125.3201 Regulation of land development and establishment of districts; provisions; uniformity of regulations; designations; limitations.

Sec. 201.

(1) A local unit of government may provide by zoning ordinance for the regulation of land development and the establishment of 1 or more districts within its zoning jurisdiction which regulate the use of land and structures to meet the needs of the state's citizens for food, fiber, energy, and other natural resources, places of residence, recreation, industry, trade, service, and other uses of land, to ensure that use of the land is situated in appropriate locations and relationships, to limit the inappropriate overcrowding of land and congestion of population, transportation systems, and other public facilities, to facilitate adequate and efficient provision for transportation systems, sewage disposal, water, energy, education, recreation, and other public service and facility requirements, and to promote public health, safety, and welfare.

(2) Except as otherwise provided under this act, the regulations shall be uniform for each class of land or buildings, dwellings, and structures within a district.

(3) A local unit of government may provide under the zoning ordinance for the regulation of land development and the establishment of districts which apply only to land areas and activities involved in a special program to achieve specific land management objectives and avert or solve specific land use problems, including the regulation of land development and the establishment of districts in areas subject to damage from flooding or beach erosion.

(4) A local unit of government may adopt land development regulations under the zoning ordinance designating or limiting the location, height, bulk, number of stories, uses, and size of dwellings, buildings, and structures that may be erected or altered, including tents and recreational vehicles.

125.3203 Zoning ordinance; plan; incorporation of airport layout plan or airport approach plan; zoning ordinance adopted before or after March 28, 2001; applicability of public transportation facilities.

Sec. 203.

(1) A zoning ordinance shall be based upon a plan designed to promote the public health, safety, and general welfare, to encourage the use of lands in accordance with their character and adaptability, to limit the improper use of land, to conserve natural resources and energy, to meet the needs of the state's residents for food, fiber, and other natural resources, places of residence, recreation, industry, trade, service, and other uses of land, to ensure that uses of the land shall be situated in appropriate locations and relationships, to avoid the overcrowding of population, to provide adequate light and air, to lessen congestion on the public roads and streets, to reduce hazards to life and property, to facilitate adequate provision for a system of transportation including, subject to subsection (5), public transportation, sewage disposal, safe and adequate water supply, education, recreation, and other public requirements, and to conserve the expenditure of funds for public improvements and services to conform with the most advantageous uses of land, resources, and properties. A zoning ordinance shall be made with reasonable consideration of the character of each district, its peculiar suitability for particular uses, the conservation of property values and natural resources, and the general and appropriate trend and character of land, building, and population development.

(2) If a local unit of government adopts or revises a plan required under subsection (1) after an airport layout plan or airport approach plan has been filed with the local unit of government, the local unit of government shall incorporate the airport layout plan or airport approach plan into the plan adopted under subsection (1).

(3) In addition to the requirements of subsection (1), a zoning ordinance adopted after March 28, 2001 shall be adopted after reasonable consideration of both of the following:

(a) The environs of any airport within a district.

(b) Comments received at or before a public hearing under section 306 from the airport manager of any airport.

(4) If a zoning ordinance was adopted before March 28, 2001, the zoning ordinance is not required to be consistent with any airport zoning regulations, airport layout plan, or airport approach plan. A zoning ordinance amendment adopted or variance granted after March 28, 2001 shall not increase any inconsistency that may exist between the zoning ordinance or structures or uses and any airport zoning regulations, airport layout plan, or airport approach plan. This section does not limit the right to petition for submission of a zoning ordinance amendment to the electors under section 402 or the right to file a protest petition under section 403.

(5) The reference to public transportation facilities in subsection (1) only applies to a plan that is adopted or substantively amended more than 90 days after the effective date of the amendatory act that added this subsection.

125.3204 Single-family residence; instruction in craft or fine art as home occupation.

Sec. 204.

A zoning ordinance adopted under this act shall provide for the use of a single-family residence by an occupant of that residence for a home occupation to give instruction in a craft or fine art within the residence. This section

does not prohibit the regulation of noise, advertising, traffic, hours of operation, or other conditions that may accompany the use of a residence under this section.

History: 2006, Act 110, Eff. July 1, 2006

125.3205 Zoning ordinance subject to certain acts; regulation or control of oil or gas wells; prohibition; extraction of valuable natural resource; challenge to zoning decision; serious consequences resulting from extraction; factors; regulations not limited.

Sec. 205.

(1) A zoning ordinance is subject to all of the following:

- (a) The electric transmission line certification act, 1995 PA 30, MCL 460.561 to 460.575.
- (b) The regional transit authority act, 2012 PA 387, MCL 124.541 to 124.558.
- (c) The small wireless communications facilities deployment act, 2018 PA 365, MCL 460.1301 to 460.1339.
- (d) Part 8 of the clean and renewable energy and energy waste reduction act, 2008 PA 295, MCL 460.1221 to 460.1232.

(2) A county or township shall not regulate or control the drilling, completion, or operation of oil or gas wells or other wells drilled for oil or gas exploration purposes and does not have jurisdiction with reference to the issuance of permits for the location, drilling, completion, operation, or abandonment of such wells.

(3) An ordinance shall not prevent the extraction, by mining, of valuable natural resources from any property unless very serious consequences would result from the extraction of those natural resources. Natural resources shall be considered valuable for the purposes of this section if a person, by extracting the natural resources, can receive revenue and reasonably expect to operate at a profit.

(4) A person challenging a zoning decision under subsection (3) has the initial burden of showing that there are valuable natural resources located on the relevant property, that there is a need for the natural resources by the person or in the market served by the person, and that no very serious consequences would result from the extraction, by mining, of the natural resources.

(5) In determining under this section whether very serious consequences would result from the extraction, by mining, of natural resources, the standards set forth in *Silva v Ada Township*, 416 Mich 153 (1982), shall be applied and all of the following factors may be considered, if applicable:

- (a) The relationship of extraction and associated activities with existing land uses.
- (b) The impact on existing land uses in the vicinity of the property.
- (c) The impact on property values in the vicinity of the property and along the proposed hauling route serving the property, based on credible evidence.
- (d) The impact on pedestrian and traffic safety in the vicinity of the property and along the proposed hauling route serving the property.

(e) The impact on other identifiable health, safety, and welfare interests in the local unit of government.

(f) The overall public interest in the extraction of the specific natural resources on the property.

(6) Subsections (3) to (5) do not limit a local unit of government's reasonable regulation of hours of operation, blasting hours, noise levels, dust control measures, and traffic, not preempted by part 632 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.63201 to 324.63223. However, such regulation shall be reasonable in accommodating customary mining operations.

(7) A renewable energy project that received special land use approval under section 502 on or after January 1, 2021 is considered to be a prior nonconforming use and the special land use approval shall not be revoked or modified if substantial construction has occurred or if an expenditure equal to 10% of the project construction costs or \$10,000.00, whichever is less, has been made.

(8) This act does not limit state regulatory authority under other statutes or rules.

125.3205a Amateur radio service station antenna structures.

Sec. 205a.

(1) 47 CFR 97.15 provides that owners of certain amateur radio service station antenna structures more than 60.96 meters (200 feet) above ground level at the site or located near or at a public use airport must notify the federal aviation administration and register with the federal communications commission as required by 47 CFR part 17.

(2) An amateur radio service station antenna structure may be erected at heights and dimensions sufficient to accommodate amateur radio service communications. Regulation of an amateur radio service station antenna structure by a local unit of government must not preclude amateur radio service communications. Rather, it must reasonably accommodate those communications and must constitute the minimum practicable regulation to accomplish the local unit of government's legitimate purpose.

(3) To obtain information about the regulation of amateur radio service station antenna structures, a person may contact any advisory board that is jointly established by the Michigan section of the American radio relay league and 1 or more state organizations representing local units of government.

(c) A qualified residential treatment program that provides services for 10 or fewer individuals.

(2) Subsection (1) does not apply to adult foster care facilities licensed by a state agency for care and treatment of persons released from or assigned to adult correctional institutions.

(3) For a county or township, a family child care home is a residential use of property for the purposes of zoning and a permitted use in all residential zones and is not subject to a special use or conditional use permit or procedure

different from those required for other dwellings of similar density in the same zone.

(4) For a county or township, a group child care home shall be issued a special use permit, conditional use permit, or other similar permit if the group child care home meets all of the following standards:

(e) Meets regulations, if any, governing signs used by a group child care home to identify itself.

(f) Meets regulations, if any, requiring a group child care home operator to provide off-street parking accommodations for his or her employees.

(5) For a city or village, a group child care home may be issued a special use permit, conditional use permit, or other similar permit.

(6) A licensed or registered family or group child care home that operated before March 30, 1989 is not required to comply with this section.

(7) This section does not prohibit a local unit of government from inspecting a family or group child care home for the home's compliance with and enforcing the local unit of government's zoning ordinance. For a county or township, an ordinance shall not be more restrictive for a family or group child care home than 1973 PA 116, MCL 722.111 to 722.128.

(8) The establishment of any of the facilities listed under subsection (4)(a) after issuance of a special use permit, conditional use permit, or other similar permit pertaining to the group child care home does not affect renewal of that permit.

125.3207 Zoning ordinance or decision; effect as prohibiting establishment of land use.

Sec. 207.

A zoning ordinance or zoning decision shall not have the effect of totally prohibiting the establishment of a land use within a local unit of government in the presence of a demonstrated need for that land use within either that local unit of government or the surrounding area within the state, unless a location within the local unit of government does not exist where the use may be appropriately located or the use is unlawful.

Sec. 208.

(1) If the use of a dwelling, building, or structure or of the land is lawful at the time of enactment of a zoning ordinance or an amendment to a zoning ordinance, then that use may be continued although the use does not conform to the zoning ordinance or amendment. In establishing terms for the completion, resumption, restoration, reconstruction, extension, or substitution of nonconforming uses or structures, different classes of nonconforming uses may be established in the zoning ordinance with different requirements applicable to each class.

(3) The legislative body may acquire, by purchase, condemnation, or otherwise, private property or an interest in private property for the removal of nonconforming uses and structures. The legislative body may provide that the cost and expense of acquiring private property may be paid from general funds or assessed to a special district in accordance with the applicable statutory provisions relating to the creation and operation of special assessment districts for public improvements in local units of government. Property acquired under this subsection by a city or village shall not be used for public housing.

(4) The elimination of the nonconforming uses and structures in a zoning district is declared to be for a public purpose and for a public use. The legislative body may institute proceedings for condemnation of nonconforming uses and structures under 1911 PA 149, MCL 213.21 to 213.25.

(1) The local unit of government may require the submission and approval of a site plan before authorization of a land use or activity regulated by a zoning ordinance. The zoning ordinance shall specify the body or official responsible for reviewing site plans and granting approval.

(2) If a zoning ordinance requires site plan approval, the site plan, as approved, shall become part of the record of approval, and subsequent actions relating to the activity authorized shall be consistent with the approved site plan, unless a change conforming to the zoning ordinance is agreed to by the landowner and the body or official that initially approved the site plan.

(3) The procedures and requirements for the submission and approval of site plans shall be specified in the zoning ordinance. Site plan submission, review, and approval shall be required for special land uses and planned unit developments.

(4) A decision rejecting, approving, or conditionally approving a site plan shall be based upon requirements and standards contained in the zoning ordinance, other statutorily authorized and properly adopted local unit of government planning documents, other applicable ordinances, and state and federal statutes.

(5) A site plan shall be approved if it contains the information required by the zoning ordinance and is in compliance with the conditions imposed under the zoning ordinance, other statutorily authorized and properly adopted local unit of government planning documents, other applicable ordinances, and state and federal statutes.

125.3502 Special land uses; review and approval; application; notice of request; public hearing; incorporation of decision in statement of findings and conclusions.

Sec. 502.

(1) The legislative body may provide in a zoning ordinance for special land uses in a zoning district. A special land use shall be subject to the review and approval of the zoning commission, the planning commission, an official charged with administering the zoning ordinance, or the legislative body as required by the zoning ordinance. The zoning ordinance shall specify all of the following:

(3) At the initiative of the body or official responsible for approving the special land use or upon the request of the applicant, a real property owner whose real property is assessed within 300 feet of the property, or the occupant of a structure located within 300 feet of the property, a public hearing shall be held before a discretionary decision is made on the special land use request.

(4) The body or official designated to review and approve special land uses may deny, approve, or approve with conditions a request for special land use approval. The decision on a special land use shall be incorporated in a statement of findings and conclusions relative to the special land use which specifies the basis for the decision and any conditions imposed.

125.3503 Planned unit development.

Sec. 503.

(1) As used in this section, "planned unit development" includes such terms as cluster zoning, planned development, community unit plan, and planned residential development and other terminology denoting zoning requirements designed to accomplish the objectives of the zoning ordinance through a land development project review process based on the application of site planning criteria to achieve integration of the proposed land development project with the characteristics of the project area.

(2) The legislative body may establish planned unit development requirements in a zoning ordinance that permit flexibility in the regulation of land development, encourage innovation in land use and variety in design, layout, and type of structures constructed, achieve economy and efficiency in the use of land, natural resources, energy, and the provision of public services and utilities, encourage useful open space, and provide better housing, employment, and shopping opportunities particularly suited to the needs of the residents of this state. The review and approval of planned unit developments shall be by the zoning commission, an individual charged with administration of the zoning ordinance, or the legislative body, as specified in the zoning ordinance.

(3) Within a land development project designated as a planned unit development, regulations relating to the use of land, including, but not limited to, permitted uses, lot sizes, setbacks, height limits, required facilities, buffers, open space areas, and land use density, shall be determined in accordance with the planned unit development regulations specified in the zoning ordinance. The planned unit development regulations need not be uniform with regard to each type of land use if equitable procedures recognizing due process principles and avoiding arbitrary

decisions are followed in making regulatory decisions. Unless explicitly prohibited by the planned unit development regulations, if requested by the landowner, a local unit of government may approve a planned unit development with open space that is not contiguous with the rest of the planned unit development.

(4) The planned unit development regulations established by the local unit of government shall specify all of the following:

(a) The body or official responsible for the review and approval of planned unit development requests.

(b) The conditions that create planned unit development eligibility, the participants in the review process, and the requirements and standards upon which applicants will be reviewed and approval granted.

(c) The procedures required for application, review, and approval.

(5) Following receipt of a request to approve a planned unit development, the body or official responsible for the review and approval shall hold at least 1 public hearing on the request. A zoning ordinance may provide for preapplication conferences before submission of a planned unit development request and the submission of preliminary site plans before the public hearing. Notification of the public hearing shall be given in the same manner as required under section 103.

(6) Within a reasonable time following the public hearing, the body or official responsible for approving planned unit developments shall meet for final consideration of the request and deny, approve, or approve with conditions the request. The body or official shall prepare a report stating its conclusions, its decision, the basis for its decision, and any conditions imposed on an affirmative decision.

(7) If amendment of a zoning ordinance is required by the planned unit development regulations of a zoning ordinance, the requirements of this act for amendment of a zoning ordinance shall be followed, except that the hearing and notice required by this section shall fulfill the public hearing and notice requirements of section 306.

(8) If the planned unit development regulations of a zoning ordinance do not require amendment of the zoning ordinance to authorize a planned unit development, the body or official responsible for review and approval shall approve, approve with conditions, or deny a request.

(9) Final approval may be granted on each phase of a multiphased planned unit development if each phase contains the necessary components to insure protection of natural resources and the health, safety, and welfare of the users of the planned unit development and the residents of the surrounding area.

(10) In establishing planned unit development requirements, a local unit of government may incorporate by reference other ordinances or statutes which regulate land development. The planned unit development regulations contained in zoning ordinances shall encourage complementary relationships between zoning regulations and other regulations affecting the development of land.

(2) The standards shall be consistent with and promote the intent and purpose of the zoning ordinance and shall insure that the land use or activity authorized shall be compatible with adjacent uses of land, the natural environment, and the capacities of public services and facilities affected by the land use. The standards shall also insure that the land use or activity is consistent with the public health, safety, and welfare of the local unit of government.

(3) A request for approval of a land use or activity shall be approved if the request is in compliance with the standards stated in the zoning ordinance, the conditions imposed under the zoning ordinance, other applicable ordinances, and state and federal statutes.

(4) Reasonable conditions may be required with the approval of a special land use, planned unit development, or other land uses or activities permitted by discretionary decision. The conditions may include conditions necessary to insure that public services and facilities affected by a proposed land use or activity will be capable of accommodating increased service and facility loads caused by the land use or activity, to protect the natural environment and conserve natural resources and energy, to insure compatibility with adjacent uses of land, and to promote the use of land in a socially and economically desirable manner. Conditions imposed shall meet all of the following requirements:

(a) Be designed to protect natural resources, the health, safety, and welfare, as well as the social and economic

well-being, of those who will use the land use or activity under consideration, residents and landowners immediately adjacent to the proposed land use or activity, and the community as a whole.

(b) Be related to the valid exercise of the police power and purposes which are affected by the proposed use or activity.

(c) Be necessary to meet the intent and purpose of the zoning requirements, be related to the standards established in the zoning ordinance for the land use or activity under consideration, and be necessary to insure compliance with those standards.

(5) The conditions imposed with respect to the approval of a land use or activity shall be recorded in the record of the approval action and remain unchanged except upon the mutual consent of the approving authority and the landowner. The approving authority shall maintain a record of conditions which are changed.

The performance guarantee shall be deposited at the time of the issuance of the permit authorizing the activity or project. The local unit of government may not require the deposit of the performance guarantee until it is prepared to issue the permit. The local unit of government shall establish procedures by which a rebate of any cash deposits in reasonable proportion to the ratio of work completed on the required improvements shall be made as work progresses.

(2) This section shall not be applicable to improvements for which a cash deposit, certified check, irrevocable bank letter of credit, or surety bond has been deposited under the land division act, 1967 PA 288, MCL 560.101 to 560.293.

(1) Subject to subsection (4) and section 402, a qualified local unit of government shall provide in its zoning ordinance that land zoned for residential development may be developed, at the option of the landowner, with the same number of dwelling units on a smaller portion of the land than specified in the zoning ordinance, but not more than 50% for a county or township or 80% for a city or village, that could otherwise be developed, as determined by the local unit of government under existing ordinances, laws, and rules on the entire land area, if all of the following apply:

(a) The land is zoned at a density equivalent to 2 or fewer dwelling units per acre or, if the land is served by a public sewer system, 3 or fewer dwelling units per acre.

(c) The development does not depend upon the extension of a public sewer or public water supply system, unless development of the land without the exercise of the option provided by this subsection would also depend upon the extension.

(d) The option provided under this subsection has not previously been exercised with respect to that land.

(2) After a landowner exercises the option provided under subsection (1), the land may be rezoned accordingly.

(3) The development of land under subsection (1) is subject to other applicable ordinances, laws, and rules,

including rules relating to suitability of groundwater for on-site water supply for land not served by public water and rules relating to suitability of soils for on-site sewage disposal for land not served by public sewers.

(4) Subsection (1) does not apply to a qualified local unit of government if both of the following apply:

(a) On or before October 1, 2001, the local unit of government had in effect a zoning ordinance provision providing for both of the following:

(i) Land zoned for residential development may be developed, at the option of the landowner, with the same number of dwelling units on a smaller portion of the land that, as determined by the local unit of government, could otherwise be developed under existing ordinances, laws, and rules on the entire land area.

(ii) If the landowner exercises the option provided by subparagraph (i), the portion of the land not developed will remain perpetually in an undeveloped state by means of a conservation easement, plat dedication, restrictive covenant, or other legal means that runs with the land.

(b) On or before December 15, 2001, a landowner exercised the option provided under the zoning ordinance provision referred to in subdivision (a) with at least 50% of the land area for a county or township or 20% of the land area for a city or village, remaining perpetually in an undeveloped state.

(5) The zoning ordinance provisions required by subsection (1) shall be cited as the "open space preservation" provisions of the zoning ordinance.

(6) As used in this section, "qualified local unit of government" means a county, township, city, or village that meets all of the following requirements:

(a) Has adopted a zoning ordinance.

(b) Has a population of 1,800 or more.

(c) Has land that is not developed and that is zoned for residential development at a density described in subsection (1)(a).

Sec. 507.

(1) As used in this section and sections 508 and 509, "PDR program" means a purchase of development rights program.

(2) The legislative body may adopt a development rights ordinance limited to the establishment, financing, and administration of a PDR program, as provided under this section and sections 508 and 509. The PDR program may be used only to protect agricultural land and other eligible land. This section and sections 508 and 509 do not expand the condemnation authority of a local unit of government as otherwise provided for in this act.

(3) A PDR program shall not acquire development rights by condemnation. This section and sections 508 and 509 do not limit any authority that may otherwise be provided by law for a local unit of government to protect natural resources, preserve open space, provide for historic preservation, or accomplish similar purposes.

(4) A legislative body shall not establish, finance, or administer a PDR program unless the legislative body adopts a development rights ordinance. If the local unit of government has a zoning ordinance, the development rights ordinance may be adopted as part of the zoning ordinance under the procedures for a zoning ordinance under this act. A local unit of government may adopt a development rights ordinance in the same manner as required for a zoning ordinance.

(5) A legislative body may promote and enter into agreements with other local units of government for the purchase of development rights, including cross-jurisdictional purchases, subject to applicable development rights ordinances.

 - (iv) The price at which development rights will be purchased and the method of payment.
 - (v) The procedure for ensuring that the purchase or sale of development rights is legally fixed so as to run with the land.
- (e) The circumstances under which an owner of land from which development rights have been purchased under a PDR program may repurchase those development rights and how the proceeds of the purchase are to be used by the local unit of government.
- (2) If the local unit of government has a zoning ordinance, the purchase of development rights shall be consistent with the plan referred to in section 203 upon which the zoning ordinance is based.
- (3) Development rights acquired under a PDR program may be conveyed only as provided under subsection (1) (e).
- (4) A county shall notify each township, city, or village, and a township shall notify each village, in which is located land from which development rights are proposed to be purchased of the receipt of an application for the purchase of development rights and shall notify each township, city, or village of the disposition of that application.
- (5) A county shall not purchase development rights under a development rights ordinance from land subject to a township, city, or village zoning ordinance unless all of the following requirements are met:
 - (a) The development rights ordinance provisions for the PDR program are consistent with the plan upon which the township, city, or village zoning is based.
 - (b) The legislative body of the township, city, or village adopts a resolution authorizing the PDR program to apply in the township, city, or village.
 - (c) As part of the application procedure for the specific proposed purchase of development rights, the township, city, or village provides the county with written approval of the purchase.

The bonds or notes may be revenue bonds or notes, general obligation limited tax bonds or notes, or, subject to section 6 of article IX of the state constitution of 1963, general obligation unlimited tax bonds or notes.

(3) The legislative body may secure bonds or notes issued under this section by mortgage, assignment, or pledge of property, including, but not limited to, anticipated tax collections, revenue sharing payments, or special assessment revenues. A pledge made by the legislative body is valid and binding from the time the pledge is made. The pledge immediately shall be subject to the lien of the pledge without a filing or further act. The lien of the pledge shall be valid and binding as against parties having claims in tort, contract, or otherwise against the local unit of government, irrespective of whether the parties have notice of the lien. Filing of the resolution, the trust agreement, or another instrument by which a pledge is created is not required.

(4) Bonds or notes issued under this section are exempt from all taxation in this state except inheritance and transfer taxes, and the interest on the bonds or notes is exempt from all taxation in this state.

(5) The bonds and notes issued under this section may be invested in by the state treasurer and all other public officers, state agencies, and political subdivisions, insurance companies, financial institutions, investment companies, and fiduciaries and trustees and may be deposited with and received by the state treasurer and all other public officers and the agencies and political subdivisions of this state for all purposes for which the deposit of bonds or notes is authorized. The authority granted by this section is in addition to all other authority granted by law.

(6) A development rights ordinance may authorize the legislative body to finance a PDR program by special assessments. In addition to meeting the requirements of section 508, the development rights ordinance shall include in the procedure to approve and establish a special assessment district both of the following:

(a) The requirement that there be filed with the legislative body a petition containing all of the following:

An amendment to a zoning ordinance adopted only to provide such criteria is not subject to a protest petition under section 403.
- (7) A local unit of government may authorize a biofuel production facility described in subsection (2) as a permitted use of property not subject to a special land use approval.
- (8) This section does not affect the authority of a local unit of government to prohibit or authorize biofuel production facilities that are not located on farms.
- (9) As used in this section:

Sec. 514.

(1) Wireless communications equipment is a permitted use of property and is not subject to special land use approval or any other approval under this act if all of the following requirements are met:

(a) The wireless communications equipment will be collocated on an existing wireless communications support structure or in an existing equipment compound.

(b) The existing wireless communications support structure or existing equipment compound is in compliance with the local unit of government's zoning ordinance or was approved by the appropriate zoning body or official for the local unit of government.

(c) The proposed collocation will not do any of the following:

(i) Increase the overall height of the wireless communications support structure by more than 20 feet or 10% of its original height, whichever is greater.

(ii) Increase the width of the wireless communications support structure by more than the minimum necessary to permit collocation.

(iii) Increase the area of the existing equipment compound to greater than 2,500 square feet.

(d) The proposed collocation complies with the terms and conditions of any previous final approval of the wireless communications support structure or equipment compound by the appropriate zoning body or official of the local unit of government.

(2) Wireless communications equipment that meets the requirements of subsection (1)(a) and (b) but does not meet the requirements of subsection (1)(c) or (d) is a permitted use of property if it receives special land use approval under subsections (3) to (6).

(3) An application for special land use approval of wireless communications equipment described in subsection (2) shall include all of the following:

(a) A site plan as required under section 501, including a map of the property and existing and proposed buildings and other facilities.

(b) Any additional relevant information that is specifically required by a zoning ordinance provision described in section 502(1) or 504.

Unless the body or official proceeds as provided under subsection (5), the application shall be considered to be administratively complete when the body or official makes that determination or 14 business days after the body or official receives the application, whichever is first.

(5) If, before the expiration of the 14-day period under subsection (4), the body or official responsible for approving special land uses notifies the applicant that the application is not administratively complete, specifying the information necessary to make the application administratively complete, or notifies the applicant that a fee required to accompany the application has not been paid, specifying the amount due, the running of the 14-day period under subsection (4) is tolled until the applicant submits to the body or official the specified information or fee amount due. The notice shall be given in writing or by electronic notification. A fee required to accompany any application shall not exceed the local unit of government's actual, reasonable costs to review and process the application or \$1,000.00, whichever is less.

(6) The body or official responsible for approving special land uses shall approve or deny the application not more than 60 days after the application is considered to be administratively complete. If the body or official fails to timely approve or deny the application, the application shall be considered approved and the body or official shall be considered to have made any determination required for approval.

(7) Special land use approval of wireless communications equipment described in subsection (2) may be made expressly conditional only on the wireless communications equipment's meeting the requirements of other local ordinances and of federal and state laws before the wireless communications equipment begins operation.

(8) If a local unit of government requires special land use approval for wireless communications equipment that does not meet the requirements of subsection (1)(a) or for a wireless communications support structure, subsections (4) to (6) apply to the special land use approval process, except that the period for approval or denial under subsection (6) is 90 days.

ARTICLE VI ZONING BOARD OF APPEALS

125.3601 Zoning board of appeals; appointment; procedural rules; membership; composition; alternate member; per diem; expenses; removal; terms of office; vacancies; conduct of meetings; conflict of interest.

Sec. 601.

(1) A zoning ordinance shall create a zoning board of appeals. A zoning board of appeals in existence on June 30, 2006 may continue to act as the zoning board of appeals subject to this act. Subject to subsection (2), members of a zoning board of appeals shall be appointed by majority vote of the members of the legislative body serving.

(2) The legislative body of a city or village may act as a zoning board of appeals and may establish rules to govern its procedure as a zoning board of appeals.

(3) A zoning board of appeals shall be composed of not fewer than 5 members if the local unit of government has a population of 5,000 or more or not fewer than 3 members if the local unit of government has a population of less than 5,000. The number of members of the zoning board of appeals shall be specified in the zoning ordinance.

(4) In a county or township, 1 of the regular members of the zoning board of appeals shall be a member of the zoning commission, or of the planning commission if the planning commission is functioning as the zoning commission. In a city or village, 1 of the regular members of the zoning board of appeals may be a member of the zoning commission, or of the planning commission if the planning commission is functioning as the zoning commission, unless the legislative body acts as the zoning board of appeals under subsection (2). A decision made by a city or village zoning board of appeals before February 29, 2008 is not invalidated by the failure of the zoning board of appeals to include a member of the city or village zoning commission or planning commission, as was required by this subsection before that date.

(5) The remaining regular members of a zoning board of appeals, and any alternate members under subsection (7), shall be selected from the electors of the local unit of government residing within the zoning jurisdiction of that local unit of government or, in the case of a county, residing within the county but outside of any city or village. The members selected shall be representative of the population distribution and of the various interests present in the local unit of government.

(6) Subject to subsection (2), 1 regular or alternate member of a zoning board of appeals may be a member of the legislative body. Such a member shall not serve as chairperson of the zoning board of appeals. An employee or contractor of the legislative body may not serve as a member of the zoning board of appeals.

(7) The legislative body may appoint to the zoning board of appeals not more than 2 alternate members for the same term as regular members. An alternate member may be called as specified in the zoning ordinance to serve as a member of the zoning board of appeals in the absence of a regular member if the regular member will be unable to attend 1 or more meetings. An alternate member may also be called to serve as a member for the purpose of reaching a decision on a case in which the member has abstained for reasons of conflict of interest. The alternate member appointed shall serve in the case until a final decision is made. An alternate member serving on the zoning board of appeals has the same voting rights as a regular member.

(8) A member of the zoning board of appeals may be paid a reasonable per diem and reimbursed for expenses actually incurred in the discharge of his or her duties.

(9) A member of the zoning board of appeals may be removed by the legislative body for misfeasance, malfeasance, or nonfeasance in office upon written charges and after a public hearing. A member shall disqualify himself or herself from a vote in which the member has a conflict of interest. Failure of a member to disqualify himself or herself from a vote in which the member has a conflict of interest constitutes malfeasance in office.

(10) The terms of office for an appointed member of the zoning board of appeals shall be 3 years, except for a member serving because of his or her membership on the zoning commission or legislative body, whose term shall be limited to the time he or she is a member of that body. When members are first appointed, appointments may be for less than 3 years to provide for staggered terms. A successor shall be appointed not more than 1 month after the term of the preceding member has expired.

(11) A vacancy on the zoning board of appeals shall be filled for the remainder of the unexpired term in the same manner as the original appointment.

(12) A zoning board of appeals shall not conduct business unless a majority of the regular members of the zoning board of appeals are present.

(13) A member of the zoning board of appeals who is also a member of the zoning commission, the planning commission, or the legislative body shall not participate in a public hearing on or vote on the same matter that the member voted on as a member of the zoning commission, the planning commission, or the legislative body. However, the member may consider and vote on other unrelated matters involving the same property.

125.3602 Meetings; call of the chairperson; oaths; attendance of witnesses; record of proceedings.

Sec. 602.

(1) Meetings of the zoning board of appeals shall be held at the call of the chairperson and at other times as the zoning board of appeals in its rules of procedure may specify. The chairperson or, in his or her absence, the acting chairperson may administer oaths and compel the attendance of witnesses.

(2) The zoning board of appeals shall maintain a record of its proceedings which shall be filed in the office of the clerk of the legislative body.

History: 2006, Act 110, Eff. July 1, 2006

125.3603 Zoning board of appeals; powers; concurring vote of majority of members.

Sec. 603.

(1) The zoning board of appeals shall hear and decide questions that arise in the administration of the zoning ordinance, including the interpretation of the zoning maps, and may adopt rules to govern its procedures sitting as a zoning board of appeals. The zoning board of appeals shall also hear and decide on matters referred to the zoning board of appeals or upon which the zoning board of appeals is required to pass under a zoning ordinance adopted under this act. It shall hear and decide appeals from and review any administrative order, requirement, decision, or determination made by an administrative official or body charged with enforcement of a zoning ordinance adopted under this act. For special land use and planned unit development decisions, an appeal may be taken to the zoning board of appeals only if provided for in the zoning ordinance.

(2) The concurring vote of a majority of the members of the zoning board of appeals is necessary to reverse an order, requirement, decision, or determination of the administrative official or body, to decide in favor of the applicant on a matter upon which the zoning board of appeals is required to pass under the zoning ordinance, or to grant a variance in the zoning ordinance.

History: 2006, Act 110, Eff. July 1, 2006

125.3604 Zoning board of appeals; procedures.

Sec. 604.

(1) An appeal to the zoning board of appeals may be taken by a person aggrieved or by an officer, department, board, or bureau of this state or the local unit of government. In addition, a variance in the zoning ordinance may be applied for and granted under section 4 of the uniform condemnation procedures act, 1980 PA 87, MCL 213.54, and as provided under this act. The zoning board of appeals shall state the grounds of any determination made by the board.

(2) An appeal under this section shall be taken within such time as prescribed by the zoning board of appeals by general rule, by filing with the body or officer from whom the appeal is taken and with the zoning board of appeals a notice of appeal specifying the grounds for the appeal. The body or officer from whom the appeal is taken shall immediately transmit to the zoning board of appeals all of the papers constituting the record upon which the action appealed from was taken.

(3) An appeal to the zoning board of appeals stays all proceedings in furtherance of the action appealed. However, if the body or officer from whom the appeal is taken certifies to the zoning board of appeals after the notice of appeal is filed that, by reason of facts stated in the certificate, a stay would in the opinion of the body or officer cause imminent peril to life or property, proceedings may be stayed only by a restraining order issued by the zoning board of appeals or a circuit court.

(4) Following receipt of a written request for a variance, the zoning board of appeals shall fix a reasonable time for the hearing of the request and give notice as provided in section 103.

(5) If the zoning board of appeals receives a written request seeking an interpretation of the zoning ordinance or an appeal of an administrative decision, the zoning board of appeals shall conduct a public hearing on the request. Notice shall be given as required under section 103. However, if the request does not involve a specific parcel of property, notice need only be published as provided in section 103(1) and given to the person making the request as provided in section 103(3).

(6) At a hearing under subsection (5), a party may appear personally or by agent or attorney. The zoning board of appeals may reverse or affirm, wholly or partly, or modify the order, requirement, decision, or determination and may issue or direct the issuance of a permit.

(7) If there are practical difficulties for nonuse variances as provided in subsection (8) or unnecessary hardship for use variances as provided in subsection (9) in the way of carrying out the strict letter of the zoning ordinance, the zoning board of appeals may grant a variance in accordance with this section, so that the spirit of the zoning ordinance is observed, public safety secured, and substantial justice done. The ordinance shall establish procedures for the review and standards for approval of all types of variances. The zoning board of appeals may impose conditions as otherwise allowed under this act.

(8) The zoning board of appeals of all local units of government shall have the authority to grant nonuse variances relating to the construction, structural changes, or alteration of buildings or structures related to dimensional requirements of the zoning ordinance or to any other nonuse-related standard in the ordinance.

(9) The authority to grant variances from uses of land is limited to the following:

(a) Cities and villages.

(b) Townships and counties that as of February 15, 2006 had an ordinance that uses the phrase "use variance" or "variances from uses of land" to expressly authorize the granting of use variances by the zoning board of appeals.

(c) Townships and counties that granted a use variance before February 15, 2006.

(10) The authority granted under subsection (9) is subject to the zoning ordinance of the local unit of government otherwise being in compliance with subsection (7) and having an ordinance provision that requires a vote of 2/3 of the members of the zoning board of appeals to approve a use variance.

(11) The authority to grant use variances under subsection (9) is permissive, and this section does not require a local unit of government to adopt ordinance provisions to allow for the granting of use variances.

125.3605 Decision as final; appeal to circuit court.

Sec. 605.

The decision of the zoning board of appeals shall be final. A party aggrieved by the decision may appeal to the circuit court for the county in which the property is located as provided under section 606.

History: 2006, Act 110, Eff. July 1, 2006

125.3606 Circuit court; review; duties.

Sec. 606.

(1) Any party aggrieved by a decision of the zoning board of appeals may appeal to the circuit court for the county in which the property is located. The circuit court shall review the record and decision to ensure that the decision meets all of the following requirements:

- (a) Complies with the constitution and laws of the state.
- (b) Is based upon proper procedure.
- (c) Is supported by competent, material, and substantial evidence on the record.
- (d) Represents the reasonable exercise of discretion granted by law to the zoning board of appeals.

(2) If the court finds the record inadequate to make the review required by this section or finds that additional material evidence exists that with good reason was not presented, the court shall order further proceedings on conditions that the court considers proper.
