MANUFACTURING MILK LAW OF 2001 (EXCERPT) Act 267 of 2001

288.712 Dry products.

Sec. 152.

- (1) A person shall operate a dryer at not more than the manufacturer's recommended capacity for the highest quality dry product and may remodel or redesign a dryer after installation upon department approval. A person shall remove dry products from the drying chamber upon completion of each drying cycle.
- (2) Before packaging and immediately following removal of a dry product from the drying chamber, a person shall cool the dry product to a temperature not exceeding $110\text{\AA}^{\circ}\text{F}$ (43.3\text{\hat}^{\circ}C).
- (3) A person who packages a dry milk product shall ensure that each package or container used for the packaging of a dry milk product is of a clean, sound, commercially accepted material that will protect the packaged contents to the department's satisfaction. A dry milk product packager shall not package a dry milk product in a container previously used for nonfood items or food deleterious to the dairy product.
 - (4) A person who packages dry milk shall ensure all of the following:
 - (a) That empty containers are protected at all times from possible contamination.
- (b) That a lined container is not lined more than 1 hour before the container is filled unless it is provided adequate protection from contamination.
 - (c) That precaution is taken during the filling operation to adequately minimize product dust and spillage.
 - (d) That, when necessary, a mechanical shaker is provided.
 - (e) That the tapping or pounding of containers does not occur.
 - (f) That a container is closed immediately after filling.
- (g) That a container's exterior is vacuumed or brushed when necessary to render it practically free of product remnants before that container is removed from the filling site.
 - (h) That each dryer, conveyor, sifter, and storage bin is clean and maintained in a sanitary condition.
- (i) That in addition to a commercial pest control service, if any, a person designated by the packager implements a regularly scheduled insect and rodent control program approved by the department.
