(4) "Legislature" means the house of representatives and the senate of this state.

(5) "Local unit of government" means a political subdivision of this state, including school districts, community college districts, intermediate school districts, cities, villages, townships, counties, and authorities, if the political subdivision has as its primary purpose the providing of local governmental services for residents in a geographically limited area of this state and has the power to act primarily on behalf of that area.

Necessary cost does not include the cost of a state requirement if the state requirement satisfies 1 or more of the following conditions:

(a) The state requirement cost does not exceed a de minimus cost.

(b) The state requirement will result in an offsetting savings to an extent that, if the duties of a local unit which existed before the effective date of the state requirement are considered, the requirement will not exceed a de minimus cost.

(d) The state requirement imposes a cost on a local unit of government that is recoverable from a federal or state categorical aid program, or other external financial aid. A necessary cost excluded by this subdivision shall be excluded only to the extent that it is recoverable.

(7) "New activity or service or increase in the level of an existing activity or service" does not include a state law, or administrative rule promulgated under existing law, which provides only clarifying nonsubstantive changes in an earlier, existing law or state law; or the recodification of an existing law or state law, or administrative rules promulgated under a recodification, which does not require a new activity or service or does not require an increase in the level of an activity or service above the level required before the existing law or state law was recodified.

(i) A requirement of a state law which changes the level of requirements, standards, or guidelines of an activity or service that is not required of a local unit of government by existing law or state law, but that is provided at the option of the local unit of government.

The director shall recommend a supplemental appropriation to the legislature sufficient to fully fund the disbursements for the necessary costs of each state requirement in which the initial appropriation was insufficient or which was imposed by court interpretation of a state law by requiring a new activity or service or an increase in the level of activity or service beyond that required by existing law. The legislature shall then appropriate the amount required in an appropriation bill introduced as a result of the request.

(b) To qualify for a full advance disbursement for a state requirement during the initial fiscal year in which a state

requirement takes effect, each local unit of government desiring an advance disbursement shall submit the preliminary claim form provided by the department postmarked no later than 90 days before the effective date of the state requirement. If the claim is postmarked between 1 and 89 days before the effective date of the state requirement, the advance disbursement shall be equal to 90% of the estimated amount the unit would otherwise be entitled to.

(c) Each local unit of government shall submit a final claim for full reimbursement or final adjustment on a form provided by the department and postmarked not later than 90 days after the close of the local unit of government's fiscal year. If the final claim is postmarked between 91 days and 24 months after the close of the local unit of government's fiscal year, the director shall make a reimbursement or final adjustment payment equal to 90% of the amount the unit is otherwise entitled to.

(f) The provisions of subdivisions (a) and (b) of this section may be waived by a 2/3 majority vote of the members elected and serving in both houses of the legislature, if the legislature determines that an emergency exists necessitating that a state requirement become effective before the provisions of subdivisions (a) and (b) allow. The declaration of an emergency shall be established in each state requirement.
