Overview

The Michigan Department of Corrections (MDOC) is responsible for operation and maintenance of the state's 26 correctional facilities that house felony offenders sentenced to prison. This includes provision of physical and mental health care, education, food service, transportation, and reintegration programming. The department is also responsible for supervision of all parolees and probationers under the department's jurisdiction and has oversight over community corrections programs and other programs designed to encourage alternatives to prison placement for appropriate offenders. As of August 1, 2025, the department was responsible for 73,029 offenders: 32,386 prisoners; 31,508 probationers; and 9,135 parolees. Compared to last year on August 1, there has been a net decrease in the total number of offenders. The total decreased by 1,178, or by 1.6%. The number of prisoners decreased by 534, or 1.6%. The number of probationers decreased by 701, or 2.2%. The number of parolees increased by 57, or 0.6%.

<u>Executive</u> includes \$17.3 million Gross (\$17.1 million GF/GP) to support costs associated with restructuring the pay schedule for corrections officers, effective October 1, 2024. Under the collective bargaining agreement, all pay steps received a 5% base-pay increase and the first two steps of the pay schedule were eliminated. This results in officers reaching the highest level of pay in 3 years instead of in 5 years. <u>Senate</u> concurs. <u>House</u> includes \$121,400 Gross less than the executive because the Detroit Detention Center was conveyed to the City of Detroit and there is no longer a need to authorize funding for MDOC staff at the center.	GF/GP	NA	\$17,142,000
2. 54-Month Pay Step for Corrections Officers and Supervisors	Gross	NA	\$14,984,000
<u>Executive</u> includes \$15.1 million Gross (\$15.0 million GF/GP) to support costs of adding a new top pay step at the end of 54 months of service for corrections officers and increasing hourly pay rates for shift supervisors. The new step provides a \$1.30 per hour increase over the old top step at 42 months for corrections officers, and an hourly increase of \$1.30 was approved for each pay step for shift supervisors. These pay increases were approved by the Civil Service Commission in December 2024 and will become effective October 1, 2025. <u>Senate</u> concurs. <u>House</u> includes \$159,500 Gross less than the executive because the Detroit Detention Center was conveyed to the City of Detroit and there is no longer a need to authorize funding for MDOC staff at the center. Overview

The Department of Treasury is the chief fiscal agency of the state and the primary source of advice to the governor on tax and fiscal policy issues. The department's mission is to collect state taxes; to invest, control, and disburse state monies; and to protect the state's credit rating and that of its cities. The department manages one of the nation's largest pension funds, administers revenue sharing, and administers student financial aid programs. It also investigates fraudulent financial activity, provides assistance on all property tax-related issues, and advises issuers of municipal obligations. The Bureau of State Lottery, the Michigan Gaming Control Board (MGCB), and the State Building Authority (SBA) are autonomous agencies housed within the department.

Overview

Article VI of the State Constitution of 1963 forms the basis for Michigan's judicial branch of government. The Judiciary budget provides operational funding for the Michigan Supreme Court, the Court of Appeals, the State Appellate Defender Office, and other judicial agencies. The budget funds the salaries of justices of the Supreme Court and judges of the appeals, circuit, probate, and district courts according to constitutional and statutory requirements. Funding assistance for local trial court operations is provided through a variety of grant programs. The largest of these, the Court Equity Fund Reimbursement program, reimburses counties for trial court operations based on a statutory formula that recognizes circuit and probate caseloads and the number of judgeships.

Overview

The state transportation budget supports state and local highway programs, public transportation programs, aeronautics programs, and administration of the Michigan Department of Transportation (MDOT). Historically, approximately two-thirds of the revenue in this budget has come from state restricted revenue, with approximately one-third from federal sources. State-restricted revenue in this budget includes revenue from motor fuel taxes, vehicle registration taxes, as well as from a \$600.0 million earmark of Income Tax Act revenue, and an earmark of revenue from the state excise tax on recreational marijuana. For FY 2025-26, approximately \$4.0 billion in state restricted revenue will be credited to the Michigan Transportation Fund (MTF) and then distributed in accordance with 1951 PA 51 ("Act 51") to other state transportation funds and programs, including the State Trunkline Fund (STF), the Comprehensive Transportation Fund (CTF), and local road agencies (county road commissions and cities/villages). Revenue from aviation fuel and registration taxes, as well as a portion of Airport Parking Tax revenue, is credited to the State Aeronautics Fund for aeronautics programs. Federal funds for transportation programs are authorized under the federal Infrastructure Investment and Jobs Act (IIJA).
