. Acquisition of a 0.46-acre parcel on Elmwood Road for future development of the East-West Pathway & Sharp Park. This parcel will allow increased accessibility to all areas and amenities within the park. Offering a second entrance for motorized and nonmotorized park users is also possible.	Delta Charter Township	Eaton	40,000	10,000	30,000

FY 2020-21 NATURAL RESOURCES TRUST FUND LAND ACQUISITION PROJECTS						
Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
28	Thornapple Riverbend Greenspace Acquisition. Acquisition of 34 acres along the Thornapple River and southern boundary of Thornapple Riverbend Greenspace. The project includes nearly nine acres of forested land adjacent to the river and will open up an additional 692 feet of shoreline to general recreation and public shore-fishing opportunity.	Kent County	Kent	671,000	201,300	469,700
29	Stanley Road Land Acquisition. Acquisition of seven acres on Stanley Road in Oregon Township of Lapeer County. These parcels have approximately 1,000 feet of water frontage along a tributary of the Holloway Reservoir and connect two park properties already owned by Genesee County. The park property surrounding these parcels is currently used for horseback riding as well as by For-Mar Nature staff for environmental education and nature hikes. Consideration for future development may include passive recreation, hiking, horse trails, fishing, and environmental education.	Genesee County	Lapeer	338,000	87,900	250,100
30	Maple Grove Township Park Addition. Acquisition of four acres to add to Maple Grove Township Park. The township has the ability to acquire property from two landowners that about the Township's popular park.	Maple Grove Township	Saginaw	30,800	7,700	23,100
<u>AQUISITION PROJECT SUMMARY</u>						
State of Michigan Ownership (4 Projects)				\$20,549,200	\$14,065,000	\$6,484,200
Local Government Ownership (26 Projects)				<u>\$29,771,800</u>	<u>\$8,966,400</u>	<u>\$20,805,400</u>
TOTAL:				\$50,321,000	\$23,031,400	\$27,289,600

⁽¹⁾ Project descriptions provided by the Department of Natural Resources.

**FY 2020-21
NATURAL RESOURCES TRUST FUND LAND DEVELOPMENT PROJECTS**

Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
1	Veteran's Memorial Park. Development of Veteran's Memorial Park including renovation of fishing boardwalk and canoe/kayak launch on Hart Lake and construction of a shelter, restroom, plaza, parking, access routes, interpretive signs, entrance sign and amenities.	City of Hart	Oceana	994,000	694,000	300,000
2	Saginaw Riverwalk-Iron Belle Trail through Wickes Park. Development of the Saginaw Riverwalk-Iron Belle Trail through Wickes Park. The existing Riverwalk ends at the north end of 92-acre Wickes Park. The park drive in Wickes Park will be converted to accommodate the proposed trail extension. The trail will include lighting along the entire proposed path. The existing parking lots will serve as IBT trailhead parking.	City of Saginaw	Saginaw	900,000	600,000	300,000
3	Dexter-Huron Metropark - Launch and Picnic Area Renovation. Development at Dexter-Huron Metropark launch site and picnic area to improve accessibility of the park. The project includes parking lot expansion for designated trailer parking and increased accessible spaces, new loading and unloading area, a new floating boat launch, renovation of the picnic shelter, access walkways, playground and picnic area improvements and new landscaping. The 120-acre park is located northwest of Ann Arbor in Washtenaw County on the Upper Middle Huron River. Dexter-Huron Metropark is located on the National Huron River Water Trail, Washtenaw County's Border-to-Border Trail, and the Iron Belle Trail and is one of thirteen Metroparks owned and managed by the HCMA in southeast Michigan.	Huron-Clinton Metropolitan Authority	Washtenaw	385,500	192,800	192,700

**FY 2020-21
NATURAL RESOURCES TRUST FUND LAND DEVELOPMENT PROJECTS**

Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
4	<p>Lower Huron Metropark - Iron Belle Trail Extension. Development of a segment of the statewide Iron-Belle Trail connecting Lower Huron Metropark to East Huron River Drive near Belleville. The project will improve accessibility and safety to extend the trail route for a half-mile section, and include planting of trees native to Michigan, new signage and a trailhead. The 1,256-acre park is in Wayne County on the Huron River. The project will provide critical connections to the community and lengthen the existing Iron-Belle Trail through Wayne County. The trail runs adjacent to the nationally designated Huron River Water Trail and also will provide access to the park's Walnut Grove Campground, one of only two public campgrounds in Wayne County. Lower Huron Metropark is one of thirteen Metroparks owned and managed by the HCMA in southeast Michigan.</p>	Huron-Clinton Metropolitan Authority	Wayne	716,700	416,700	300,000
5	<p>Lake Lansing Park South Launch and Lot Development. Development project to construct a new accessible canoe/kayak launch and pave the existing gravel parking lot with two additional ADA parking spaces. The project also includes additional walkways to connect features for accessibility and a rain garden with native plantings as a natural way to drain the parking area and filter runoff before reaching Lake Lansing.</p>	Ingham County	Ingham	630,200	330,200	300,000

**FY 2020-21
NATURAL RESOURCES TRUST FUND LAND DEVELOPMENT PROJECTS**

Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
6	<p>Mattson Lower Harbor Park - Inclusive Playground. Development project to replace the outdated Kid's Cove Playground at Mattson Lower Harbor Park in downtown Marquette with a new inclusive playground for children of all abilities. The 13-acre park, located on Lake Superior, serves as a gathering place for visitors, residents and the surrounding community. This project will be a collaboration between the City of Marquette, Marquette Playgrounds for All and the Marquette Rotary Club, who will establish a maintenance fund. The design will follow the principles of Universal Access so that it is inclusive of all users, is flexible and intuitive, and minimizes transfer efforts. Popular playground elements, such as track rides and merry-go-rounds, will be accessible in ways that invite all users. The site will be separated into areas for younger and older children and include a poured-in-place unitary safety surfacing throughout to assist persons with mobility challenges.</p>	City of Marquette	Marquette	600,000	300,000	300,000
7	<p>Kimball Pines Development. Development of Kimball Pines County Park to revitalize a once-thriving 75-acre park by adding a new park entrance, parking lot, Iron Belle and North Country Trail parking, ADA-compatible bathrooms and universally accessible trails. A natural disaster in 2011 devastated the park's natural canopy and created issues with invasive species. This grant begins a long-awaited transformation.</p>	Calhoun County	Calhoun	388,000	194,600	193,400
8	<p>Elberta Lake Michigan Beach Improvement Project. Development at the Village of Elberta's Lake Michigan Beach to provide beach access and protect the high-quality dunes. Improvements include parking with paved accessible spaces, vault toilet, lighting, picnic pavilion and access pathways. A special beach access mat walkway will be installed so that all people can access the beach and the Elberta Pier.</p>	Village of Elberta	Benzie	465,100	165,100	300,000

**FY 2020-21
NATURAL RESOURCES TRUST FUND LAND DEVELOPMENT PROJECTS**

Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
9	Increasing Fishing Access in the Cheboygan River. Development of a boardwalk and two fishing platforms on the east side of the Cheboygan River. The project includes installation of an aggregate path connecting the platforms to downtown Cheboygan, boat launches, bathrooms, and park amenities. Lighting will be from solar wayfinding bollards that emit enough light for the path, but not enough to affect fishing for nocturnal species such as walleye.	City of Cheboygan	Cheboygan	608,000	308,000	300,000
10	Lighthouse County Park Improvements. Development of Lighthouse County Park to include an accessible canoe/kayak launch that will be part of the Lake Huron Tip of the Thumb Heritage Water Trail, replacement of an old and outdated fish cleaning station, renovation of existing woodland path and replacement of playground equipment. Additional barrier-free parking spaces, interpretive signage, and benches will be added to the park as part of this project.	Huron County	Huron	361,800	144,800	217,000
11	Development of the Silver Lake Road Connector Trail. Development of the Silver Lake Road Connector Trail through the communities of Linden, Fenton and Fenton Township, connecting Triangle Park in the City of Linden with Silver Lake Park in the City of Fenton. The proposal includes observation areas along the trail with unobstructed views of Silver Lake, emergent marsh wetlands, prairies and cultural resources. The proposed pathway benefits the southern lakes area communities by providing alternate transportation options, recreational opportunities, and regional connectivity and is contemplated as part of an overall goal to develop nonmotorized connectivity in southern Genesee County.	Southern Lakes Parks & Recreation District	Genesee	1,999,700	1,699,700	300,000

NATURAL RESOURCES TRUST FUND LAND DEVELOPMENT PROJECTS**

Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
12	Marquette Greenway Development. Development of two miles of the Marquette Greenway, a 58-mile nonmotorized trail connecting New Buffalo to Chicago's east side. A shared use path will be constructed from the US-12 Grand Beach Road entrance to the New Buffalo city limits in MDOT right of way between US12 and Amtrak. This three-state collaborative effort will result in a safe nonmotorized path connecting communities and prime destinations along the south shore of Lake Michigan. Trail users will experience the region's industrial heritage, splendid sand dunes and places such as New Buffalo with its Lake Michigan beach and the Indiana Dunes National Park in Indiana.	New Buffalo Township	Berrien	2,990,500	2,690,500	300,000
13	Fishpass Project - Union Street Dam Park Improvements. Development of new park amenities and access to the Boardman River corridor at Union Street Dam Park. The proposed work will support FishPass, a large, multi-partner project aimed at replacing the Union Street Dam with a one-of-a-kind fish passage research facility in a park-like setting. This project includes canoe/kayak launches above and below the dam, kayak slide rail with erosion-resistant landings, stepped-stone fishing access to the river, and new boardwalks that connect to existing boardwalks on both sides of the river and Hannah Park.	City of Traverse City	Grand Traverse	640,000	340,000	300,000
14	Sportsman's Park River Access Upgrades. Development project to renovate the City of East Jordan's 16-acre Sportsman's Park to improve access to the Jordan River Water Trail. The improvements will include a nonmotorized watercraft landing and accessible canoe/kayak launch as well as restrooms, fishing dock, parking and walkways.	City of East Jordan	Charlevoix	440,000	140,000	300,000

**FY 2020-21
NATURAL RESOURCES TRUST FUND LAND DEVELOPMENT PROJECTS**

Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
15	<p>Canary Lane River Access Development. Development of the recently acquired Canary Lane property for access to the Grand River Water Trail running through Blackman Charter Township. The partnership between GREAT (Grand River Environmental Action Team) and Blackman Township will allow for parking, ADA walkway to the river, and canoe launch capability with benches for river viewing. Parking will be on GREAT property, with river access on Blackman Twp. property. The township parkland is adjoining GREAT on the north and Northwest Schools on the south side and will provide for a future trail at the river's edge on the three properties.</p>	Blackman Charter Township	Jackson	90,000	45,000	45,000
16	<p>Greilickville Harbor Park - Discovery Pier Improvement. Development of Discovery Pier at Elmwood Township's Greilickville Harbor Park. The project is a recreation-based redevelopment project of the city's old coal dock. The project will provide the only Universal Access kayak launch and trailhead on the West Grand Traverse Bay Water Trail. The project includes restrooms, paved parking and a rain garden with native Michigan plants for storm water management. The project will also feature pier-based deep-water fishing, picnicking, and birdwatching. The pier will be lit with dark-sky compliant LED and include shade pavilions overlooking the bay.</p>	Elmwood Charter Township	Leelanau	610,000	310,000	300,000
17	<p>Tanglefoot Park UA Waterfront Redevelopment. Development to transform and expand the use of Tanglefoot Park from a RV park used six months a year by a limited number of visitors , to a welcoming waterfront year-round community park and trailhead for the Grand Haven/Spring Lake/Ferrysburg Trail Network and the Grand River Heritage Water Trail. Improvements include canoe/kayak launch, overlooks, fire pit, rain gardens, landscaping and parking.</p>	Village of Spring Lake	Ottawa	647,500	347,500	300,000

**FY 2020-21
NATURAL RESOURCES TRUST FUND LAND DEVELOPMENT PROJECTS**

Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
18	Mike Levine Lakelands Trail Phase 3. Development of the final phase of the Mike Levine Lakelands Trail from the existing Hawkins Road Trailhead to Parnall Road which is approximately 3.5 miles. This last segment of the trail will connect to the City of Jackson's trail system and fill a critical gap in Michigan's Iron Belle Trail. The trail will consist mostly of compacted limestone surfacing with asphalt paving near Parnall Road. This trail will attract visitors and provide transportation alternatives to local highways, which is parallel part of the trail. It will also provide economic benefits to the Jackson region as people use the trail for recreation and tourism.	DNR - Parks and Recreation Division	Jackson	2,000,000	1,700,000	300,000
19	Kayak Point Park Development. Development of Auburn Hill's eight-acre Kayak Point Park featuring a new kayak launch, parking, kayak storage and riverside trail. The park borders 800 feet of the tree-lined Clinton River, flowing from west to east, and will create a new trailhead for the developing Clinton River Water Trail. The park's design encourages enjoyment of nature along the Clinton River including benches, picnic tables, and a shade shelter connected by nature trails. Signage, lighting, and landscaping finish the design.	City of Auburn Hills	Oakland	321,100	128,500	192,600
20	Hay Creek Bridge Renovation. Development project to replace decking on the Hay Creek Bridge which is a part of the Lakelands Trail, a 34-mile-long linear trail and State park in Ingham and Livingston counties and part of the Great Lake to Lake Trail which extends from Port Huron to South Haven. The original railroad bridge was built in the 1890s and was converted for trail use in 1994. The project is important to keep the bridge safe and the trail open. The multi-use trail is suitable for biking, walking, running and equestrian use and passes through woods, pastures, picturesque wetlands. The bridge traverses Hay Creek, a tributary of the Huron River.	Hamburg Township	Livingston	108,800	58,800	50,000
21	Bunker Road Landing Renovations. Development work at Bunker Road Landing to replace the existing canoe/kayak launch and expand the parking lot. The renovation project will include walkway improvements for accessibility.	Ingham County	Eaton	102,000	52,000	50,000

**FY 2020-21

Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
22	<p>Norrie Park Renovation and Montreal River Water Trail. Development project at Ironwood's 100-acre Norrie Park, located in the southern portion of the city on the Montreal River bordering Wisconsin. The project will renovate the park's boardwalk and fishing dock and install additional paved trails and an accessible canoe and kayak launch on the river. The project also includes a second launch and take-out site further down the river to create the first leg of the Montreal River Water Trail. The new launch site will include picnic tables, parking, and shoreline stabilization improvements. Both locations will include signage with information on the water trail.</p>	City of Ironwood	Gogebic	150,500	39,200	111,300
23	<p>Patriarche Park Tennis/Pickleball Court Renovation. Development project to reconstruct a combined tennis and pickleball court surface in Patriarche Park including: removal of the existing tennis courts (2) and pickleball courts (6); construction of one tennis court and 10 pickleball courts; removal and replacement of chain-link fencing and court nets; installation of a shade structure, accessible walkways, a grill, trash/recycling receptacles, picnic tables and bike loops; and installation of pollinator-friendly gardens and retention basins. Patriarche Park is a community park with a regional draw.</p>	City of East Lansing	Ingham	500,000	200,000	300,000
24	<p>Millpond Park and Shiawassee Riverwalk. Development of an ADA-accessible kayak/canoe launch, wayfinding signage, kayak/canoe storage building, benches, accessible playground, landscaping and wellness stations within the Millpond Park which is located along the Shiawassee River Water Trail. In addition, construct approximately 400 linear feet of shared-use pathway along the Shiawassee River between W. Caroline Street and Silver Lake Road to provide a needed connection to the Linden-Argentine-Fenton-Fenton Township (LAFF) Trailway.</p>	City of Fenton	Genesee	499,600	199,600	300,000

**FY 2020-21

Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
25	<p>IBT-Jackson County Mike Levine Lakelands Trail Extension. Development of a shared use path from Monroe Street in the City of Jackson to the intersection of Cooper Street and Parnall Road in Blackman Charter Township. The development project extends the Mike Levine Lakelands Trail to the City of Jackson Grand River ArtsWalk Trail and the City nonmotorized network, which connects to the Falling Waters Trail and continues west toward Albion and Marshall in Calhoun County. The proposed trail is not only an extension of the Mike Levine Lakelands Trail but also part of Route 1 of the Great Lake-to-Lake Trail as well as the Iron Belle Trail, all three significant regional and statewide trail systems. The proposed segment will close a key gap in what will be an uninterrupted 44-mile long safe nonmotorized route that currently starts in Winkelhaus Park, Hamburg Township (Livingston County), and ends in Concord, Jackson County.</p>	Jackson County	Jackson	3,777,400	3,477,400	300,000
26	<p>Iosco Exploration Trail, Phase III. Development to extend the Iosco Exploration Trail/Iron Belle Trail approximately three miles west from the terminus of the trail at the Oscoda High School. The trail will connect to a variety of nonmotorized uses, as well as cross country skiing, wildlife viewing, and fishing opportunities.</p>	Oscoda Charter Township	Iosco	1,784,400	1,484,400	300,000
27	<p>Iron Belle Trail from Atlas Township to Grand Blanc Township. Development of a 2.28-mile section of the Iron Belle Trail in Genesee County along the south side of Perry Road stretching from Atlas Township to Grand Blanc Township. This section of trail will provide nonmotorized access to the outdoor recreation opportunities provided by the Genesee County Parks facilities at Atlas County Park. Outdoor recreation opportunities include paddling Kearsley Creek, shore fishing, and hiking. This trail connects end points of the Iron Belle Trail.</p>	Genesee County	Genesee	2,329,700	2,029,700	300,000

**FY 2020-21
NATURAL RESOURCES TRUST FUND LAND DEVELOPMENT PROJECTS**

Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
28	<p>Little Presque Isle Trail Development and Renovation. Development of trailways at the Little Presque Isle recreation area, a popular hiking, swimming, picnicking, fishing, mountain biking, hunting and birdwatching area due to its proximity to the City of Marquette. Due to a growing local community and marketing of the Iron Belle Trail, which this area serves, the recreation area is increasing in popularity, causing wear and tear and the need for extensive renovation. This project includes boardwalk construction, trail re-routing, trail drainage, trailhead parking lot improvements, and footbridge renovations.</p>	DNR - Parks and Recreation Division	Marquette	300,000	0	300,000
29	<p>Iron Belle Trail - Homer Gap Development. Development of a section of the Iron Belle Trail to eliminate gaps in the Village of Homer. The project will bring the Iron Belle Trail route within the village up to AASHTO Guidelines for Hiking and Bicycling. The trail will be widened along Sophia Street between E. Sprague Street south to E. Leigh Street. Two new trail sections will be constructed, one on the south end of Sophia Street on E. Leigh Street, and the other on the north end of Sophia Street on E. Sprague Street. Existing trail will be widened and new trail built within Grist Mill Park which is south of M-60 to the east of North Clay Street in Homer. The construction of and existing trail improvements will accommodate the level of service required within the village, and make improvements necessary to accommodate universal accessibility.</p>	Village of Homer	Calhoun	136,000	35,000	101,000
30	<p>Swartz Creek Genesee Valley Trail Development. Development of trailway in concert with a Transportation Alternatives Program-funded grant through the Michigan Department of Transportation (MDOT). The City of Swartz Creek, along with MDOT, is hoping to develop two miles of trail that will connect the west side of the City to its east side and connect the entire City of Swartz Creek to the Genesee Valley Trail. This trail project begins in Elms Park at the termination of the MDNR Recreation Passport Grant RP15-0003 Universally Designed trail and will terminate at Norko Drive in Flint Township. This connection will allow nonmotorized and ADA access from Swartz Creek to Flint Township and connects to the City of Flint and the Iron Belle Trail.</p>	City of Swartz Creek	Genesee	1,005,700	705,700	300,000

Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
31	Bridge to Bay Regional Trail Connector. Development of a portion of the popular "Bridge to Bay" regional trail in the city of Port Huron at both the north and south city boundaries. There are several smaller segments of the trail within the core of the community and partial connectors on the north side to the Fort Gratiot Trail System to the south at the Marysville Trail link and potential links to the nonmotorized pathways connecting townships and villages on the west and the International Blue Water Bridge to the east. The goal is to complete as many gaps in the trail system as feasible, to provide access and create routes that combine easy neighborhood access, linkage to parks, schools, commercial sites and natural surroundings that would encourage pedestrians, bikers, runners, and those with mobility challenges to enjoy outdoor public spaces.	City of Port Huron	St. Clair	749,000	462,000	287,000
32	Hofma Park & Preserve - Trail Expansion & Universal Design. Development of a new trail network at the 566-acre Hofma Park and Preserve. Improvements include nearly three miles of multi-use and hiking trails, boardwalk, parking, native landscaping, and observation deck within an area noted as having a high probability ranking per the Michigan Natural Features Inventory. The trails will interconnect and expand an existing trail network in the park.	Grand Haven Charter Township	Ottawa	862,400	562,400	300,000
33	Ottawa Hills Park Improvements. Development of a restroom building, parking and amenities at Ottawa Hills Park, a neighborhood park serving a diverse neighborhood adjacent to Ottawa Hills High School.	City of Grand Rapids	Kent	354,200	106,300	247,900
34	Fremont Branstrom Park Warming Lodge. Development of a warming lodge, parking and access routes at Branstrom Park to replace the original 60-year-old rustic lodge. The new lodge will be located close to the sledding hill and outdoor ice rink.	City of Fremont	Newaygo	370,100	111,100	259,000
35	Torch River Bridge Boating Access Site Redevelopment. Development project to expand the existing Torch River Bridge Boating Access Site using recently acquired property adjacent to the original launch site. The proposed site renovation will include the removal of existing structure on the new property and expansion of the paved parking area.	DNR - Parks and Recreation Division	Antrim	300,000	0	300,000

**FY 2020-21
NATURAL RESOURCES TRUST FUND LAND DEVELOPMENT PROJECTS**

Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
36	Arbutus Lake #5 Park Improvements. Development at Arbutus Lake #5 Park to better accommodate increased park use, provide universal access and improve sustainability. The project includes an accessible canoe/kayak launch, fishing pier, access paths, benches, picnic areas, accessible beach mat, shoreline improvement and rain garden to filter and slow stormwater runoff into the lake.	East Bay Township	Grand Traverse	600,000	300,000	300,000
37	Portage Creek Fishing Access. Development project to provide parking and construct a stream-side fishing platform on Portage Creek, a tributary of Big Manistique Lake. The project, near Curtis on Manistique Lakes Road (CR H-33), will include access and safety improvements to the popular fishing site such as new barrier-free parking, an access walk, and a stream-side fishing platform with built-in bench to allow persons with mobility issues to enjoy fishing. Portage Creek is best known as a great fishing spot to catch suckers in spring and summer. The lake also contains a remnant population of Lake Sturgeon which may sometimes be seen at this location.	Portage Township	Mackinac	74,300	24,300	50,000
38	Shoepac Creek Fishing Access. Development project to improve fishing access on Shoepac Creek at Sherman Road, west of Curtis. One of the most popular creekside fishing sites in Portage Township, it is located on the only road leading to the popular South Manistique Lake State Forest Campground. Improvements include barrier-free parking, accessible boardwalks and fishing platforms on both sides of the river. Persons, including those with mobility challenges, will be able to safely access the creek, away from the roadway. Shoepac Creek, a tributary of South Manistique Lake, is popular for panfish and bass.	Portage Township	Mackinac	83,600	33,600	50,000
39	Danford Island Park Restroom Development. Development project to construct a universally accessible restroom building, a bench, an interpretive sign and approximately 300 square feet of access pathway.	Village of Dimondale	Eaton	210,000	84,000	126,000
40	Jackson Mine Park Playground Development. Development project for a playground at Negaunee's Jackson Mine Park. The park is located within a 900-acre tract west of Negaunee which features multiple recreational opportunities including the Iron Ore Heritage Trail, single-track mountain	City of Negaunee	Marquette	167,600	41,900	125,700

**FY 2020-21
NATURAL RESOURCES TRUST FUND LAND DEVELOPMENT PROJECTS**

Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
	bike trails, snowmobile and ORV trails, and historic elements that help convey the region's rich mining history. The community playground will be located at the main entrance to the park adjacent to downtown Negaunee. The barrier-free playground will feature a variety of play equipment, access walkways and seating.					
41	Sturgeon River Sloughs Bridge Development. Development of a vehicular and pedestrian bridge providing access to 200 acres of the Sturgeon Rivers Sloughs SWMA. This project will replace an aged 12 x 50-foot bridge in Houghton County that was damaged during the catastrophic flood event in June 2018. Engineers inspecting the bridge condemned it as unsafe and determined it was not salvageable. This bridge has been used for decades by sportspersons to access valuable hunting land and by field managers to conduct intensive management operations. During the winter months, this bridge is the singular connection between the north and south sections of Snowmobile Trail #15, running between Baraga and Chassell, Michigan. Restoring the bridge will return management to the project area and open it to hunters, trappers, and anglers and reopen the snowmobile trail.	DNR - Wildlife Division	Houghton	325,000	25,000	300,000
42	I-94 Nonmotorized Crossing at Huron Street Overpass. Development project in the City of Ypsilanti with the Michigan Department of Transportation to create a nonmotorized pathway across I-94 at Huron Street. Currently the overpass has no sidewalks or safe routes of travel for bicyclists or pedestrians. The overpass pathway will connect the nonmotorized network in the city with the planned Ypsilanti Township nonmotorized pathway system from the south city limit to South Huron River Drive, linking to existing pathways as well as North Bay Park. On the north side, bike lanes on Hamilton and Huron will link to downtown Ypsilanti, as well as the parks and the Border-to-Border Trail. The project will remove a major barrier and create a loop off the Border-to-Border/Iron Belle Trail around Ford Lake, with access to downtown Ypsilanti's walkable commercial districts as well as to Ypsilanti Township.	City of Ypsilanti	Washtenaw	2,940,200	2,640,200	300,000

**FY 2020-21
NATURAL RESOURCES TRUST FUND LAND DEVELOPMENT PROJECTS**

Priority	Project ⁽¹⁾	Proposed Owner	County Location	Total Cost	Match	Trust Fund
43	Deerlick Creek Park Development. Development at Deerlick Creek Park to include an accessible picnic table on ADA surfacing, signage, a recycling bin and native plantings. This will provide expanded support and resting places for users of the park.	South Haven Area Recreation Authority	Van Buren	20,000	5,000	15,000
44	Boyne City to Charlevoix Trail - Phase 3. Development of two miles of the Boyne City to Charlevoix Trail from North Springwater Beach Road through the Village of Horton Bay to the Teesdale Nature Preserve, partially along Lake Charlevoix. The paved 10-foot-wide trail will ultimately connect the City of Boyne City with the Little Traverse Wheelway, just east of Charlevoix, a total distance of 14 miles. This segment is the third of five phases.	Charlevoix County	Charlevoix	944,000	651,400	292,600
45	Rawson's King Mill Park Renovations. Development to renovate a public restroom and pavilion at Rawson's King Mill Park. As part of the county's designated water trail network, these upgrades will provide amenities identified as high priority to water trail users and help to increase access to the unique natural features of the historic mill site. Located along Nottawa Creek, Rawson's King Mill Park offers scenic waterfalls, a historic mill, and over eight acres of bridges, paths and gardens. Because of its unique beauty, Rawson's is a favorite spot for photographers and nature lovers. The upgrades will significantly improve a high priority site identified in the St. Joseph County five-year Parks and Recreation Plan and increase access to high quality natural resource recreation opportunities.	St. Joseph County	St. Joseph	66,700	16,700	50,000
46	Central Park Pathway and Launch. Development project for a walking trail and canoe and kayak launch in Milford's 17-acre Central Park on the Huron River. The Village of Milford is an official Trail Town on the Huron River Water Trail, a State and nationally designated water trail. The project will include pathways from the parking to the launch to facilitate easy access for persons of all abilities. The new accessible launch location will further integrate the natural river corridor with the Village of Milford, enhancing Central Park as Milford's gateway to the water trail.	Village of Milford	Oakland	87,600	43,800	43,800
