**POLLING PLACES, EQUIPMENT, SUPPLIES**

**168.662 Designating place of holding election in municipality; polling places and early voting sites; central polling places; abolishment; compliance with voting accessibility; notice.**

Sec. 662. (1) The legislative body in each municipality shall provide a suitable polling place for each precinct located in the municipality for use on election day and shall provide a suitable early voting site for each precinct in the municipality for each election at which the municipality conducts early voting under section 720e. If at any election a municipality conducts early voting jointly with 1 or more other municipalities located in the same county, early voting sites for that election must be provided in accordance with section 720f. If at any election a county clerk conducts early voting for 1 or more municipalities located in the county, the board of county election commissioners of that county shall provide 1 or more early voting sites for that election as provided under section 720g. A publicly owned or controlled building, including, but not limited to, a municipal building or school building, must be used as a polling place unless it is not possible or convenient to use a publicly owned or controlled building as a polling place.

(2) The legislative body of a city or township, or a board of county election commissioners as provided

under section 720g, shall not designate as a polling place or early voting site a building that is owned or leased by an elected official, an individual who is a candidate, or a person that is regulated under the Michigan campaign finance act, 1976 PA 388, MCL 169.201 to 169.282. For purposes of the previous sentence, "leased" means that the entire building, and not just a portion of the building, is leased by an elected official, an individual who is a candidate, or a person that is regulated under the Michigan campaign finance act, 1976 PA 388, MCL 169.201 to 169.282. In addition, a building must not be designated as a polling place or early voting site if a portion of that building is leased by an elected official, an individual who is a candidate, or a person that is regulated under the Michigan campaign finance act, 1976 PA 388, MCL 169.201 to 169.282, and the portion of that building leased by an elected official, an individual who is a candidate, or a person that is regulated under the Michigan campaign finance act, 1976 PA 388, MCL 169.201 to 169.282, is located within 100 feet from the entrance of the polling place or early voting site located inside that building.

(3) Except as otherwise provided in section 4(1)(m) of article II of the state constitution of 1963 for early voting, the legislative body in each city or township may establish a central polling place or central polling places for 6 precincts or less if it is possible and convenient for the electors to vote at a central polling place or at central polling places. The legislative body in each city or township may abolish other polling places not required as a result of the establishment of a central polling place or central polling places.

(4) A township board may provide polling places or early voting sites located within the limits of a city that has been incorporated from territory formerly a part of the township, and the electors of the township may cast their ballots at those polling places or early voting sites. If 2 contiguous townships utilize a combined township hall or other publicly owned or controlled building within 1 of the township's boundaries and outside of the other township's boundaries, and there is not another publicly owned or controlled building available or suitable for a polling place or early voting site within the other township, then each township board may provide a polling place or early voting site in that publicly owned building for 1 or more election precinct.

(5) A city or township, or a county as provided under section 720g, shall not use as a polling place, early voting site, or central polling place a building that does not meet the requirements of this section. For early voting under sections 720a to 720j, if a city or township cannot secure a building to be used as a polling place or early voting site that meets the requirements of this section, that city or township must enter into a municipal agreement under section 720f or a county agreement under section 720g.

(6) The legislative body of a city or township, or a board of county election commissioners as provided under section 720g, shall not establish, move, or abolish a polling place, early voting site, or central polling place less than 60 days before an election unless necessary because a polling place, early voting site, or central polling place has been damaged, destroyed, or rendered inaccessible or unusable as a polling place, early voting site, or central polling place.

(7) The legislative body of a city or township, or a board of county election commissioners as provided under section 720g, shall ensure that a polling place, early voting site, or central polling place established under this section is accessible and complies with the voting accessibility for the elderly and handicapped act and the help America vote act of 2002.

(8) After a polling place or early voting site is approved under this section, the appropriate clerk, as provided under subsections (9) and (10), must provide a notice specifying the location of the polling place or early voting site to each registered elector entitled to vote at that polling place or early voting site. The notice requirement under this subsection applies to permanent and temporary changes to polling places and early voting sites, except that notice is not required if an early voting site is established in addition to 1 or more early voting sites that remain in effect for which notice was previously provided to each elector. The notice required under this subsection must be provided as follows:

(a) No later than 45 days before an election for a polling place or early voting site established or changed by the sixtieth day before an election.

(b) For temporary changes made to a polling place or early voting site under subsection (6), no later than 21 days before an election for a polling place and no later than 21 days before the first day of early voting for an early voting site. In addition to the notice required to each registered elector under this subdivision, the appropriate clerk must post a sign indicating the new polling place location or early voting site at the location of the former polling place location or early voting site.

(9) After a polling place is approved under this section, the city or township clerk of the city or township approving the polling place must provide the notice required under subsection (8) by either of the following methods:

(a) Updating and sending the voter identification card issued under section 499.

(b) Sending a separate notice by mail or other method designed to provide actual notice to the registered elector.

(10) After an early voting site is approved under this section, the appropriate clerk must provide the notice required under subsection (8) by sending a separate notice by mail or other method designed to provide actual notice to the registered elector, and must not provide the notice by updating the voter identification card issued under section 499. In addition to identifying the location of the early voting site, the separate notice sent under this subsection must provide the hours of operation of the early voting site for each day early voting is offered. The notice under this subsection must be provided as follows:

(a) For early voting conducted under section 720e, by the clerk of the municipality approving the early voting site.

(b) For early voting conducted under section 720f, by the clerk of each municipality that is a party to the municipal agreement, or as otherwise provided by the municipal agreement.

(c) For early voting conducted under section 720g, by the clerk of the county where the early voting site is located or by the clerk of each municipality that is a party to the county agreement.

(11) For temporary changes made under subsection (6) to a polling place within 20 days before an election or to an early voting site within 20 days before the start of early voting, the appropriate clerk must provide notice in all of the following ways:

(a) By posting a sign indicating the new polling place location or early voting site at the location of the former polling place location or early voting site.

(b) By posting the new polling place location or early voting site on the website of the municipality or county, as applicable.

(c) By posting the new polling place location or early voting site on the department of state's website.

(12) As used in this section:

(a) "Accessible" means the removal or modification of policies, practices, and procedures that deny an individual with a disability the opportunity to vote, including the removal of physical barriers as identified in section 261(b) of the help America vote act of 2002, 52 USC 21021, so as to ensure individuals with disabilities the opportunity to participate in elections in this state.

(b) "Candidate" means that term as defined in section 3 of the Michigan campaign finance act, 1976 PA 388, MCL 169.203.

(c) "Early voting site" means that term as described in section 4(1)(m) of article II of the state constitution of 1963.

The board of election commissioners may appoint as election inspector an individual on the list submitted by a major political party under section 673a who is qualified to serve under section 677. An appointment of an election inspector under this section is void if a properly completed application for that election inspector is not on file in the clerk's office as prescribed in section 677.

(2) The board of election commissioners shall designate 1 appointed election inspector as chairperson. The board of election commissioners shall appoint at least 1 election inspector from each major political party and shall appoint an equal number, as nearly as possible, of election inspectors in each election precinct from each major political party. As used in this section, "a known active advocate" means an individual who meets 1 or more of the following:

(a) Is a delegate to the convention or an officer of that other political party.

(3) The county chair of a major political party may challenge the appointment of an election inspector based on the qualifications of the election inspector, the legitimacy of the election inspector's political party affiliation, or whether there is a properly completed declaration of political party affiliation in the application for that election inspector on file in the clerk's office. The challenge must be in writing, specifically identify the reason for the challenge, and include any available documentation supporting the challenge. The county chair of the political party shall file a challenge under this subsection with the board of election commissioners not later than 4 business days following receipt of the board of election commissioners' notice of appointed election inspectors under subsection (2).

(4) Upon receipt of a challenge under subsection (3), the board of election commissioners shall determine whether the appointee has the necessary qualifications by reviewing the application or any other official records, such as voter registration records, or whether the applicant has a properly completed certification of political party affiliation in the application. If the challenge alleges that the appointee is a known active advocate of a political party other than the one on the appointee's application, the board of election commissioners immediately shall provide the appointee with a copy of the challenge by certified mail, personal service, or electronic transmission capable of determining date of receipt. The appointee may respond to the challenge within 2 business days after receiving a copy of the challenge. A response must be by affidavit addressing the specific reasons for the challenge. Failure to respond results in revocation of the appointment. Within 2 business days after receiving the challenge or a response from the appointee, whichever is later, the board of election commissioners shall make a final determination and notify the appointee and the county chair of the political party of the determination.

(5) If a vacancy occurs in the office of chairperson or in the office of election inspector before election day, the chairperson of the board of election commissioners shall designate some other properly qualified applicant or election inspector as chairperson or some other qualified applicant as election inspector, as applicable, subject to this section. If a vacancy occurs in the office of chairperson on election day, the remaining election inspectors shall designate 1 of the election inspectors as chairperson.

For a precinct having receiving boards, the board of election commissioners shall appoint a receiving board consisting of 2 or more election inspectors, with an equal number from each major political party, and shall appoint an equal number of election inspectors from each major political party.

(2) Not less than 2 election inspectors in a precinct, representing each of the major political parties, shall deliver to the receiving board for that precinct a sealed ballot container containing the voted ballots, and, in a separate sealed envelope, the poll book and statement of returns. The poll book and statement of returns may be enclosed in a single sealed envelope.

(3) The receiving board shall open the sealed envelope and review the poll book and statement of returns to determine both of the following:

The request must be filed not later than 3 days after the certification of the relevant candidates. Not later than 3 days after the filing of the request, the board of county election commissioners shall determine whether a similarity exists and whether a clarifying designation should be granted. In a district located in more than 1 county, the board of state canvassers shall make a determination whether to grant a clarifying designation upon the written request of a candidate who is certified by the secretary of state. The request must be filed with the board of state canvassers not later than 3 days after the board of state canvassers completes the canvass of the primary election in compliance with section 581 and the certification of nominees in compliance with section 687. The board of state canvassers shall make its determination not later than 3 days after the request is filed.

(3) In each instance, the determining board shall immediately notify each candidate for the same office as the requester that a request for a clarifying designation has been made and of the date, time, and place of the hearing. The requester and each candidate for the same office must be notified of the board's determination by first-class mail sent within 24 hours after the final date for the determination. A candidate who is dissatisfied with the determination of the board of county election commissioners may file an appeal in the circuit court of the county where the board is located. A candidate who is dissatisfied with the determination of the board of state canvassers may file an appeal in the Ingham County circuit court. The appeal must be filed within 14 days after the final date for determination by the board. The court shall hear the matter de novo. Except as provided in subsection (4), in the case of the same surname or of a final determination by the board or by the court before the latest date that the board can arrange for the ballot printing of the existence of similarity, the board shall print the occupation, date of birth, or residence of each of the candidates having the same or similar surnames on the ballot or ballot labels or slips to be placed on the voting machine, when used, under their respective names. The request may not be made by a candidate of a political party whose candidate for secretary of state received less than 10% of the total vote cast in the state for all candidates for secretary of state in the most recent November election in which a secretary of state was elected. As used in this subsection, "occupation" includes a currently held political office, even though it is not the candidate's principal occupation, but does not include reference to a previous position or occupation.

(4) If there are 2 candidates with the same or similar surnames and 1 of the candidates is entitled to an incumbency designation by section 24 of article VI of the state constitution of 1963, no other designation shall be provided for the other candidate with the same or similar surname. If there are more than 2 candidates with the same or similar surname and 1 of the candidates is entitled to an incumbency designation by section 24 of article VI of the state constitution of 1963, a clarifying designation may be given to the other candidates with the same or similar surname. Except for an incumbency designation under section 24 of article VI of the state constitution of 1963, if 2 or more candidates with the same or similar surnames are related, the board shall only print the residence or date of birth of each of the candidates as a clarifying designation. As used in this subsection, "related" means that the candidates with the same or similar surnames are related within the third degree of consanguinity.

(5) The board of state canvassers shall issue guidelines to ensure fairness and uniformity in the granting of designations and may issue guidelines relating to what constitutes the same or similar surnames. The board of state canvassers and the boards of county election commissioners shall follow the guidelines.

(3) Tabulators and early voting poll books used at each early voting site must be configured in 1 of the ways set forth in this section. However, the secretary of state may approve an alternate configuration of tabulators and early voting poll books as long as the alternate configuration produces an accurate poll list of the voters who cast ballots and balances the number of voters casting a ballot at the early voting site with the number of ballots cast. A municipal clerk, or the coordinator of a municipal agreement, shall select a configuration set or sets under subsection (4) or (5), as applicable, and inform the county clerk of the selection no later than 90 days before an election. Under a county agreement, the county clerk, after consulting with the participating municipal clerks, shall select the configuration set or sets under subsection (6) no later than 90 days before an election. Subsections (4), (5), and (6) describe the configuration sets that are options for early voting sites, with each configuration set having at least 1 tabulator and an early voting poll book containing a list of registered electors corresponding to the precincts programmed on the tabulator. A county clerk shall program the tabulators to adhere to the configuration set or sets selected for each early voting site. Each early voting site must have the number of tabulators and early voting poll books as required by the selected configuration set or sets.

(4) If a municipal clerk is conducting early voting as a municipality under section 720e, the municipal clerk shall provide for each early voting site either of the following configuration sets:

(a) A single configuration set programmed to tabulate ballots for all of the precincts in the municipality.

(b) Multiple configuration sets, with each configuration set programmed to tabulate ballots for a unique set of precincts in the municipality. Each precinct in the municipality must appear on only 1 configuration set at an early voting site.

(5) If municipalities are parties to a municipal agreement, the municipal agreement must provide for each early voting site to have either of the following configuration sets:

(a) A single configuration set programmed to tabulate ballots for all of the precincts of each municipality covered by the municipal agreement.

(b) Multiple configuration sets, with each tabulator programmed to tabulate ballots for 1 or more municipalities covered by the municipal agreement. Each precinct in each of the municipalities must appear on only 1 configuration set in an early voting site.

(6) If 1 or more municipalities are parties to a county agreement, the county agreement must provide for each early voting site to have either of the following configuration sets:

(a) For an early voting site covering the entire county, in the same manner as an early voting site of a municipality conducting early voting as a municipality under section 720e.

(b) For an early voting site covering less than the entire county, in the same manner as an early voting site for municipalities that are parties to a municipal agreement under section 720f.

(8) After the close of the first day of early voting, the board of election inspectors shall do all of the following at each early voting site:

(h) Lock the room in which the early voting site is located.

(9) After the close of each subsequent day of early voting after the first day of early voting, the board of election inspectors shall follow the same procedure as provided in subsection (8), except that on subsequent days the board of election inspectors may either place the current day's ballots in an unused ballot container and seal the ballots in the same manner as ballots are sealed on election day or may add the current day's ballots to a ballot container that was used for the previous day of early voting. If the board of election inspectors elects to add the current day's ballots to a ballot container that was used for the previous day of early voting, the seal on the previous day's ballot container must be removed, the current day's ballots and the seal removed by the election inspectors must be added to the ballot container, the ballot container must be resealed, and the new seal number must be recorded on the ballot container certificate and in the poll book. If a ballot container becomes too full to add additional ballots, the election inspectors must use 1 or more additional ballot containers and label the ballot container certificates sequentially.

(10) During the required early voting period, the municipal clerk or the early voting site supervisor, as appropriate, shall take all necessary steps to secure the electronic voting equipment, ballot containers, blank ballots, and other election materials after the close of early voting each day until the opening of early voting on the following day, in accordance with guidance provided by the secretary of state. After the last day of early voting, the municipal clerk or the early voting site supervisor, as appropriate, shall deliver the electronic voting equipment, each ballot container, the blank ballots, and other election materials to the clerk who will oversee the closing of the election after the polls close on election day. No later than the Friday before election day, each municipal clerk shall post on the municipality's website the location where the precinct canvass of early votes for that municipality will take place and the time the precinct canvass will begin.

Step 2. Deliver the application by 1 of the following methods:

(a) Place the application in the postage prepaid return envelope provided by the clerk and addressed to the clerk, or place the application in another envelope that is addressed to the appropriate clerk and place the necessary postage on that return envelope, and deposit the return envelope in the United States mail or with another postal service, express mail service, parcel post service, or common carrier.

(b) Deliver the application personally to the clerk's office, to the clerk, or to an authorized assistant of the clerk.

(c) In either (a) or (b), a member of the immediate family of the voter including a father-in-law, mother-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, grandparent, or grandchild or an individual residing in the elector's household may mail or deliver the application to the clerk for the applicant.

(d) If an applicant cannot return the application in any of the above methods, the applicant may select any registered elector to return the application. The individual returning the application must sign and return the certificate at the bottom of the application.

(e) If the applicant applies using the online absent voter ballot application as provided by the secretary of state, send the application electronically through the qualified voter file to the appropriate city or township clerk for processing.

(9) For a presidential primary election, the secretary of state shall revise the absent voter ballot application form described in subsection (7) to require that a presidential primary elector indicate a political party ballot

selection when requesting an absent voter ballot and provide a separate form for a presidential primary elector who has previously applied for an absent voter ballot to indicate or change a political party ballot selection.

(10) An elector may request delivery of the elector's absent voter ballot to an address that is not the elector's registration address. In addition, an elector may request delivery of the elector's absent voter ballot to a post office box if the post office box is where the absent voter normally receives personal mail, and the elector does not receive mail at the elector's registration address.

(11) An individual shall not be in possession of a signed absent voter ballot application except for the applicant, a member of the applicant's immediate family, an individual residing in the applicant's household, an individual whose job normally includes the handling of mail, but only during the course of the individual's employment, a registered elector requested by the applicant to return the application, or a clerk, assistant of the clerk, or other authorized election official. A registered elector who is requested by the applicant to return the applicant's absent voter ballot application shall sign the certificate on the absent voter ballot application.

The online absent voter ballot application must be in substantially the same form as the absent voter ballot application provided under subsection (7).

(16) The online absent voter ballot application provided and maintained by the secretary of state under subsection (15) must provide an opportunity for an elector to use the elector's stored digital signature on file with the secretary of state on the online absent voter ballot application. In order to allow an elector to use the elector's stored digital signature, the online absent voter ballot application must verify the elector's identity and registration status by requesting the elector's name, complete driver license or state personal identification card number, full date of birth, last 4 digits of the elector's Social Security number, and eye color. A registered elector whose stored digital signature is on file with the secretary of state must sign the online absent voter ballot application with that stored digital signature. A registered elector without a stored digital signature on file with the secretary of state may provide a manual digital signature by uploading a photograph of the registered elector's physical handwritten signature to the online absent voter ballot application. Sec. 759a. (1) An absent uniformed services voter or an overseas voter who is not registered, but possessed the qualifications of an elector under section 492, may apply for registration by using the federal postcard application. The department of state, bureau of elections, is responsible for disseminating information on the procedures for registering and voting to an absent uniformed services voter and an overseas voter.

(2) Upon the request of an absent uniformed services voter or an overseas voter, the clerk of a county, city, or township shall electronically transmit a blank voter registration application or blank absent voter ballot application to the voter. The clerk of a county, city, or township shall accept a completed voter registration application or completed absent voter ballot application electronically transmitted by an absent uniformed services voter or overseas voter. A voter registration application or absent voter ballot application submitted by an absent uniformed services voter or overseas voter must contain the signature of the voter.

(3) A spouse or dependent of an overseas voter who is a citizen of the United States, is accompanying that overseas voter, and is not a qualified and registered elector anywhere else in the United States, may apply for an absent voter ballot even though the spouse or dependent is not a qualified elector of a city or township of this state.

(4) An absent uniformed services voter or an overseas voter, whether or not registered to vote, may apply for an absent voter ballot. Upon receipt of an application for an absent voter ballot under this section that complies with this act, a county, city, or township clerk shall forward to the applicant the absent voter ballots requested, the forms necessary for registration, and instructions for completing the forms. If the ballots are not yet available at the time of receipt of the application, the clerk shall immediately forward to the applicant the registration forms and instructions, and forward the ballots as soon as they are available. If a federal postcard application or an application from the official United States Department of Defense website is filed, the clerk shall accept the federal postcard application or the application from the official United States Department of Defense website as the registration application and shall not send any additional registration forms to the applicant. Subject to subsection (18), if the ballots and registration forms are received before the close of the polls on election day and if the registration complies with the requirements of this act, the absent voter ballots must be delivered to the proper election board to be tabulated. If the registration does not comply with the requirements of this act, the clerk shall retain the absent voter ballots until the expiration of the time that the voted ballots must be kept and shall then destroy the ballots without opening the envelope. The clerk may retain registration forms completed under this section in a separate file. The address in this state shown on a registration form is the residence of the registrant.

(5) Not later than 45 days before an election, a county, city, or township clerk shall electronically transmit or mail as appropriate an absent voter ballot to each absent uniformed services voter or overseas voter who applied for an absent voter ballot 45 days or more before the election.

(6) Upon the request of an absent uniformed services voter or overseas voter, the clerk of a county, city, or township shall electronically transmit an absent voter ballot to the voter. Except as otherwise provided in this subsection, the voter shall print the absent voter ballot and return the voted ballot by mail to the appropriate clerk. Subject to subsection (17), beginning September 1, 2025, a member of a uniformed service on active duty, by reason of being on active duty, or a member of the merchant marine, by reason of service in the merchant marine, who is absent from the United States and does not expect to return to the residence where the member is otherwise qualified to vote before an election may electronically return a voted ballot to the appropriate city or township clerk to be counted under the rules promulgated by the secretary of state as set forth in subsection (17).

(7) The secretary of state shall prescribe electronic absent voter ballot formats and electronic absent voter ballot transmission methods. Each county, city, or township clerk shall employ the prescribed electronic ballot formats to fulfill an absent voter ballot request received from an absent uniformed services voter or overseas voter who wishes to receive an absent voter ballot through an electronic transmission. The secretary of state shall establish procedures to implement the requirements in this section and for the processing of a marked absent voter ballot returned by an absent uniformed services voter or overseas voter who obtained an absent voter ballot through an electronic transmission.

(8) The secretary of state shall modify the printed statement provided under section 761(4) and the absent voter ballot instructions provided under section 764a as appropriate to accommodate the procedures developed for electronically transmitting an absent voter ballot to an absent uniformed services voter or overseas voter. A statement must be included in the certificate signed by the absent voter who obtained an absent voter ballot through an electronic transmission that the secrecy of the absent voter ballot may be

compromised during the duplication process. The absent voter ballot instructions provided to an absent uniformed services voter or overseas voter must include the proper procedures for returning the absent voter ballot to the appropriate clerk.

(9) The size of a precinct must not be determined by registration forms completed under this section.

(10) An absent uniformed services voter or an overseas voter who submits an absent voter ballot application is eligible to vote as an absent voter in any local, state, or federal election occurring in the calendar year in which the election is held for that ballot requested if the absent voter ballot application is received by the county, city, or township clerk not later than 2 p.m. of the Saturday before the election. A village clerk receiving an absent voter ballot application from an absent uniformed services voter or overseas voter shall transmit to the township clerk and the school district election coordinators, where applicable, the necessary information to enable the city or township clerk and school district election coordinators to forward an absent voter ballot for each applicable election in that calendar year to the absent voter. If the local elections official rejects a voter registration application or absent voter ballot application submitted by an absent uniformed services voter or overseas voter, the election official shall notify the voter of the rejection.

(11) An email address provided by an absent uniformed services voter or overseas voter for the purposes of this section is confidential and exempt from disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(12) Under the uniformed and overseas citizens absentee voting act, the state director of elections shall approve a ballot form and registration procedures for absent uniformed services voters and overseas voters.

(13) An absent uniformed services voter or an overseas voter may use the federal write-in absentee ballot, in accordance with the provisions of the uniformed and overseas citizens absentee voting act, at a regular election or special election to vote for a local, state, or federal office or on a ballot question. Except as otherwise provided in this subsection, an absent uniformed services voter or an overseas voter who uses the federal write-in absentee ballot shall return the voter's voted federal write-in absentee ballot by mail to the appropriate clerk. Subject to subsection (17), beginning September 1, 2025, a member of a uniformed service on active duty, by reason of being on active duty, or a member of the merchant marine, by reason of service in the merchant marine, who is absent from the United States and does not expect to return to the residence where the member is otherwise qualified to vote before an election may electronically return a voted ballot to the appropriate city or township clerk to be counted under the rules promulgated by the secretary of state as set forth in subsection (17). The state bureau of elections shall do both of the following:

(a) Make the ballot format for each election available to absent uniformed services voters and overseas voters by email or on an internet website maintained by the department of state.

(b) Make the ballot information, including the offices, names of candidates, and ballot proposals, for each election available to absent uniformed services voters and overseas voters on an internet website maintained by the department of state.

(14) The clerk of a city or township shall submit to the county clerk of the county in which that city or township is located a written statement no later than 45 days before each election indicating whether absent voter ballots were issued to absent uniformed services voters or overseas voters in compliance with this section and the uniformed and overseas citizens absentee voting act. The city or township clerk shall provide to the county clerk a written explanation describing remedial actions taken by the city or township clerk if the city or township clerk fails to comply with this section and the uniformed and overseas citizens absentee voting act. Not later than 42 days before each election, each county clerk shall submit to the state bureau of elections a written report compiled from the written statements submitted by the city and township clerks. The written report must identify the cities and townships that complied with the 45-day deadline under this subsection, the cities and townships that did not comply with the 45-day deadline under this subsection, but provided a written explanation, and those cities and townships that did not comply with the 45-day deadline under this subsection and that did not provide a written explanation. The state bureau of elections may require the clerk of a city or township that did not comply with the 45-day deadline under this subsection, but provided a written explanation, to provide additional information. The state bureau of elections shall require the clerk of a city or township that did not comply with the 45-day deadline and that did not provide a written explanation to file a written explanation, describing the remedial actions taken by the city or township clerk, within 1 business day after the state bureau of elections notifies the clerk of that city or township.

(15) For a presidential primary election, the secretary of state shall prescribe procedures for contacting an elector who is an absent uniformed services voter or an overseas voter, as described in this section, and who is eligible to receive an absent voter ballot or who applies for an absent voter ballot for the presidential primary election, offering the elector the opportunity to select a political party ballot for the presidential primary election.

(16) The secretary of state shall order a city or township clerk to extend the ballot receipt deadline for any

absent voter ballots under this section that were not transmitted to an absent uniformed services voter or overseas voter in compliance with subsection (5). The extension must equal the total number of days beyond the deadline as provided in subsection (5) that the city or township clerk transmitted the requested absent voter ballots. These absent voter ballots received during the extension time must be counted and tabulated for the final results of the election provided that the absent voter ballots are executed and sent by the close of the polls on election day. The election may be formally certified before the end of the extension time if the number of outstanding absent voter ballots under this subsection will not alter the outcome of the election.

(17) The secretary of state shall promulgate rules that establish policies and procedures for the electronic return of voted ballots by eligible members. In promulgating rules that establish the policies and procedures for the electronic return of voted ballots by eligible members, the secretary of state shall require an eligible member to use a United States Department of Defense verified electronic signature, as that term is defined in section 18a, so that the identity of the eligible member can be verified utilizing those policies and procedures. A member who is unable or unwilling to provide a United States Department of Defense verified electronic signature is not eligible to electronically return a voted ballot. The secretary of state shall take reasonable steps to ensure the integrity and secrecy of voted ballots returned electronically. The secretary of state may develop and maintain a secure web portal on the secretary of state's website to facilitate the electronic return of voted ballots by eligible members. Only the secretary of state or the secretary of state's duly authorized agent, a city or township clerk, the clerk's deputy clerk, or a sworn member of the clerk's staff is authorized to access the secure web portal on the secretary of state's website. No later than September 1, 2025, the secretary of state shall promulgate rules pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, to implement this subsection. As used in this subsection, "eligible member" means a member of a uniformed service on active duty or a member of the merchant marine, as described in subsection (6) or (13).

(18) If the absent voter ballot return envelope containing a marked absent voter ballot for an absent uniformed services voter or overseas voter is postmarked on or before election day and the absent voter ballot is received by mail by the city or township clerk within 6 days after the election, the city or township clerk shall consider that absent voter ballot timely received. If the absent voter ballot return envelope containing a marked absent voter ballot for an absent uniformed services voter or overseas voter is received by mail by the city or township clerk within 6 days after the election and the postmark on the absent voter ballot return envelope is missing or unclear, the city or township clerk shall deliver that absent voter ballot return envelope to the clerk of the county in which the city or township is located as provided in this subsection and that county clerk shall determine whether that absent voter ballot was timely received. Not later than the seventh day after election day, each city or township clerk shall, without opening the absent voter ballot return envelopes, deliver the absent voter ballots received within 6 days after the election as provided under this subsection to the clerk of the county in which the city or township is located. If the postmark on the absent voter ballot return envelope is missing or unclear, and if the county clerk determines that the absent voter ballot return envelope or the voter certificate inside the absent voter ballot return envelope is dated on or before election day by the absent uniformed services voter or overseas voter, the county clerk shall consider that absent voter ballot as timely received. The absent voter ballots considered timely received as provided under this subsection shall be tabulated by the county clerk in a meeting of the board of county canvassers. As used in this subsection, "postmark" means any type of mark applied by the United States Postal Service or any delivery service to the absent voter ballot return envelope, including, but not limited to, a bar code or any tracking marks that indicate when a ballot was mailed.

#### **168.759f Presidential primary ballot selection form; availability.**

Sec. 759f. (1) The secretary of state shall prescribe the presidential primary ballot selection form. The presidential primary ballot selection form must be available in person, by mail, and online, and must be able to be submitted to the clerk of the city or township in which the permanent mail ballot voter resides, in person, by mail, or online.

(2) No later than 60 days before a presidential primary election, each city or township clerk shall send a presidential primary ballot selection form, with prepaid return postage, to all permanent mail ballot voters in the city or township who have not made a presidential primary ballot selection for the presidential primary election. If a permanent mail ballot voter does not return a presidential primary ballot selection form by the fortieth day before a presidential primary election, the city or township clerk shall notify that permanent mail ballot voter by telephone, email, and text message, if available, of the requirement to make a political party ballot selection in order to receive a presidential primary election ballot. If the city or township clerk does not have the telephone number or email address of the permanent mail ballot voter, the city or township clerk must notify the permanent mail ballot voter by United States mail, and may also notify the permanent mail ballot voter by any other available method of contact.

(3) If an elector becomes a permanent mail ballot voter in a city or township after the clerk sends the presidential primary ballot selection forms as required under subsection (2), and the elector has not made a presidential primary ballot selection for the presidential primary election, the clerk of the city or township must immediately send the voter a presidential primary ballot selection form, with prepaid return postage.

(4) If the presidential primary election ballot contains any office or proposal other than for the office of President of the United States, a ballot with those other offices or proposals that does not include the office of President of the United States must be sent to those permanent mail ballot voters who have not made a presidential primary ballot selection for the presidential primary election. In addition, a ballot sent under this subsection must include a notice on a form as prescribed by the secretary of state that indicates both of the following:

(a) The permanent mail ballot voter did not receive a presidential primary election ballot because the permanent mail ballot voter did not make a presidential primary ballot selection.

(b) The process by which the permanent mail ballot voter can participate in the presidential primary election.

(5) A presidential primary ballot selection form sent under this section must be sent to the address designated by the permanent mail ballot voter to which the voter's absent voter ballot is sent.

#### **168.761 Absent voter ballots; mailing or delivering to applicant; rejection of application; notice; return envelope; form; statement; false statement as misdemeanor or felony; presenting of identification for election purposes; affidavit.**

Sec. 761. (1) If the clerk of a city or township receives an application for an absent voter ballot, the clerk must immediately determine if the applicant is registered to vote in that city or township and if the signature on the application agrees sufficiently with the signature on file for the individual as required in subsection (2). The clerk must immediately, upon verification of the application or, if the application is received and verified before the printing of the absent voter ballots, as soon as the absent voter ballots are received by the clerk, forward by mail, postage prepaid, or deliver the absent voter ballot to the applicant. The clerk must include with the absent voter ballot a postage prepaid absent voter ballot return envelope. A clerk shall not send an absent voter ballot to an applicant by first-class mail after 5 p.m. on the fourth day before an election. If the clerk of a city or township receives an application for an absent voter ballot from an applicant who is a program participant, as that term is defined in section 3 of the address confidentiality program act, 2020 PA 301, MCL 780.853, then the city or township clerk shall mail an absent voter ballot to that program participant at the designated address provided to that program participant by the department of the attorney general under the address confidentiality program act, 2020 PA 301, MCL 780.851 to 780.873. If the clerk of a city or township receives an absent voter ballot application after the deadline for a clerk to mail an absent voter ballot by first-class mail to the applicant under this subsection, and the clerk does not otherwise promptly provide the applicant with the absent voter ballot, the clerk must immediately notify the applicant that the applicant's absent voter ballot application was rejected as not timely received and notify the applicant of the alternative methods of voting available for that election. The clerk must notify the applicant by telephone, email, or text message, if available. In the absence of the applicant's telephone number or email address, the clerk must notify the applicant by United States mail. The clerk may also provide notice to the applicant by any other available methods of contact. Electronic notification of the rejection of the application under section 764c that provides the information required by this subsection constitutes sufficient notification to the applicant. However, an absent voter ballot application that is rejected must still be processed for any future elections indicated on that absent voter ballot application. If a county clerk receives an application for an absent voter ballot from an individual, the county clerk shall immediately forward that absent voter ballot application to the appropriate city or township clerk where that individual resides. If a city or township clerk receives an application for an absent voter ballot from an individual who is registered to vote in a different city or township, that clerk must immediately contact the individual to determine where the individual resides and should be registered to vote. If the city or township clerk determines that the individual is registered to vote in a different city or township, the city or township clerk must electronically forward the application to the clerk of the city or township in which the individual is registered.

(2) The signature on file must be used to determine the genuineness of a signature on an application for an absent voter ballot. Signature comparisons must be made using the procedures required under section 766a. If the clerk of a city or township rejects an absent voter ballot application because the signature on the absent voter ballot application does not agree sufficiently with the signature on file or because the elector failed to sign the absent voter ballot application, the applicant must be provided notice and the opportunity to cure the deficiency as provided under section 766a. The notice must inform the applicant that the applicant must cure the deficiency by 4 p.m. on the fourth day before the election in order to receive an absent voter ballot by first-class mail. If the applicant cures the deficiency as provided under section 766a by 4 p.m. on the fourth day before the election, the clerk must immediately send an absent voter ballot and a postage prepaid absent

voter ballot return envelope to the applicant as provided under subsection (1).

(3) Except as otherwise provided in this subsection, and except for ballots delivered pursuant to an emergency absent voter ballot application under section 759b, absent voter ballots must be mailed or delivered to the applicant at the applicant's registration address unless the applicant requests that the absent voter ballot be sent to a different address as provided on the applicant's absent voter ballot application. In addition, a clerk may mail or deliver an absent voter ballot, on request of the applicant, to a post office box if the post office box is where the applicant normally receives personal mail and the applicant does not receive mail at the applicant's registration address. Subject to subsections (6) and (7), an absent voter ballot may be delivered to an applicant in person at the clerk's office.

(4) The clerk shall enclose with the ballot a postage prepaid return envelope properly addressed to the clerk and bearing on the back of the return envelope a printed statement in substantially the following form:

If an elector signs an affidavit under this subsection, the clerk shall issue an absent voter ballot to that elector. Except as otherwise provided in this subsection and subsection (7), a clerk shall not issue an absent voter ballot in person to any elector after 4 p.m. on the day before election day. An elector who is in line at 4 p.m. on the day before election day must be issued an absent voter ballot. **168.761d Absent voter ballot drop box; requirements; procurement and distribution of drop boxes; video monitoring; inspections; transportation of absent voter ballot return envelopes.**

Sec. 761d. (1) Each city or township must have at least 1 absent voter ballot drop box that registered electors in the city or township may use to return completed absent voter ballot applications and voted absent voter ballots. If a city or township has more than 15,000 registered electors, that city or township must have at least 1 absent voter ballot drop box for every 15,000 registered electors in the city or township. In determining the number of registered electors in a city or township under this subsection, the city or township must use the number of registered electors that are in the city or township 150 days before the date of the election at which the absent voter ballot drop boxes are to be used.

(2) The secretary of state shall facilitate the procurement and distribution of absent voter ballot drop boxes that can be used by a city or township to meet the requirements under subsection (1). If the clerk of a city or township applies to the secretary of state for 1 or more absent voter ballot drop boxes to meet the requirements under subsection (1), the secretary of state shall facilitate the procurement and distribution of the absent voter ballot drop boxes at no cost to the clerk of that city or township. The secretary of state bears the cost of delivery, installation, repair, and video monitoring for each absent voter ballot drop box provided under this subsection to ensure that each absent voter ballot drop box meets the requirements of this section. The secretary of state shall issue instructions regarding the application process for city or township clerks to apply for absent voter ballot drop boxes under this subsection and for the payment or reimbursement of the associated costs specified in this subsection. As used in this subsection, "video monitoring" does not include video data storage.

(3) This section does not preclude a city or township from having more than the minimum number of absent voter ballot drop boxes required under subsection (1). Any additional absent voter ballot drop boxes used by a city or township that are beyond the number of absent voter ballot drop boxes required under subsection (1) must conform to the requirements as provided in this section.

(4) The clerk of each city or township shall ensure that absent voter ballot drop boxes are distributed equitably throughout the city or township. In determining the location for an absent voter ballot drop box in the city or township, the clerk of the city or township must, at a minimum, consider all of the following:

- (c) Accessibility, including for electors with disabilities.
- (d) Any other factors the clerk considers relevant.

(5) Each city or township clerk shall ensure that the secretary of state has the information necessary to include on the department of state's website the location of each absent voter ballot drop box in that city or township to enable an elector to determine the location of each absent voter ballot drop box in that elector's city or township.

(6) An absent voter ballot drop box must meet all of the following requirements:

(a) Be clearly labeled as an absent voter ballot drop box that can be used to return completed absent voter ballot applications and voted absent voter ballots.

(b) Be securely locked, be affixed to the ground or to another stationary object, and be designed to prevent the removal of absent voter ballot applications and absent voter ballots when locked.

(c) Be accessible 24 hours each day during the 40 days before election day, and be accessible until 8 p.m. on election day.

(d) Be equipped with a slot or mailbox-style lever to allow absent voter ballot applications and absent voter ballot return envelopes to be placed in the absent voter ballot drop box, and all other openings on the absent voter ballot drop box must be securely locked.

(e) Be located in a publicly accessible, well-lit area with good visibility.

(7) Except as otherwise provided in this subsection, for an absent voter ballot drop box that was not ordered or installed in a city or township before October 1, 2020, the city or township clerk must use video monitoring of that absent voter ballot drop box during the 75 days before each election and on election day to ensure effective monitoring of that absent voter ballot drop box. Beginning January 1, 2026, regardless of when an absent voter drop box was ordered or installed, the city or township clerk must use video monitoring of each absent voter drop box during the 75 days before each election and on election day to ensure effective monitoring of each absent voter ballot drop box in the city or township.

(8) The city or township clerk must immediately report to local law enforcement any vandalism involving the absent voter ballot drop box or any suspicious activity occurring in the immediate vicinity of the absent

voter ballot drop box.

(9) Only a city or township clerk, the clerk's deputy clerk, or a sworn member of the clerk's staff is authorized to collect absent voter ballot applications and absent voter ballots from an absent voter ballot drop box.

(10) Seventy-five days before each election and until election day, an individual who is authorized under subsection (9) must regularly inspect each absent voter ballot drop box used in that city or township to confirm that the absent voter ballot drop box complies with all of the requirements under this section.

(11) Beginning 35 days before each election and until election day, an individual who is authorized under subsection (9) must collect, on any day in which the city or township clerk's office is open for business, the election materials deposited in an absent voter ballot drop box located in the city or township.

(12) When an individual who is authorized under subsection (9) collects absent voter ballot applications and absent voter ballot return envelopes from an absent voter ballot drop box, that individual must, unless traveling from 1 absent voter ballot drop box to another absent voter ballot drop box, immediately return those collected absent voter ballot applications and absent voter ballot return envelopes to the city or township clerk's office.

(13) All absent voter ballot return envelopes collected from an absent voter ballot drop box must be transported in a ballot container approved under section 24j.

(14) Except for an absent voter ballot drop box that is located on the grounds of a city or township clerk's office, or in an official satellite office of the city or township clerk that is staffed by employees of the city or township clerk, the city or township clerk must document each time absent voter ballot applications and absent voter ballot return envelopes are collected from an absent voter ballot drop box in that city or township. The documentation required under this subsection must be preserved and maintained by the city or township clerk for not less than 22 months following the election for which the absent voter ballot applications and absent voter ballot return envelopes were collected and must include all of the following:

## **168.764a Instructions for absent voters and absent uniformed services voters or overseas voters.**

Sec. 764a. (1) Subject to subsections (2) and (3), the following instructions for an absent voter must be included with each ballot or set of ballots furnished an absent voter:

### **INSTRUCTIONS FOR ABSENT VOTERS**

Step 1. Enclosed you will find voting instructions as to the method of voting. Read these carefully and then vote the ballot.

Step 2. After voting a ballot, place the ballot in the secrecy sleeve, if any. If a secrecy sleeve is not provided, refold the ballot to conceal your votes.

Step 3. If, after voting your absent voter ballot, you wish to take your marked absent voter ballot to your polling place on election day, or to an early voting site during the early voting period, to personally put your marked absent voter ballot into a tabulator to be counted, skip Steps 4 to 7 and proceed to Step 8. If you do not proceed to Step 8, and you wish to return your marked absent voter ballot to the clerk, proceed to Steps 4 to 7.

Step 4. Place the ballot or ballots in the return envelope and securely seal the return envelope.

Step 5. Sign and date the return envelope in the place designated. Your signature must appear on the return envelope or the ballot will not be counted. If you are disabled or otherwise unable to mark the ballot and required assistance in voting your absent voter ballot, have the individual who assisted you complete the section on the return envelope entitled "TO BE COMPLETED ONLY IF VOTER IS ASSISTED IN VOTING BY ANOTHER INDIVIDUAL".

Step 6. Deliver the return envelope by 1 of the following methods:

(a) Deposit the postage prepaid return envelope in the United States mail, or place the necessary postage on the return envelope and deposit the return envelope with another public postal service, express mail service, parcel post service, or common carrier.

(b) Deliver the return envelope personally to the office of the clerk, to the clerk, or to an authorized assistant of the clerk, or to a secure drop box located in the city or township.

(c) In either (a) or (b), a member of your immediate family including a father-in-law, mother-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, grandparent, or grandchild or an individual residing in your household may mail or deliver a ballot to the clerk for you.

(d) You may request by telephone that the clerk who issued the ballot provide assistance in returning the ballot. The clerk is required to provide assistance if you are unable to return your absent voter ballot as specified in (a), (b), or (c) above, if it is before 5 p.m. on the Friday immediately preceding the election, and if you are asking the clerk to pick up the absent voter ballot within the jurisdictional limits of the city, township, or village in which you are registered. Your absent voter ballot will then be picked up by the clerk or an election assistant sent by the clerk. All individuals authorized to pick up absent voter ballots are required to carry credentials issued by the clerk. If using this absent voter ballot return method, do not give your ballot to anyone until you have checked that individual's credentials.

Step 7. The ballot must reach the clerk or an authorized assistant of the clerk before the close of the polls on election day. An absent voter ballot received by the clerk or assistant of the clerk after the close of the polls on election day will not be counted.

Step 8. This step applies only if, after marking your absent voter ballot, you wish to take your marked absent voter ballot to your polling place on election day, or to an early voting site during the early voting period, to personally put your marked ballot into a tabulator to be counted. Bring your marked absent voter ballot that you placed in the secrecy sleeve under Step 2 to your polling place on election day, or to an early voting site during the early voting period, and indicate to the election inspectors that you are there to put your marked absent voter ballot into the tabulator to be counted. Before tabulating your ballot, you will be required to provide identification for election purposes to the election inspectors, or sign an affidavit that you do not have identification for election purposes, and complete the ballot application.

### **WARNING**

All of the following actions are violations of the Michigan election law and are illegal in this state:

(1) To vote an absent voter ballot at a meeting or gathering at which other individuals are voting absent voter ballots.

(2) For an individual who is assisting an absent voter in marking the ballot to suggest or in any manner attempt to influence the absent voter on how that absent voter should vote.

(3) For an individual who is present and knows that an individual is voting an absent voter ballot to suggest or in any manner attempt to influence the absent voter on how that absent voter should vote.

(4) For an individual other than those listed in these instructions to return, offer to return, agree to return,

or solicit to return an absent voter ballot to the clerk.

(5) For an individual other than the absent voter; an individual listed in these instructions; or an individual whose job it is to handle mail before, during, or after being transported by a public postal service, express mail service, parcel post service, or common carrier, but only during the normal course of the individual's employment to be in possession of a voted or unvoted absent voter ballot.

(2) The following instruction must be included with the instructions as provided in subsection (1) for each absent voter ballot furnished to an absent uniformed services voter or overseas voter:

"For an absent uniformed services voter or overseas voter, the absent voter ballot return envelope containing a marked absent voter ballot must be postmarked on or before election day and must reach the clerk or authorized assistant of the clerk within 6 days after the election. If the absent voter ballot return envelope containing an absent voter ballot for an absent uniformed services voter or overseas voter is received by mail by the clerk or authorized assistant of the clerk more than 6 days after the election or is postmarked after election day, the absent voter ballot will not be counted."

(3) If a city or township with 250 or more precincts that are subject to the exemption in section 765a(1) is unable to program an election day tabulator to accept an absent voter ballot in any election in an election year, the appropriate city or township clerk shall provide a modified version of the instructions for absent voters under subsection (1) that removes the ability of an elector to return the elector's marked absent voter ballot to the elector's election day polling place to be tabulated.

### **168.765 Absent voter ballot return envelopes; safekeeping by clerk; delivery of envelopes; review and verification of signatures for tabulation; absent voter counting board; voter ballot received after polls closed.**

Sec. 765. (1) The clerk of a city or township who receives an absent voter ballot return envelope containing the marked ballot of an absent voter shall not open that sealed absent voter ballot return envelope and shall safely keep the sealed absent voter ballot return envelopes in the clerk's office until delivering the absent voter ballot return envelopes to a precinct board of election inspectors, an absent voter counting board, or a team of election inspectors as provided under subsection (3).

(2) The city or township clerk shall review each absent voter ballot return envelope to determine whether the absent voter ballot is approved for tabulation in accordance with section 766. The review under this

subsection includes verifying the signature on each absent voter ballot return envelope in accordance with section 766a. Subject to section 768, a precinct board of election inspectors or an absent voter counting board must not make any further signature verification for an absent voter ballot return envelope. Written or stamped on each absent voter ballot return envelope must be the date, and the time and date if received on election day, that the absent voter ballot return envelope was received by the city or township clerk and a statement by the city or township clerk that the absent voter ballot is approved for tabulation. If the city or township clerk determines that the elector's signature on the absent voter ballot return envelope is missing or does not agree sufficiently with the signature on file, the clerk shall reject the absent voter ballot and provide the elector with notice and the opportunity to cure the deficiency in accordance with section 766(4).

(3) The clerk of a city or township that is not processing and tabulating absent voter ballots before election day under section 765a(11) shall appoint 1 or more teams of 2 election inspectors, with 1 election inspector appointed from each major political party, to assist the clerk in determining whether the ballots for absent uniformed services voters and overseas voters are approved for tabulation. Beginning no earlier than 7 days before an election, a team of election inspectors appointed under this subsection shall assist the city or township clerk with the absent voter ballots that were electronically transmitted to absent uniformed services voters and overseas voters under section 759a and are returned in envelopes that do not have the elector's signature affixed to the exterior of the return envelope. The election inspectors shall open the return envelope and extract the certificate that absent uniformed services voters and overseas voters are instructed to sign and return in the same envelope as the ballot, while leaving the ballot in the return envelope. The clerk shall copy the certificate bearing the elector's signature, and the election inspectors shall reinsert the certificate into the return envelope and reseal the return envelope. The clerk shall proceed to determine whether the absent voter ballot is approved for tabulation as required under subsection (2).

(4) Except as otherwise provided under section 764d, the clerk of a city or township shall deliver absent voter ballot return envelopes to a board of election inspectors of an election day precinct only if the city or township has not established an absent voter counting board. The city or township clerk shall deliver to that board of election inspectors only those absent voter ballots that have been approved for tabulation under section 766, along with the clerk's list or record that is kept relative to those absent voters. The city or township clerk shall retain the applications in the clerk's office and shall keep the applications and lists open for public inspection during regular business hours. Absent voter ballots that will be tabulated by a board of election inspectors of an election day precinct must not be tabulated before the opening of the polls on election day.

(5) Subject to sections 764d and 765a(11), if a city or township has established an absent voter counting board, the clerk must deliver absent voter ballots approved for tabulation as provided under section 766 to the absent voter counting board by the time the election inspectors of the absent voter counting board report for duty on election day. Except as otherwise provided in section 764d, absent voter ballots received by the clerk by 8 p.m. on election day and approved for tabulation as provided under section 766 must be delivered to the absent voter counting board.

(6) Except as otherwise provided in section 759a for absent uniformed services voters and overseas voters, if an absent voter ballot return envelope is received by the clerk after the close of the polls, the clerk shall plainly mark the absent voter ballot return envelope with the time and date of receiving the absent voter ballot return envelope and shall file the absent voter ballot return envelope in the clerk's office. The city or township clerk shall as soon as practicable, but no later than 90 days after the election, notify by mail, telephone, or email any elector who returned an absent voter ballot return envelope with an absent voter ballot that was not tabulated. The notification provided to an elector by the city or township clerk under this subsection must inform the elector that the elector's absent voter ballot was not tabulated and the reason that the absent voter ballot was not tabulated.

(7) As close as possible to 8 p.m. on election day, the city or township clerk shall collect absent voter ballots from the post office at which the city or township clerk regularly receives mail addressed to the city or township clerk. Any return envelopes containing absent voter ballots that are received from the post office or from voters who voted by absent voter ballot in person in the clerk's office on election day must be reviewed and approved for tabulation before being delivered to the board of election inspectors or an absent voter counting board to be tabulated.

(8) On or before 8 a.m. on election day, the clerk shall post in the clerk's office or otherwise make public the number of absent voter ballots the clerk distributed to absent voters and the number of absent voter ballot return envelopes containing the marked ballots of absent voters received by the clerk before election day and to be delivered to the board of election inspectors or the absent voter counting boards under this act. As soon as possible after all precincts in the city or township are processed, the clerk shall post in the clerk's office or otherwise make public the number of absent voter ballots tabulated for that election. The city or township

clerk shall maintain a record of the absent voter ballots that reconciles the number of absent voter ballots received as recorded in the qualified voter file with the number of absent voter ballots tabulated at the polling place locations or absent voter counting board locations in that city or township. This subsection applies only to elections in which a federal or state office appears on the ballot.

**168.765a Absent voter counting board; processing and tabulating of ballots before election; written notice; instructions and procedures; prohibition of photography or recording within counting place; violations; penalties.**

Sec. 765a. (1) Subject to section 764d, if a city or township decides to use absent voter counting boards, the board of election commissioners of that city or township shall establish an absent voter counting board for each election day precinct in that city or township. The ballot form of an absent voter counting board must correspond to the ballot form of the election day precinct for which it is established. A city or township with 250 or more precincts may establish at least 1 absent voter counting board for each ballot form containing identical offices and candidate names, and that is considered a separate precinct for purposes of this section. After the polls close on election day, the county, city, or township clerk responsible for producing the accumulation report of the election results shall format the accumulation report as required under section 798b.

(2) Subject to section 764d, the board of election commissioners shall appoint the election inspectors to absent voter counting boards not less than 21 days before the election at which the absent voter counting boards are to be used. Sections 673a and 674 apply to the appointment of election inspectors to absent voter counting boards under this section.

(3) If more than 1 absent voter counting board is to be used, the city or township clerk shall determine the number of electronic tabulators and the number of election inspectors to be used in each of the absent voter counting boards and to which absent voter counting board the absent voter ballots for each precinct are assigned for counting.

(4) In a city or township that uses absent voter counting boards under this section, the absent voter ballots must be counted in the manner provided in this section and, except as otherwise provided in section 764d, absent voter ballots must not be delivered to the polling places. Subject to section 764d, the board of election commissioners shall provide a place for each absent voter counting board to count the absent voter ballots. Section 662 applies to the designation of the absent voter counting place or places in which the absent voter ballots will be processed and tabulated by election inspectors assigned to the absent voter counting boards under this section, except the location may be in a different jurisdiction if the county provides a tabulator for use at a central absent voter counting board location in that county. The places must be designated as absent voter counting places. Except as otherwise provided in this section, laws relating to election day precincts, including laws relating to the appointment of election inspectors, apply to absent voter counting places. The provisions of this section relating to tabulating absent voter ballots by electronic voting systems apply. High-speed tabulators and software to support those high-speed tabulators, as a component of an electronic voting system approved by the board of state canvassers for use in this state, may be used to tabulate absent voter ballots in an absent voter counting board. There is no limit on the number of absent voter counting boards that may be assigned to 1 building.

(5) The clerk of a city or township that uses absent voter counting boards shall supply each absent voter counting board with supplies necessary to carry out the absent voter counting board's duties under this act. The supplies must be furnished to the city or township clerk in the same manner and by the same persons or agencies as for election day precincts.

(6) Except as otherwise provided in this section, the absent voter counting boards and combined absent voter counting boards shall process the ballots and returns in as nearly as possible the same manner as ballots are processed in election day precincts. The poll book may be combined with the absent voter list or record required by section 760, and the applications for absent voter ballots may be used as the poll list. Subject to subsection (11), the processing and tabulating of absent voter ballots must commence at the time set by the board of election commissioners, but no earlier than 7 a.m. on the day of the election.

(7) An election inspector, challenger, or any other individual in attendance at an absent voter counting place or combined absent voter counting place at any time after the processing of ballots has begun shall take and sign the following oath that may be administered by the clerk, a member of the clerk's staff, or the

chairperson or a member of the absent voter counting board or combined absent voter counting board:

"I (name of individual taking oath) do solemnly swear (or affirm) that I shall not communicate in any way information relative to any ballots or the tabulation of votes that may come to me while in this counting place until after the polls are closed. Further, I shall not photograph, or audio or video record, within the counting place, except for posted election results."

(8) The oaths administered under subsection (7) must be placed in an envelope provided for the purpose and sealed with the red state seal. Following the election, the oaths must be delivered to the city or township clerk. Subject to this subsection, the clerk of a city or township may allow the election inspectors appointed to an absent voter counting board in that city or township to work in shifts. A second or subsequent shift of election inspectors appointed for an absent voter counting board may begin that shift at the time provided by the city or township clerk. If the election inspectors appointed to an absent voter counting board are authorized to work in shifts, at no time shall the absent voter ballots be left unattended during the transition from one shift to the next shift, or at any other time during the day after ballots are removed from the absent voter ballot return envelopes and before the absent voter ballots are sealed in the ballot container. At all times while absent voter ballots are being processed and tabulated, at least 1 election inspector from each major political party must be present at the absent voter counting place and the policies and procedures adopted by the secretary of state regarding the counting of absent voter ballots must be followed.

(9) An individual who causes the polls to be closed or who discloses an election result before the polls can be legally closed on election day or in any manner characterizes how any ballot being counted has been marked is guilty of a felony.

(10) Tabulated absent voter ballots must be placed in an approved ballot container, and the ballot container must be sealed after all the ballots are tabulated in the manner provided by this act for election day precincts. The seal numbers must be recorded on the statement sheet, on the ballot container certificate, and in the poll book or addendum to the poll book.

(11) The board of election commissioners of a city or township with a population of at least 5,000, or a board of county election commissioners as provided under section 764d, may authorize that absent voter counting boards be established under subsection (1) to process and tabulate absent voter ballots between the hours of 7 a.m. and 8 p.m. on any of the 8 days before election day, beginning on the second Monday before election day and ending on the Monday immediately before election day. The board of election commissioners of any city or township, regardless of population size, may authorize and establish an absent voter counting board to process and tabulate absent voter ballots between the hours of 7 a.m. and 8 p.m. on the Monday immediately before election day.

(12) In order to participate in the processing and tabulation of absent voter ballots before election day under subsection (11), the clerk of a county, city, or township shall submit a written notice to the secretary of state no later than 28 days before election day stating the clerk's intent to participate in the processing and tabulation of absent voter ballots before election day. No later than 20 days before an election, the secretary of state shall publish on the department of state's website a list of those cities and townships that have notified the secretary of state of an intent to process and tabulate absent voter ballots before election day. No later than 18 days before an election, a clerk who notified the secretary of state of the clerk's intent to process and tabulate absent voter ballots before election day must post on the website of the city or township, if available, and in the clerk's office, a notice providing the location of the absent voter counting place, the dates and hours of operation of the absent voter counting place, and the number of election inspectors who will process and tabulate absent voter ballots at the absent voter counting place. If the location, dates, hours, or number of election inspectors changes, the clerk must publicly post a revised notice as soon as possible, but no later than the eleventh day before an election, on the website of the city or township, if available, and in the clerk's office. A revised notice must include the updated location, dates, hours, and number of election inspectors. If the clerk changes the number of election inspectors on subsequent days after processing and tabulating begins, the clerk shall post the updated number of election inspectors on the website of the city or township, if available, and in the clerk's office, no later than 10 a.m. on the day before the changes occur. If a city or township clerk fails to post a notice by 10 a.m. on the day before a change reducing the number election inspectors occurs, the clerk shall allow the number of challengers to remain at the same level even though the reduction in the number of election inspectors may have reduced the number of allowed challengers.

(13) For each day of processing and tabulation of absent voter ballots before election day, a participating city or township clerk shall deliver the absent voter ballots approved for tabulation to an absent voter counting board. The instructions and procedures adopted by the secretary of state regarding the processing and tabulating of absent voter ballots before election day must be followed. Absent voter ballots must be processed and tabulated in the same manner and under the same requirements as absent voter ballots are processed and tabulated on election day. Election results must not be generated, printed, or reported before 8

p.m. on election day.

(14) During the processing and tabulation of absent voter ballots before election day, each political party, and each incorporated organization or organized committee of interested citizens as described under sections 730 and 731, may designate 1 challenger for every 8 election inspectors serving at the absent voter counting place. If there are 7 or fewer election inspectors serving at an absent voter counting place, each political party, and each incorporated organization or organized committee of interested citizens as designated under sections 730 and 731, may designate 1 challenger.

(15) During the processing and tabulation of absent voter ballots before election day, the election inspectors shall secure tabulated ballots in a sealed ballot container consistent with subsection (10) at the end of each day. Tabulated ballots may be added to a ballot container used on a previous day or may be placed in an unused ballot container. The election inspectors shall complete the poll book ballot summary at the conclusion of each day to account for absent voter ballot return envelopes and absent voter ballots processed and tabulated on that day. The poll book, or an addendum to the poll book, must be signed and dated by 1 election inspector from each major political party who is present at the location after tabulation is completed each day. The city or township clerk shall post the number of absent voter ballots tabulated each day on the website of that city or township, if available, and in the clerk's office.

(16) A clerk shall not deliver any absent voter ballots received on a day early voting is being conducted to an absent voter counting board to be processed or tabulated until the following day. An absent voter ballot may be processed and tabulated only after receipt of the absent voter ballot appears on the registration list or an addendum to the registration list in an early voting site and the voter history of electors casting an early voting ballot on the previous day is recorded in the qualified voter file. An absent voter ballot must be canceled if the absent voter cast a ballot at an early voting site.

(17) The secretary of state shall develop instructions consistent with this act for the conduct of absent voter counting boards or combined absent voter counting boards. The secretary of state shall distribute the instructions developed under this subsection to county, city, and township clerks 40 days or more before a general election in which absent voter counting boards or combined absent voter counting boards will be used. A county, city, or township clerk shall make the instructions developed under this subsection available to the public and shall make the instructions available for inspection by challengers in attendance at an absent voter counting board or combined absent voter counting board. The instructions developed under this subsection are binding on the operation of an absent voter counting board or combined absent voter counting board used in an election conducted by a county, city, or township.

(18) Except as otherwise provided in this subsection, an individual shall not photograph, or audio or video record, within an absent voter counting place. A county, city, or township clerk, or an assistant of that clerk, shall expel an individual from the absent voter counting place if that individual violates this subsection. This subsection does not apply to any of the following:

(a) An individual who photographs, or audio or video records, posted election results within an absent voter counting place.

(b) A county, city, or township clerk, or an employee, assistant, or consultant of that clerk, if the photographing, or audio or video recording, is done in the performance of that individual's official duties.

(5) Not later than 5 p.m. on the Friday immediately before an election, an elector who has lost the elector's absent voter ballot or not yet received the elector's absent voter ballot in the mail may submit a signed, written statement to the elector's city or township clerk requesting that the clerk do both of the following:

### **168.765c Damaged or defective absent voter ballot; duplicate copy.**

Sec. 765c. If an absent voter ballot is damaged or defective so that the absent voter ballot cannot be properly counted by the electronic tabulating equipment, a true duplicate copy of that absent voter ballot must be made by the election inspectors from different political parties and substituted for the damaged or defective absent voter ballot. A damaged or defective absent voter ballot that cannot be properly counted by the electronic tabulating equipment includes an absent voter ballot issued to an elector that is for the wrong precinct. The election inspectors shall duplicate the absent voter ballot on the correct precinct ballot only for the candidates and ballot proposals that remain the same. Each duplicate ballot must be clearly labeled "duplicate" by the election inspectors, and that duplicate ballot must bear a serial number that is recorded on the damaged or defective absent voter ballot under procedures provided by the secretary of state.

### **168.766 Marked ballot of an absent voter; verification; approval or rejection; opportunity to cure.**

Sec. 766. (1) On receipt of any envelope containing the marked ballot of an absent voter, the city or township clerk shall determine whether the ballot is approved for tabulation by verifying both of the following:

(a) The elector is a registered elector and has not voted in person in that election.

(b) Using the procedures required under section 766a, the signature on the absent voter ballot return envelope agrees sufficiently with the elector's signature on file.

(2) Subject to section 510(8), if the city or township clerk verifies the information in subsection (1)(a) and (b), the clerk shall approve the absent voter ballot for tabulation and record in the qualified voter file that the absent voter ballot has been approved for tabulation. Subject to subsection (3), if the city or township clerk is not able to verify the information in subsection (1)(a) and (b), the clerk must reject the absent voter ballot return envelope.

(3) If a city or township clerk rejects an absent voter ballot return envelope because the signature on the

absent voter ballot return envelope is missing or does not agree sufficiently with the elector's signature on file, the elector must be permitted an opportunity to cure the deficiency as provided under section 766a until 5 p.m. on the third day following the election in order for the absent voter ballot, if otherwise valid, to be accepted for tabulation.

(4) If an absent voter ballot return envelope that is eligible to be cured is not cured by the close of polls on election day, that absent voter ballot return envelope must be retained at the clerk's office, and must not be turned over to the board of election inspectors or to an absent voter counting board. An absent voter ballot return envelope that is cured after the close of the polls on election day, but before 5 p.m. on the third day following the election, must be accepted and the ballot tabulated if the elector has not voted in person in that election. An absent voter ballot return envelope that is not cured by 5 p.m. on the third day following the election remains rejected.

(5) On receipt of a cure form, as provided under section 766a, that resolves the signature deficiency on an elector's absent voter ballot return envelope, the clerk shall approve the ballot for tabulation.

(6) Not later than the sixth day after election day, each city or township clerk shall deliver the absent voter ballot return envelopes that have been cured under subsection (4) to the county clerk in a ballot container. The absent voter ballots in these cured absent voter ballot return envelopes shall be tabulated by the county clerk in a meeting of the board of county canvassers.

### **168.766a Verification of signature; rejection of ballot; opportunity to cure; manner; notice; "signature on file" defined.**

Sec. 766a. (1) A clerk may determine that a signature on an elector's absent voter ballot application or absent voter ballot envelope does not agree sufficiently with the signature on file only after reviewing the signature using the process set forth in this section.

(2) An elector's signature is invalid only if it differs in significant and obvious respects from the elector's signature on file. Slight dissimilarities must be resolved in favor of the elector. Exact signature matches are not required to determine that a signature agrees sufficiently with the signature on file.

(3) If a clerk determines that the elector's signature on the absent voter ballot application or absent voter ballot return envelope is missing or does not agree sufficiently with the signature on file, the clerk shall reject the absent voter ballot application or absent voter ballot return envelope and provide the elector with notice and the opportunity to cure the deficiency as provided in this section. The clerk shall notify the elector of all of the following:

(a) The nature of the deficiency and that the deficiency has resulted in the rejection of the elector's absent voter ballot application or absent voter ballot return envelope.

(b) The need to cure the deficiency in order for the absent voter ballot application to be accepted or for the absent voter ballot to be tabulated.

(c) How to cure the deficiency.

(d) The deadline for curing the deficiency.

(e) The alternative methods of voting if the deficiency is not cured.

(4) The clerk shall notify the elector of the deficiency described in subsection (3) within the deadlines specified under section 766b. The clerk must notify the elector by telephone, email, or text message, if available. In the absence of the elector's telephone number or email address, the clerk must notify the elector by United States mail. The clerk may also provide notice to the elector by any other available methods of contact. Electronic notification of the rejection of the absent voter ballot application or absent voter ballot return envelope under section 764c that provides the information required by this section constitutes sufficient notification to the elector.

(5) An elector may cure a deficiency described in subsection (3) by completing and submitting a cure form. The secretary of state shall prescribe the content and requirements of the cure form. An elector shall be permitted to receive and return a cure form electronically, in person, or by mail with postage prepaid as a supplement to the prepaid postage for the absent voter ballot application or absent voter ballot return envelope. The city or township clerk in which the elector is registered may physically collect a cure form

from the elector. A cure form must provide the elector the option to cure a deficiency in the elector's absent voter ballot application or absent voter ballot return envelope by signing the statement required for the absent voter ballot application or absent voter ballot return envelope under section 759 or 761. The secretary of state shall modify the statements to reflect that the elector is signing a cure form for the absent voter ballot application or absent voter ballot return envelope rather than the original absent voter ballot application or absent voter ballot return envelope. An elector must be permitted to submit an electronic image of the elector's physical signature in lieu of a physical signature for a cure form returned electronically. A clerk shall accept a cure form submitted under this subsection if the signature on the cure form agrees sufficiently with the signature on file, using the process as provided in this section. If the clerk determines that the signature on the cure form does not agree sufficiently with the signature on file, the clerk shall reject the cure form and contact the elector to provide information on other options to cure the deficiency and to provide the alternative methods of voting available for that election.

(6) The secretary of state may issue instructions to clerks to provide electors with other options, other than by providing a signature under subsection (5), to cure the deficiency in the elector's absent voter ballot application or absent voter ballot return envelope.

(7) As used in this chapter, "signature on file" means any of the following:

(a) Any signature of an elector contained in the qualified voter file.

(b) If the qualified voter file does not contain a copy of an elector's digitized signature, or is not accessible, the signature of the elector contained on the master card.

(c) Only for purposes of the signature comparison conducted under section 766 for an elector's absent voter ballot envelope, the signature on the elector's absent voter ballot application.

#### **168.766b Verification or rejection of absent voter ballot application or return envelope; timing based on date of election; date of receipt.**

Sec. 766b. (1) Beginning 45 days before an election, if an absent voter ballot application or an absent voter ballot return envelope is received 6 or more calendar days before an election, the clerk must make a reasonable effort to verify or reject the absent voter ballot application or absent voter ballot return envelope by the end of the next business day following the receipt of that application or return envelope. If the clerk determines that the elector's signature on the absent voter ballot application or absent voter ballot return envelope is missing or does not agree sufficiently with the signature on file, the clerk must notify the elector as provided under section 766a by the end of the next business day following the receipt of the absent voter ballot application or absent voter ballot return envelope.

(2) Subject to subsection (3), if an absent voter ballot application or absent voter ballot return envelope is received 5 or fewer days before an election or on election day, the clerk must verify or reject the absent voter ballot application or absent voter ballot return envelope by the end of the calendar day of receiving that application or return envelope. Subject to subsection (3), if the clerk determines that the elector's signature on the absent voter ballot application or absent voter ballot return envelope is missing or does not agree sufficiently with the signature on file, the clerk must notify the elector as provided under section 766a by the end of the calendar day on which the application or return envelope was received.

(3) If the clerk determines that the elector's signature on an absent voter ballot application is missing or does not agree sufficiently with the signature on file after 4 p.m. on the fourth day before the election, the elector must be notified of the rejection of the elector's absent voter ballot application under section 761.

(4) If an absent voter ballot application or absent voter ballot return envelope comes into the physical control of the clerk's office before or during the clerk's scheduled business hours on a day, that absent voter ballot application or absent voter ballot return envelope is considered received by the clerk on that day. If an absent voter ballot application or absent voter ballot return envelope comes into the physical control of the clerk's office after the end of the clerk's scheduled business hours on a day, or if the absent voter ballot application or absent voter ballot return envelope comes into the physical control of the clerk's office on a day on which the clerk does not have scheduled business hours, that absent voter ballot application or absent voter ballot return envelope is considered received by the clerk on the first subsequent day on which the clerk has scheduled business hours.

(5) Each absent voter ballot application or absent voter ballot return envelope retrieved from an absent voter ballot drop box before or during the clerk's scheduled business hours is considered received by the clerk on the day the application or return envelope is retrieved. An absent voter ballot application or absent voter ballot return envelope retrieved from an absent voter ballot drop box after the end of the clerk's scheduled business hours on a day, or deposited in an absent voter ballot drop box on a day on which the clerk does not

have scheduled business hours, is not considered received by the clerk until the first subsequent day on which the clerk has scheduled business hours.

(6) An absent voter ballot return envelope that is collected by an election official through the procedure provided under 764b(4) or (5) is considered received when the election official comes into physical possession of the absent voter ballot return envelope.

(7) Nothing in this section prevents a clerk from providing a notification to an elector under section 761 or 766 in a more timely manner than required.

Sec. 768. The board of election inspectors shall verify that there is an elector's signature on the absent voter ballot return envelope and that the statement on the absent voter ballot return envelope that the ballot is approved for tabulation is complete. If the elector's signature is missing or the statement that the absent voter ballot is approved for tabulation is incomplete, the board of election inspectors must immediately contact the city or township clerk. If the elector's signature is present and the statement that the absent voter ballot is approved for tabulation is complete, the board of election inspectors shall open the absent voter ballot return envelope, take out the ballot, and, without unfolding the ballot, compare the ballot number on the ballot stub with the ballot number on the face of the absent voter ballot return envelope. If the ballot numbers match, the board of election inspectors shall detach the perforated numbered stub and prepare the ballot for tabulation, as directed by the secretary of state. Each ballot must be inserted into the tabulator. One of the election inspectors shall enter the elector in the poll book as having cast an absent voter ballot.

#### **168.768a Absent voter ballot drop off; instructions.**

Sec. 768a. (1) Except as otherwise provided under subsection (4), an absent voter may take the absent voter's marked absent voter ballot to the absent voter's election day polling place or to an appropriate early voting site during the early voting period as provided under section 4(1)(m) of article II of the state constitution of 1963 to personally put the absent voter's marked absent voter ballot into a tabulator to be tabulated. An absent voter described under this subsection shall do all of the following:

(a) Place the marked absent voter ballot in the secrecy sleeve that was provided to the absent voter.

(b) Bring the marked absent voter ballot in the secrecy sleeve to the absent voter's election day polling place or early voting site.

(c) Comply with the same identification requirements as an elector voting in person under section 523.

(2) If an elector brings an absent voter ballot to an election day polling place or to an early voting site without a secrecy sleeve, an election inspector shall provide a secrecy sleeve to that elector and instruct the elector to place the absent voter ballot in the secrecy sleeve.

(3) The election inspectors processing an absent voter under this section must note in the poll book that the absent voter returned the absent voter's absent voter ballot to the election day polling place or early voting site and that the absent voter's absent voter ballot was tabulated.

(4) If the tabulators in an election day polling place cannot be programmed to accept and tabulate absent voter ballots as provided under section 764a(3), an absent voter is not authorized to return the absent voter's absent voter ballot to an election day polling place to be tabulated as provided under section 764a(3). An absent voter may still return the absent voter's absent voter ballot to an election day polling place, surrender the absent voter ballot to an election inspector, be issued another ballot, and vote that ballot in the polling place.

#### **168.769 Absent voter ballots; voting in person; return of ballot; voting in person and absent voter ballot as felony; report.**

Sec. 769. (1) An absent voter may vote in person within the absent voter's precinct at an election, notwithstanding that the absent voter applies for an absent voter ballot and the absent voter ballot is mailed or

otherwise delivered to the absent voter by the clerk. This subsection applies only if the absent voter does not vote the absent voter ballot mailed or otherwise delivered by the clerk.

(2) Before voting in person, except as otherwise provided in this section, the absent voter shall return the absent voter ballot to the board of election inspectors in the absent voter's precinct. If an absent voter ballot is returned under this subsection, the board of election inspectors shall mark the absent voter ballot "CANCELED" and place the absent voter ballot in the regular box with other canceled ballots. This subsection does not apply to an absent voter who brings the absent voter's marked absent voter ballot to be cast on the tabulator at the absent voter's election day polling place or early voting site as provided under section 768a.

(3) An absent voter who did not receive an absent voter ballot that the absent voter applied for or lost or destroyed an absent voter ballot the absent voter received, and who desires to vote in person in the absent voter's precinct on election day, shall sign an affidavit to that effect before an election inspector and be allowed to vote as otherwise provided in this act. However, a voter being allowed to vote under this subsection is subject to challenge as provided in section 727.

(4) An individual who votes at an election both in person and by means of an absent voter ballot or an individual who attempts to vote both in person and by means of an absent voter ballot is guilty of a felony.

(5) An election official who becomes aware of an individual who votes or attempts to vote both in person and by means of an absent voter ballot shall report that information to the prosecuting attorney for that county and to the secretary of state.

(2) A new electronic voting system shall not be used at a general election in a county, city, or township unless, in addition to the other requirements of this act, all of the following requirements are met:

(a) The county, city, or township purchases or otherwise acquires the electronic voting system 6 months or more before the next general election to be held in that county, city, or township.

(b) The county, city, or township uses the electronic voting system at a primary, special, or other local election held in the county, city, or township before the general election.

#### **168.795 Electronic voting system; requirements; method for rendering electronic tabulating equipment inoperable; equipping each polling place with accessible voting device.**

Sec. 795. (1) An electronic voting system acquired or used under sections 794 to 799a must meet all of the following requirements:

(a) Provide for voting in secrecy, except in the case of voters who receive assistance as provided by this act.

(b) Utilize a paper ballot for tabulating purposes.

(c) Permit each elector to vote at an election for all persons and offices for whom and for which the elector is lawfully entitled to vote; to vote for as many persons for an office as the elector is entitled to vote for; and to vote for or against any question upon which the elector is entitled to vote. Except as otherwise provided in this subdivision, the electronic tabulating equipment must reject all choices recorded on the elector's ballot for an office or a question if the number of choices exceeds the number that the elector is entitled to vote for on that office or question. Electronic tabulating equipment that can detect that the choices recorded on an elector's ballot for an office or a question exceeds the number that the elector is entitled to vote for on that office or question must be located at each polling place and programmed to reject a ballot containing that type of an error. If a choice on a ballot is rejected as provided in this subdivision, an elector must be given the opportunity to have that ballot considered a spoiled ballot and to vote another ballot.

(d) Permit an elector, at a presidential election, by a single selection to vote for the candidates of a party for president, vice-president, and presidential electors.

(e) Permit an elector in a primary election to vote for the candidates in the party primary of the elector's choice. Except as otherwise provided in this subdivision, the electronic tabulating equipment must reject each ballot on which votes are cast for candidates of more than 1 political party. Electronic tabulating equipment that can detect that the elector has voted for candidates of more than 1 political party must be located at each polling place and programmed to reject a ballot containing that type of an error. If a choice on a ballot is rejected as provided in this subdivision, an elector must be given the opportunity to have that ballot considered a spoiled ballot and to vote another ballot.

(f) Prevent an elector from voting for the same person more than once for the same office.

(g) Reject a ballot on which no valid vote is cast. Electronic tabulating equipment must be programmed to reject a ballot on which no valid vote is cast.

(h) Be suitably designed for the purpose used; be durably constructed; and be designed to provide for safety, accuracy, and efficiency.

(i) Be designed to accommodate the needs of an elderly voter or a person with 1 or more disabilities.

(j) Record correctly and count accurately each vote properly cast.

(k) Provide an audit trail.

(l) Provide an acceptable method for an elector to vote for a person whose name does not appear on the ballot.

(m) Allow for accumulation of vote totals from the precincts in the jurisdiction. The accumulation software must meet specifications prescribed by the secretary of state and must be certified by the secretary of state as meeting these specifications.

(n) Be compatible with or include at least 1 voting device that is accessible for an individual with disabilities to vote in a manner that provides the same opportunity for access and participation, including secrecy and independence, as provided for other voters. The voting device must include nonvisual accessibility for the blind and visually impaired.

(2) Electronic tabulating equipment that counts votes at the precinct before the close of the polls must provide a method for rendering the equipment inoperable if vote totals are revealed before the close of the polls. Electronic tabulating equipment that tabulates ballots, including absentee ballots, at a central location must be programmed to reject a ballot if the choices recorded on an elector's ballot for an office or a question exceed the number that the elector is entitled to vote for on that office or question, if no valid choices are recorded on an elector's ballot, or if, in a primary election, votes are recorded for candidates of more than 1 political party.

(3) Each jurisdiction in this state conducting an election shall equip each polling place with at least 1 accessible voting device as required under subsection (1)(n).

**168.795a Electronic voting system; approval by board of state canvassers; conditions; approval of improvement or change; inapplicability of subsection (1); intent to purchase statement; instruction in operation and use; disapproval.**

Sec. 795a. (1) An electronic voting system shall not be used in an election unless it is approved by the board of state canvassers as meeting the requirements of sections 794 and 795 and instructions regarding recounts of ballots cast on that electronic voting system that have been issued by the secretary of state, unless section 797c has been complied with, and unless it meets 1 of the following conditions:

(a) Is certified by an independent testing authority accredited by the national association of state election directors and by the board of state canvassers.

(b) In the absence of an accredited independent testing authority, is certified by the manufacturer of the voting system as meeting or exceeding the performance and test standards referenced in subdivision (a) in a manner prescribed by the board of state canvassers.

(2) The vendor or representative seeking approval of an electronic voting system shall do all of the following:

(a) Deposit with the secretary of state a nonrefundable application fee of \$1,500.00 for a new voting system and a fee of \$500.00 for an upgrade to any existing system.

(b) File with the secretary of state a list of all states in which the voting system has been approved for use. This list shall state how long the system has been used in the state and shall disclose any reports compiled by any state or local government concerning the performance of the system. The vendor shall remain responsible for filing this information on an ongoing basis.

(c) File with the secretary of state copies of all standard contracts and maintenance agreements used in connection with the sale of the voting system. All changes to standard contracts and maintenance agreements shall be filed with the secretary of state.

(d) Pay the cost for any field test required by the board of state canvassers.

(e) State the number of voters each component of the voting system can process per hour under each of the following circumstances:

(ii) An election in which the ballot consists of the number of items typically voted on at a presidential general election in this state.

(3) The board of state canvassers shall conduct a field test of all new voting systems as part of the certification process. The field test shall involve Michigan electors and election officials in simulated election day conditions. The test shall be designed to gauge voter reaction to the system, problems that voters have with the system, and the number of voting stations required for the efficient operation of an election based upon the vendor's statement provided under subsection (2)(e).

(4) The board of state canvassers shall approve an electronic voting system for use in this state only if it meets the conditions of subsection (1) except that in an emergency situation that threatens the ability of a county, city, or township to conduct a scheduled election, the board of state canvassers may approve a correction of software or firmware after testing the software or firmware performance.

(5) If an electronic voting system is approved for use before January 1, 1997 by the board of state canvassers, it may be used in an election. However, if the electronic voting system has its software or firmware improved or changed, the system shall comply with the requirements of subsection (1).

(6) After an electronic voting system is approved, an improvement or change in the electronic voting system shall be submitted to the board of state canvassers for approval pursuant to this section. This subsection does not apply to the technical capability of a general purpose computer, reader, or printer to electronically record and count votes.

(7) A county, city, township, village, or school district shall file "an intent to purchase statement" with the secretary of state 30 days before any purchase agreement is made to purchase a new voting system. The secretary of state shall provide all information concerning the operation of the voting system in Michigan or any other state to the local unit of government within 25 days after receiving the "intent to purchase statement".

(8) The secretary of state shall instruct local election officials regarding the operation and use of an approved electronic voting system in order to carry out the purposes of sections 794 to 799a and the rules promulgated pursuant to sections 794 to 799a.

(9) If the board of state canvassers determines that an electronic voting system that was approved under subsection (1) no longer meets the requirements described in that subsection, the board of state canvassers may disapprove that voting system. An electronic voting system that has been disapproved by the board of state canvassers under this subsection shall not be used in an election, unless it is reapproved by the board of state canvassers under subsection (1).

#### **168.797a Instruction in method of voting on electronic voting system; use of ballot processed through electronic tabulating equipment; procedure; detached stub; spoiled ballot; processing of challenged voter ballot; removal of ballot.**

Sec. 797a. (1) Before entering the voting station, each elector must be offered instruction in the proper method of voting on the electronic voting system. If the elector needs additional instruction after entering the voting station, 2 election inspectors from different political parties may, if necessary, enter the voting station and provide the additional instructions.

(2) If the electronic voting system provides for the use of a ballot that is processed through electronic tabulating equipment after the elector votes, the elector shall transport the ballot to the ballot box, or other approved ballot container, without exposing any votes. Except as otherwise provided in this subsection, an election inspector shall ascertain, by comparing the number appearing on the ballot stub with the number recorded on the poll list, that the ballot delivered by the voter is the same ballot that was issued to the elector. Except as otherwise provided in this subsection, if the numbers do not agree, the ballot must be marked as "rejected", and the elector must not be allowed to vote. Except as otherwise provided in this subsection, if the numbers agree, an election inspector shall remove and discard the stub. Except as otherwise provided in this subsection, the election inspector shall deposit the ballot in the ballot box or other approved ballot container. If electronic tabulating equipment that deposits the voted ballot into the ballot box or other approved ballot container is used at the precinct, the election inspector shall return the ballot to the elector, and the elector shall deposit the ballot into the electronic tabulating equipment. The electronic tabulating equipment must be arranged so that the secrecy of the ballot is not violated. If required for the proper operation of the electronic tabulating equipment, 2 election inspectors from different political parties may periodically open the equipment to rearrange voted ballots and may transfer voted ballots to another approved ballot container. The requirement to compare a ballot number with the poll list does not apply to ballots used at an early voting site that are produced by an on-demand ballot printing system, absent voter ballots issued to individuals who register to vote or who update a voter registration at a clerk's office on election day as provided under section 761(7) that are produced by an on-demand ballot printing system, ballots issued to individuals who register to vote or who update a voter registration at an election day vote center as provided under section 523b that are produced by an on-demand ballot printing system, and ballots that are translated to a language other than English that are produced by an on-demand ballot printing system.

(3) A ballot from which the stub is detached must not be accepted by the election inspector in charge of the ballot box or other approved ballot container. An elector who spoils the elector's ballot may return the ballot and secure another ballot. The word "spoiled" must be written across the face of the ballot, and the ballot must be marked and secured for later return.

(4) A ballot of a challenged voter that has the names of candidates and questions printed directly on the voted ballot must be processed in the manner prescribed for challenging a vote cast by paper ballot. A challenge to a voter voting on an electronic voting system that does not use an individual hard copy ballot must be processed in the manner prescribed for challenging a vote cast on a voting machine.

(5) Except as otherwise provided in this act, an election inspector shall not allow any portion of a ballot, including a ballot stub, to be removed by any individual other than an election inspector from the polling place.

**168.798 Testing of electronic tabulating equipment; notice; method; sealing programs, test materials, and ballots; rules; sealing memory device.**

Sec. 798. (1) Before beginning the count of ballots, the board of election commissioners shall test the electronic tabulating equipment to determine if the electronic tabulating equipment will accurately count the

votes cast for all offices and on all questions. Public notice of the time and place of the test shall be given at least 48 hours before the test by publication in a newspaper published in the county, city, village, township, or school district where the electronic tabulating equipment is used. If a newspaper is not published in that county, city, village, township, or school district, the notice shall be given by publication in a newspaper of general circulation in that county, city, village, township, or school district. The test shall be conducted in the manner prescribed by rules promulgated by the secretary of state pursuant to the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969, being sections 24.201 to 24.328 of the Michigan Compiled Laws. In the test, a different number of valid votes shall be assigned to each candidate for an office, and for and against each question. If an error is detected, the board of election commissioners shall determine the cause of the error and correct the error. The board of election commissioners shall make an errorless count and shall certify the errorless count before the count is started. The electronic tabulating equipment that can be used for a purpose other than examining and counting votes shall pass the same test at the conclusion of the count before the election returns are approved as official.

(2) On completion of the test and count, the programs, test materials, and ballots arranged by precincts shall be sealed and retained as provided by this subsection and rules promulgated by the secretary of state pursuant to Act No. 306 of the Public Acts of 1969. If the electronic tabulating equipment that is tested and certified to by the board of election commissioners will be used to count votes at the precinct, a memory device containing the tested programs, if any, shall be sealed into the electronic tabulating equipment. Upon completion and certification of the count of votes, the memory device containing the program and the vote totals shall remain sealed in the electronic tabulating equipment or, if removed from the electronic tabulating equipment, shall remain sealed in a container approved by the secretary of state, delivered to the clerk, and retained in the manner provided for other voted ballots.

The proceedings shall be conducted under observation by the public, but no persons except those authorized shall touch a ballot or return. Persons who engage in processing and counting of the ballots shall be deputized and take an oath that they will faithfully perform their assigned duties. If a ballot is damaged or defective so that it cannot properly be counted by the electronic tabulating equipment, a true duplicate copy shall be made and substituted for the damaged or defective ballot. Each duplicate ballot shall be clearly labeled "duplicate", and shall bear a serial number, which shall be recorded on the damaged or defective ballot.

#### **168.798b Electronic tabulating equipment; unofficial and official returns; manual count; accumulation report.**

Sec. 798b. (1) The county clerk may conduct an unofficial count in order to provide early unofficial returns to the public. Upon completion of the count, the official returns shall be open to the public. The return of the electronic tabulating equipment, to which have been added the write-in and absentee votes if necessary, shall constitute, after being duly certified, the official return of each precinct or election district. If it becomes impracticable to count all or a part of the ballots with tabulating equipment, the clerk may direct that they be counted manually, following as far as practicable the provisions governing the counting of paper ballots. An accumulation report of unofficial results using the tabulated votes available after 8 p.m. on election day must be compiled and published using a format that clearly indicates all of the following:

- (a) The election day precinct results.
- (b) The corresponding absent voter ballot counting board results.
- (c) The corresponding early voting results.
- (d) The sum of subdivisions (a), (b), and (c) for each precinct and contest.

(2) For a city or township with 250 or more precincts using common ballot forms instead of the election day precinct format in the absent voter counting boards and early voting sites, the accumulation report will not report results from absent voter counting boards or early voting sites as corresponding to election day precincts. Accumulation reports in each city or township described in this subsection must report the results for each election day precinct and separately report the results of each absent voter counting board and the

corresponding early voting results. Each common ballot form may constitute at least 1 separate absent voter counting board and early voting precinct.

Absent voter ballots may be counted in the various voting precincts or may be counted by absent voter counting boards. Absentee votes cast on paper ballots may be recorded by election inspectors on ballot cards for counting by tabulating equipment.

(2) In an election held under this act, absent voters' ballots may be voted and processed in the manner provided by this chapter.

(3) If electronic tabulating equipment rejects an absent voter ballot due to programming required under section 795, the rejected ballot shall be inspected to confirm the presence of the error before the ballot is processed. A vote for each elective office or ballot question in which an error is confirmed shall not be counted.

### **168.799a Recounting punched, marked, or stamped ballot; procedure; stray marks; releasing sealed materials.**

Sec. 799a. (1) This section governs the recounting of a ballot on which a voter has made a selection by means of a punch, mark, or stamp.

(2) If the electronic voting system requires that the elector cast a vote by punching out a hole in a ballot, the vote shall not be considered valid unless the portion of the ballot designated as a voting position is

completely removed or is hanging by 1 or 2 corners or the equivalent.

(3) If the electronic voting system requires that the elector place a mark in a predefined area on the ballot in order to cast a vote, the vote shall not be considered valid unless there is a mark within the predefined area. A stray mark made within a predefined area is not a valid vote. In determining whether a mark within a predefined area is a stray mark, the board of canvassers or election official shall compare the mark subject to recount with other marks appearing on the ballot. The secretary of state shall issue instructions, subject to the approval of the board of state canvassers, relevant to stray marks to ensure the fairness and uniformity of determinations made under this subsection. A secretary of state's instruction relevant to stray marks shall not be applied to a ballot unless the secretary of state issued the instruction not less than 63 days before the date of the election.

(4) Unless a petition for recount has been filed and the recount has not been completed, ballots, ballot labels, programs, test results, and other sealed materials may be released from their original seal after 7 days following the final determination of the board of canvassers with respect to the election at which the ballots were voted. However, the released materials shall be secured and preserved for the time period required by this act and the rules promulgated by the secretary of state.
