Act 230 of 1972

***** 125.1528a.amended THIS AMENDED SECTION IS EFFECTIVE JANUARY 15, 2018 *****

125.1528a.amended Business monitoring system or home monitoring system; installation, maintenance, replacement, or servicing of electrical wiring, equipment, or devices; permit not required; definitions.

Sec. 28a. (1) Notwithstanding any other provision of this act or the code, a permit is not required under this act or the code for the installation, maintenance, replacement, or servicing of any electrical wiring, equipment, or devices related to or associated with a business monitoring system or with a home monitoring system if performed by a provider.

(2) As used in this section:

(a) "Business monitoring system" means a device or an assembly of equipment and devices, less than 50 volts, that allows a business to remotely monitor its business premises through audio, video, or sensor detection systems. A business monitoring system does not include a fire alarm system or a life safety system designed to protect and evacuate building occupants in the event of emergencies such as fire, smoke, or power outages.

(b) "Home monitoring system" means a device or an assembly of equipment and devices that allows an individual to remotely monitor his or her home through audio, video, or sensor detection systems and that may allow the individual to remotely control the home's environment, including, but not limited to, temperature, humidity, lighting, doors, or locks.

(c) "Provider" means any of the following:

(i) A system provider that is registered under the security alarm systems act, 2012 PA 580, MCL 338.2181 to 338.2187.

(ii) A security alarm system contractor licensed under the private security business and security alarm act, 1968 PA 330, MCL 338.1051 to 338.1092.
