

MANUFACTURING MILK LAW OF 2001 (EXCERPT)
Act 267 of 2001

288.718 Butter; chlorinating facilities; contamination prevention; containers or packaging materials.

Sec. 158.

- (1) The department may require a plant to provide chlorinating facilities for butter wash water.
- (2) A person who owns or operates a plant shall take all necessary precautions to prevent contamination of products.
- (3) In the packaging of butter and related products, a plant shall use commercially acceptable containers or packaging material that will protect the quality of the contents in a manner acceptable to the department. All cups or tubs containing 2 pounds or less shall have tops or covers that extend over the lip of the container to protect the product from contamination during subsequent handling.
