Senator Stephanie Chang of the 3rd District offered the following invocation:

We bow our heads in recognition of the great service and sacrifice some have been asked to make. Living through the horror that is war, facing death or physical harm as a spectre looming around any corner, we say “thank you,” and know it will never be enough.

Help us to embrace those we have sent forth in our names into danger; give us the strength of will to serve them as they have served us. May they never hunger; may they never thirst. May there always be meaningful work for their hands; may they receive healing care in abundance; and may we, the grateful heirs of a nation built on the idea of liberty, be faithful to pursuing that dream in our own lives and actions. Help us to be vigilant and never complacent. Let each one of us take personally this charge.

May it be so and may it be so. Amen.

The Assistant President pro tempore, Senator Geiss, led the members of the Senate in recital of the *Pledge of Allegiance*.

Colleagues, I'd like to take a moment to recognize and congratulate an exemplary staff member from the Legislative Service Bureau who will soon be starting a new and exciting chapter in his well-deserved retirement. Tom Valli began his tenure in the LSB's legal division over 38 years ago, making him the longest-serving legislative drafter in the history of the Bureau—what an impressive accomplishment. Now a senior attorney, Tom is not only known as LSB's expert in amendments and the Natural Resources and Environmental Protection Act, he is also known as an intelligent, kind, hardworking colleague who leads by example and is always willing to lend a helping hand. He is described by his team as a skilled and thorough checker, which are especially important qualities for bill drafters—the unsung heroes of our legislative process.

Tom, the work you have dedicated to the past 38 years of your career is quite literally indispensable to this institution. You should be incredibly proud of what you have achieved to move our state forward. On behalf of my colleagues and the colleagues who you've mentored, the lawmakers and staff you've worked with, and the entire Michigan Legislature that has benefitted from your hard work, thank you for all you have done.

Colleagues, please join me in congratulating Tom on his retirement, and thanking him for his dedicated service to the Legislature and to the people of Michigan. We wish you nothing but the best. Thank you.

Resolutions

Senators Victory and Daley offered the following resolution:

Senate Resolution No. 85.

A resolution to urge Michigan’s United States Senators Elissa Slotkin and Gary Peters to vote in support of H.R. 5371 to reopen the federal government and resume funding for critical government programs, such as the Supplemental Nutrition Assistance Program, that are essential for many Michigan families.

Whereas, The federal government shutdown will likely lead to disruptions in critical government services that Michigan residents rely on. The federal government recently posted a public notice and informed state departments that the federal government will be freezing federal aid for Supplemental Nutrition Assistance Program (SNAP) benefits beginning on November 1, 2025; and

Whereas, SNAP is a critical program that provides food benefits to nearly one and a half million Michiganders. Michigan also leverages the SNAP program to implement the Double Up Food Bucks program, which encourages beneficiaries to buy fresh, healthy fruits and vegetables; and

Whereas, The United States House of Representatives has passed legislation, H.R. 5371, to provide short-term funding for the federal government while the bipartisan appropriations process continues; and

Whereas, Hundreds of thousands of federal employees have begun to miss paychecks and are furloughed or working without pay. Continuing the government shutdown will exacerbate the impact on Michiganders and citizens across the United States; now, therefore, be it

Resolved by the Senate, That we urge Michigan's United States Senators Elissa Slotkin and Gary Peters to vote in support of H.R. 5371 to reopen the federal government and resume funding for critical government programs, such as the Supplemental Nutrition Assistance Program, that are essential for many Michigan families; and be it further

Resolved, That copies of this resolution be transmitted to United States Senator Elissa Slotkin and United States Senator Gary Peters.

Pursuant to rule 3.204, the resolution was referred to the Committee on Government Operations.

Senator Theis was named co-sponsor of the resolution.

Senators Chang, Cavanagh, Bayer and Moss offered the following resolution:

Senate Resolution No. 86.

A resolution to urge the United States Congress to pass legislation to require immigration officers to display visible identification, prohibit immigration officers from covering their faces, and limit immigration enforcement actions in sensitive locations.

Whereas, The federal government of the United States is responsible for the enforcement of immigration law within its jurisdiction. In the United States, enforcement of the law is meant to be an open and honest activity of the government; and

Whereas, Since the early months of the current federal administration, federal agents have been making arrests under the cover of anonymity, without clearly identifying themselves as law enforcement. Enforcement actions have been carried out by agents wearing hoodies and masks, donning civilian clothes rather than uniforms, and not displaying badges or other indicia of authority. These agents arrive at raids on public areas in unmarked cars, such that individuals do not know if they are being approached by law enforcement or criminals; and

Whereas, In 2025 there have been multiple reports of individuals impersonating U.S. Immigration and Customs Enforcement officers. Some individuals have claimed to represent immigration enforcement authorities to engage in vigilantism, while others have assumed this persona to commit crimes. The methods being used by immigration authorities are making it harder to verify whether an individual is an officer, creating opportunities for impersonators to do harm; and

Whereas, Clear, consistent, visible identification helps reduce miscommunication during enforcement encounters, strengthens officer credibility, and improves public cooperation, all of which are vital to mission success; and

Whereas, In our nation, law enforcement officers should not only clearly identify themselves but also exercise restraint in encroaching on certain sensitive locations. Proper respect for individuals' privacy and the right to be free from government interference is a principle embodied in many aspects of the United States Constitution, and particularly the Fourth Amendment. As the Supreme Court of the United States has said, the Fourth Amendment "seeks to secure 'the privacies of life' against 'arbitrary power,'" and "a central aim of the Framers was 'to place obstacles in the way of a too permeating police surveillance.'" We should continue to uphold these values by establishing limits on the powers of federal law enforcement to act in locations where we, as a nation, feel that individuals should be free to come and go without fear of detention or arrest; and

Whereas, Legislation has been introduced in the United States Congress to promote transparency and accountability in federal immigration enforcement actions. Senate Bill 2212 of 2025, the "Visible Identification Standards for Immigration-Based Law Enforcement Act of 2025" or the "VISIBLE Act," would require immigration officers to display visible identification during public-facing immigration enforcement actions, including the officer's employing agency and their last name or badge number. Furthermore, it would prohibit immigration officers from wearing non-medical face coverings, with limited exceptions for covert, non-public operations or to guard against hazardous environmental conditions. These measures would alert members of the public to an officer's status and help individuals verify that they are interacting with a real member of law enforcement; and

Whereas, Legislation has also been introduced to protect the privacy and dignity of individuals from unnecessary interference by federal immigration authorities. Senate Bill 455 of 2025, the "Protecting Sensitive Locations Act," would limit immigration enforcement actions in sensitive locations and establish rules for how immigration agents are to conduct themselves in these locations. "Sensitive locations" would include, for instance, healthcare facilities, schools, places of worship, funerals, weddings, courthouses, and public assistance offices. Such legislation would reassure individuals that they may travel to and from these essential locations without fear; and

Whereas, Our nation's immigration authorities have embraced policies restricting enforcement actions in or near "sensitive locations" or "protected areas" for over three decades, under both Democratic and Republican leadership. It is time we codify the commonsense protections provided under the policies of five administrations – the Clinton Administration, the Bush Administration, the Obama Administration, the first Trump Administration, and the Biden Administration – into law; now, therefore, be it

Resolved by the Senate, That we urge the United States Congress to pass legislation to require immigration officers to display visible identification, prohibit immigration officers from covering their faces, and limit immigration enforcement actions in sensitive locations; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, the Speaker of the United States House of Representatives, the Majority Leader of the United States Senate, and the members of the Michigan congressional delegation.

Pending the order that, under rule 3.204, the resolution be referred to the Committee on Government Operations, Senator Singh moved that the rule be suspended.

The motion prevailed, a majority of the members serving voting therefor.

The question being on the adoption of the resolution,

Senator Singh moved that the resolution be referred to the Committee on Civil Rights, Judiciary and Public Safety. The motion prevailed.

Senator Anthony offered the following resolution:

Senate Resolution No. 87.

A resolution to commemorate the 75th anniversary of the Michigan State Employees Association (MSEA).

Whereas, The Michigan State Employees Association (MSEA) was founded on November 21, 1950 by a visionary group of 100 dedicated state employees and their lawyer, Archie C. Fraser; and

Whereas, These individuals recognized the urgent need for a unified voice to advocate for the rights, dignity, and well-being of public servants across Michigan; and

Whereas, MSEA has grown to represent over 4,000 state of Michigan employees across more than 100 classified job classifications and 16 departments, ranging from law enforcement to skilled trades; and

Whereas, Throughout its lengthy history, MSEA has worked with the Michigan Civil Service Commission and the state legislature to improve retirement benefits, annual and sick leave, and fight for livable wages; and

Whereas, Among its pivotal campaigns, the association has led efforts to change public policy for leave of absence instead of resignation for pregnancy, bring in Social Security benefits, adopt unemployment benefits, establish a state-paid retirement system, and secure overtime compensation for all state employees; and

Whereas, Members have come together not only to advocate for their interests, but also as a source of solidarity, resilience, and empowerment; and

Whereas, This unity has fostered a culture of mutual respect and shared purpose among Michigan's public servants, ensuring their voices are heard in the halls of power; and

Whereas, We applaud the Michigan State Employees Association for its enduring legacy of advocacy and service to public employees, and express confidence in its continued commitment to protecting their rights and welfare in the years ahead; now, therefore, be it

Resolved by the Senate, That the members of this legislative body commemorate the 75th anniversary of the Michigan State Employees Association (MSEA).

Pending the order that, under rule 3.204, the resolution be referred to the Committee on Government Operations, Senator Singh moved that the rule be suspended.

The motion prevailed, a majority of the members serving voting therefor.

The resolution was adopted.

Senator Anthony asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator Anthony's statement is as follows:

Today I rise with great pride to honor the 75th anniversary of the Michigan State Employees Association, an organization that has stood as a steadfast advocate for the hardworking public servants who keep our state running day in and day out.

From our law enforcement officers and skilled trades workers to those who ensure that our families are supported and our government actually functions, these are the individuals who make Michigan work. Just as hard as they work, the association works to represent them and their wellbeing. For 75 years, the association has fought for fairness, dignity, and opportunity, leading efforts that transform the lives of workers and their families, like securing Social Security benefits, ensuring maternity leave, and guaranteeing overtime pay. Lansing—and our entire state—is stronger because of you, and we will always fight alongside you.

I ask that you join me in celebrating the 75th anniversary of the Michigan State Employees Association and wishing them success for many years to come.

By unanimous consent the Senate returned to the order of
