

EXECUTIVE REORGANIZATION ORDER

E.R.O. No. 2023-2

388.1283 Creation of Michigan department of lifelong education, advancement, and potential (MiLEAP); creation of the office of early childhood education, office of higher education, and office of education partnerships within MiLEAP; transfer of the powers and duties of the Michigan office of great start by type III, and the governor's educator advisory council and the Michigan PreK-12 literacy commission from the department of education to MiLEAP by type II.

Every Michigander deserves a path to prosperity. They deserve to explore, learn, grow, and develop the skills they need to thrive. That's why I am focused on building a bright future for Michigan by making strategic decisions and investments now for the long-term.

For too long, Michigan has fallen behind other states and countries when it comes to student achievement and attainment, impacting the state's workforce and economic growth. We know that today, more than ever, building a skilled workforce is not a matter of a single certificate, course, or credential. It's a generational project that will require a shared vision, effective decision-making, and strategic resource allocation to ensure that each and every person has the best opportunity to thrive.

In other words—we must support lifelong education, achievement, and potential. Consolidating various programs from across state government into a single department will enhance our ability to create a path to prosperity for every Michigander and support the long-term economic health of our state with a coordinated strategy.

Establishing the Michigan Department of Lifelong Education, Advancement, and Potential, or MiLEAP, ensures all available resources, data, and dollars are aligned around a single vision—building an education system from preschool through postsecondary that can support our kids, families, and the economy of the future by ensuring anyone can make it in Michigan. MiLEAP will achieve this goal by establishing clear metrics, collaborating with cross-sector leaders at the local, regional, and state level, and developing a shared action plan for everyone to work toward.

The new department will partner with the Department of Education and the State Board of Education, complementing their existing long-term planning efforts. MiLEAP will also work with the recently launched Growing—Michigan Together Council as it looks at ways to strengthen preschool to postsecondary learning while growing the state's economy and population.

With bold goals, a united vision, a shared action plan, the capacity to deliver, and clear metrics, MiLEAP can build a brighter future for Michigan from preschool to postsecondary to paycheck.

Section 1 of article 5 of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the governor.

Section 2 of article 5 of the Michigan Constitution of 1963 empowers the governor to make changes in the organization of the executive branch of state government or in the assignment of functions among its units that the governor considers necessary for efficient administration.

Acting pursuant to the Michigan Constitution of 1963 and Michigan law, I order the following:
