 Municipal Employees' Retirement System

June 28, 2024

Enclosed, please find a copy of the Annual Comprehensive Financial Report (ACFR) for the Municipal Employees' Retirement System (MERS) of Michigan for the fiscal year ending December 31, 2023, pursuant to MCL 38.1536(2)(f).

MERS is an independent, non-profit professional retirement services company created to administer retirement plans for local units of government across Michigan.

MERS proudly serves 1,038 municipalities across Michigan—from the western Upper Peninsula to Wayne County—encompassing over 190,000 accounts, representing police officers and firefighters, road crews and medical staff, librarians, clerks, and countless other public servants who protect and serve the communities we call home.

Managing more than \$16 billion in total assets, our mission is to partner with those who serve Michigan communities to provide retirement benefits and related services to support a secure retirement. We provide expertise and services to help municipalities big and small keep their retirement promises. The MERS Defined Benefit Portfolio experienced solid investment returns recording an investment gain of 11.92% based on gross rate of return significantly outperforming our actuarial assumed rate of return of 7.0%. MERS also continues to offer a broad range of flexible and customizable plans to fit different budgets and goals.

Since benefits are determined at the local level, our role as the plan fiduciary is to ensure that each municipality’s assets are adequate to provide for the benefits that have been promised, and that each plan is making reasonable progress to achieve full funding. In fact, the majority of our customers have taken additional steps to reduce unfunded liabilities by implementing plan design changes and/or funding strategies.

MERS leadership is committed to fairness, transparency and accountability, and has a deep understanding of fiscal best practices. We work closely with municipal leaders and staff to help bring transparency and fiscal best practices to their plans.

MERS policies are in alignment with Public Act 202 of 2017 (PA 202) best practices, including conducting an actuarial experience study at least every five years, with a peer actuarial audit or rotation of actuaries at least every eight years. MERS has also led policy efforts by instituting a fixed amortization policy, developed a tax-exempt trust to pre-fund OPEB liabilities and continues to offer innovative plan designs in an effort to assist local units in addressing unfunded liability concerns while offering competitive benefits.

We are proud of the fact that the vast majority of plans have taken proactive steps to achieve full funding. We will continue to assist MERS customers with reporting for PA 202, as well as completing and implementing Corrective Action Plans (CAP), as needed.

The team at MERS is made up of top industry experts who apply fiscal best practices to give members peace of mind and security in their retirement. We also stand ready to serve as a resource for state leaders and policy makers as they examine and address public policy affecting retirement and unfunded liability.

If you have any questions concerning this report, please contact me. The report can also be found on our website at www.mersofmich.com.

Sincerely,
Kerrie Vanden Bosch
Chief Executive Officer

June 28, 2024

I am pleased to present to the Michigan Legislature the 31st annual Asset Forfeiture Report. Michigan’s asset forfeiture laws provide for the seizure of cash and property assets of drug traffickers and other criminal organizations when that property is obtained through illegal activity. The report this year is submitted under the Uniform Forfeiture Reporting Act, Public Act (PA) 148 of 2015, and the conviction requirements of PA and PA 9 of 2019.

PA 148 added reporting requirements and submission of a summary to the Michigan Department of State Police of the reporting agency’s activities regarding forfeiture of property under four sections of law: Public Health Code, MCL 333.7521-MCL 333.7533 (Controlled Substances); the Identity Theft Protection Act, MCL 445.79d; Revised Judicature Act of 1961, MCL 600.4701-600.4709 (Omnibus); and Revised Judicature Act of 1961, MCL 600.3801-600.3840 (Public Nuisance). Additionally, the type of information to be reported for each seizure and forfeiture of property was expanded to provide for greater transparency regarding the government seizure of private property.

Effective August 7, 2019, a criminal conviction became required before certain property seized under the Public Health Code can be forfeited to law enforcement.

This report covers the period from January 1, 2023, through December 31, 2023. This is the sixth report in which all reporting agencies submitted forfeiture data based upon the calendar year. Almost \$9.4 million in cash and assets amassed by drug traffickers was forfeited. Asset forfeiture funds were utilized to support law

enforcement by providing resources for equipment, personnel, vehicles, training, and supplies. Assets seized pursuant to this program also allowed some agencies to contribute monies to non-profit organizations that assist in obtaining information from citizens for solving crimes.

I submit this report for your information and review.

Sincerely,
James F. Grady II
Director

State Court Administrative Office

July 1, 2024

MCL 769.1k(9) requires the State Court Administrative Office to submit to the Legislature and Governor an annual report of court costs imposed on and collected from criminal defendants. The report for calendar year 2023, due July 1, 2024, is posted here.

The report, however, does not reflect all court costs imposed or collected by local trial courts. Michigan's current trial court case management system (CMS) is fragmented and nonunified. The resulting data does not produce accurate reports. All three branches of government rely on these reports in making management and policy decisions. Thankfully, with the support of the Executive and Legislative branches, we are consolidating trial court case management into one statewide, unified CMS. This CMS will provide accurate, real-time data reports, including court costs imposed and collected.

Unfortunately, as CMS consolidation continues, we will still have incomplete and inaccurate reports. Problems with this report include the following:

- First, five district courts and seven family courts have not yet reported to SCAO their 2023 figures. These courts are noted in the report as being missing. The statewide, unified CMS will include this data in a central data analytics repository and will not rely on individual trial court action.

- Second, after a review of criminal cash codes, we now know that when courts submit their annual figures that they are not including all assessments authorized under MCL 769.1k(1)(b)(iii) as required. This data collection challenge will also be corrected once a statewide, unified CMS is deployed.

As we collect more reports from trial courts and work with local trial courts to obtain accurate figures, we will update the document posted online and notify you.

MCL 769.1k(1)(b)(iii) allows courts to impose costs of court operations in cases with a felony, misdemeanor, or designated juvenile conviction until December 31, 2026.

July 5, 2024

Public Act 270 of 1984, Sec. 88(t)(8) (Act) requires the Michigan Strategic Fund (MSF) to provide you with notice, and a copy, of a request received by the MSF to modify an existing written SSRP grant agreement within five (5) business days of receiving the request. The Act also requires an explanation to you of the provisions of an SSRP grant to be modified and notice of the proposed SSRP grant amendments to be published on the MSF's website at least one (1) business day prior to the MSF public hearing on the proposed amendments. Finally, the Act requires that if the MSF approves and modifies an SSRP grant, the MSF is required to provide you with a copy of the amended SSRP grant agreement within one (1) business day of completion of the modification.

On October 27, 2023, the MSF and the Marshall Area Economic Development Alliance (MAEDA) signed an SSRP grant agreement memorializing an SSRP award to MAEDA in the total amount of \$185.3 million in connection with MAEDA'S land acquisition, assembly and site development activities within the Marshall Mega-Site in Marshall, Michigan (MAEDA Grant).

On July 3, 2024, MAEDA requested MSF consideration of modifications to the MAEDA Grant. Attached is an explanation of the provisions of the MAEDA Grant to be modified along with the rationale for consideration, and a copy of MAEDA's request.

MAEDA's requested modifications to the MAEDA Grant will be published on the MSF website as required by the Act prior to presentation to the MSF Board for consideration. Additionally, as required by the Act, if the modifications are approved by the MSF, the MSF will provide you with a copy of the amended MAEDA Grant.

Respectfully,
Dana Nessel
Acting Governor and Attorney General

The following message from the Governor was received on July 18, 2024, and read:

EXECUTIVE ORDER
No. 2024-5

Department of Agriculture and Rural Development; Department of Environment, Great Lakes, and Energy; Department of Health and Human Services; Department of Labor and Economic Opportunity; Department of Licensing and Regulatory Affairs; Department of Technology, Management, and Budget; Department of Transportation; and Department of Treasury

Executive Reorganization

During my time in office, I have demonstrated my commitment to cutting red tape and streamlining government. I have signed legislation that makes it easier for Michigan families to transfer assets when a family member has passed. I have worked with our legislature to remove inefficient, duplicative steps in agencies' rules review processes. And I have done away with ranking systems that hobbled our schools. Now, I am turning my attention to Michigan's boards, councils, commissions, and committees.

Michigan boasts over 250 of these boards, which are made up of over 2,300 appointees. From our many agricultural commodities boards, to our professional licensing boards, to our cultural and ethnic advocacy commissions, the myriad of interests, industries, and perspectives that make Michigan a wonderful place to live, work, and raise a family are represented across our state boards and commissions.

But some of these boards no longer serve their original purposes. Some were created with specific mandates that have been met or exceeded. Others have changed scope in ways that no longer align with practical realities, the current state of issues, or our current understanding of technology. Still others are duplicative of other boards, which can create both redundancies and conflicts. More were created with a focus on specific perspectives through a number of designated seats that no longer accurately represent the field of view or serve the interest of the council or committee.

In the interest of good government, I am proactively correcting these issues, including the rightsizing of boards and commissions, the adjustment of seat designations and, in some cases, the modification or abolishment of certain committees and councils. In doing so, I am cutting red tape and taking action to ensure governmental power rests where it ought, and that Michigan's government works for Michiganders.

Section 1 of article 5 of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the Governor.

Section 2 of article 5 of the Michigan Constitution of 1963 empowers the governor to make changes in the organization of the executive branch of state government or in the assignment of functions among its units that are necessary for efficient administration.

Certain changes to several state boards, commissions, and councils are needed. These changes will ensure the efficient administration and effectiveness of government.

Acting pursuant to the Michigan Constitution of 1963 and Michigan law, I order the following:

1. General Provisions

(a) Enforceability. This Order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party.

(b) Severability. The provisions of this Order are severable, and if any provision, or portion thereof, is held unconstitutional or otherwise invalid, such unconstitutionality or invalidity does not affect the remaining provisions, which remain in force.

(c) No Abatement. This Order is not intended to abate a proceeding commenced by, against, or before an officer or entity affected by this Order. A proceeding may be maintained by, against, or before the successor of any officer or entity affected by this Order.

(d) Implementation.

(1) The director of any department receiving a transfer under this Order shall provide executive direction and supervision for the implementation of all transfers to that department under this Order.

(2) The functions and responsibilities transferred to a department under this Order will be administered under the direction and supervision of the director of the department receiving a transfer under this Order.

(3) Any records, personnel, property, and unexpended balances of appropriations, allocations, and other funds used, held, employed, available, or to be made available to any entity for the authority, activities, powers, duties, functions, and responsibilities transferred to a department receiving a Type II or Type III transfer under this Order are transferred to that same department receiving such a transfer under this Order.

(4) The director of any department receiving a transfer under this Order shall administer the functions and responsibilities transferred to the department receiving a transfer under this Order in such ways as to promote efficient administration and may make internal organizational changes as administratively necessary to complete the realignment of responsibilities under this Order.

(5) State departments, agencies, and officers shall fully and actively cooperate and assist the director of a department with implementation responsibilities under this Order. The director of a department with implementation responsibilities under this Order may request the assistance of other state departments, agencies, and officers with respect to personnel, budgeting, procurement, telecommunications, information systems, legal services, and other management-related functions, and the departments, agencies, and officers shall provide that assistance.

(6) The State Budget Director shall determine and authorize the most efficient manner possible for handling financial transactions and records in this state's financial management system necessary to implement this Order.

(7) A rule, regulation, order, contract, or agreement relating to a function or responsibility transferred under this Order lawfully adopted before the effective date of this Order will continue to be effective until revised, amended, repealed, or rescinded.

2. Definitions

(a) "Type II transfer" means that phrase defined under section 3(b) of the Executive Organization Act of 1965, 1965 PA 380, as amended, MCL 16.103.

(b) "Type III transfer" means that phrase as defined under section 3(c) of the Executive Organization Act of 1965, 1965 PA 380, as amended, MCL 16.103.
