

MICHIGAN RETIRED LAW ENFORCEMENT OFFICER'S FIREARM CARRY ACT (EXCERPT)
Act 537 of 2008

28.519 Implied consent to submit to chemical analysis; certificate holder under influence of alcoholic liquor or controlled substance; violation; penalty; exception; collection and testing of breath, blood, and urine specimens; refusal to take chemical test; report of violation to commission.

Sec. 9.

(1) Acceptance of a certificate issued under this act constitutes implied consent to submit to a chemical analysis under this section.

(2) A certificate holder shall not carry a concealed firearm while he or she is under the influence of alcoholic liquor or a controlled substance or while having a bodily alcohol content prohibited under this section. A person who violates this section is responsible for a state civil infraction or is guilty of a crime as follows:

(a) If the person was under the influence of alcoholic liquor or a controlled substance or a combination of alcoholic liquor and a controlled substance, or had a bodily alcohol content of .10 or more grams per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine, the individual is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than \$100.00, or both. The court shall order the commission to permanently revoke the certificate. The commission shall permanently revoke the certificate as ordered by the court.

(b) If the person had a bodily alcohol content of .08 or more but less than .10 grams per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine, the individual is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than \$100.00, or both. The court may order the commission to revoke the certificate for not more than 3 years. The commission shall revoke the certificate as ordered by the court.

(c) If the person had a bodily alcohol content of .02 or more, but less than .08 grams per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine, the individual is responsible for a state civil infraction and may be fined not more than \$100.00. The court may order the commission to revoke the certificate for 1 year. The commission shall revoke certification if an individual is found responsible for a subsequent violation of this subdivision.

(3) This section does not prohibit an individual certified under this act to carry a concealed firearm who has any bodily alcohol content from transporting that firearm in the locked trunk of his or her motor vehicle or another motor vehicle in which he or she is a passenger or, if the vehicle does not have a trunk, from transporting that firearm unloaded in a locked compartment or container that is separated from the ammunition for that firearm or on a vessel if the firearm is transported unloaded in a locked compartment or container that is separated from the ammunition for that firearm.

(4) A peace officer who has probable cause to believe a certificate holder is carrying a concealed firearm in violation of this section may require the certificate holder to submit to a chemical analysis of his or her breath, blood, or urine.

(5) Before a certificate holder is required to submit to a chemical analysis under subsection (4), the peace officer shall inform the certificate holder of all of the following:

(a) The certificate holder may refuse to submit to the chemical analysis, but if he or she chooses to do so, all of the following apply:

(i) The officer may obtain a court order requiring the certificate holder to submit to a chemical analysis.

(ii) The refusal may result in his or her certificate being revoked.

(b) If the certificate holder submits to the chemical analysis, he or she may obtain a chemical analysis described in subsection (4) from a person of his or her own choosing.

(6) The collection and testing of breath, blood, and urine specimens under this section shall be conducted in the same manner that breath, blood, and urine specimens are collected and tested for alcohol-related and controlled-substance-related motor vehicle operation violations under the Michigan vehicle code, 1949 PA 300, MCL 257.1 to 257.923.

(7) If a certificate holder refuses to take a chemical test authorized under this section, the peace officer shall promptly report the refusal in writing to the commission.

(8) If a certificate holder takes a chemical test authorized under this section and the test results indicate that the individual had any bodily alcohol content while carrying a concealed firearm, the peace officer shall promptly report the violation in writing to the commission.
