

**MICHIGAN VEHICLE CODE (EXCERPT)**  
**Act 300 of 1949**

**257.43a "Preliminary chemical breath analysis" defined.**

Sec. 43a. "Preliminary chemical breath analysis" means the on-site taking of a preliminary breath test from the breath of a person for the purpose of detecting the presence of any of the following within the person's body:

- (a) Alcoholic liquor.
- (b) A controlled substance, as that term is defined in section 7104 of the public health code, 1978 PA 368, MCL 333.7104.
- (c) Any other intoxicating substance, as that term is defined in section 625.
- (d) Any combination of the substances listed in subdivisions (a) to (c).

**History:** Add. 2014, Act 315, Eff. Jan. 12, 2015;—Am. 2015, Act 11, Imd. Eff. Apr. 9, 2015.
