NATURAL RESOURCES AND ENVIRONMENTAL PROTECTION ACT (EXCERPT) Act 451 of 1994

324.19107 Recycling and composting feasibility studies.

Sec. 19107.

- (1) The department shall cause to be conducted a series of recycling and composting feasibility studies. A study shall establish a basis upon which a decision to commit financial resources to a proposed recycling or composting project can be made. The department shall prescribe the elements to be included within a study.
- (2) The department shall select a site for a recycling and composting feasibility study subject to the following prerequisites:
 - (a) The site is located in a county that has an approved solid waste management plan.
- (b) The recycling or composting project proposed by the municipality is consistent with the approved solid waste management plan.
- (3) The department shall consider the following factors in selecting a site for a recycling and composting feasibility study:
- (a) The extent to which a municipality commits to proceeding with the project if the study determines that the project is feasible.
- (b) The degree of demonstrated municipality, community group, or volunteer interest in undertaking a recycling or composting project.
- (c) A demonstration that a recycling or composting project undertaken on the basis of the study would provide a necessary solid waste management alternative, given the status of existing disposal areas serving the location.
- (d) The extent to which selection of the site contributes to the achievement of a balanced distribution of studies throughout the state.
- (e) The demonstrated capability of the municipality in which the site is located to work with adjacent municipalities on alternative resource recovery projects.
- (4) The department shall not expend more than 5% of the total amount in the fund in any state fiscal year on the studies described in this section. The department shall not expend more than \$30,000.00 for any single study conducted under this section.
