

NATURAL RESOURCES AND ENVIRONMENTAL PROTECTION ACT (EXCERPT)
Act 451 of 1994

324.11904 Additional powers of municipality.

Sec. 11904.

A municipality may do any of the following:

(a) Include in a contract with a municipality or person provisions to the effect that the municipality will require all residential waste subject to its jurisdiction and police power under applicable law or charter and collected within its limits, whether by a municipality or person operating under contract with the municipality, to be disposed of at the waste management project. If so included, the municipality shall enact legislation with appropriate penalties to make the requirement effective. However, a township, by resolution, may disapprove the collection of waste within the township boundaries by a county.

(b) Provide by contract with a municipality or person for the ownership of a waste management project after all indebtedness with respect to the project has been retired.

(c) Provide that rates or charges to users and beneficiaries of the service furnished by the waste management project shall be a lien on the premises for which the services have been provided, and that amounts delinquent for 3 months or more may be certified annually to the proper tax assessing officer or agency of the municipality, to be entered upon the next tax roll against the premises to which the services have been rendered. The charges shall be collected and the lien enforced in the same manner as provided for the collection of taxes assessed upon the tax roll and the enforcement of a lien for unpaid taxes. The time and manner of certification and other details in respect to the collection of the rates and charges and the enforcement of the lien shall be prescribed by the governing body of the municipality. The municipality may authorize a person or municipality to impose, levy, and collect rates or charges against users and beneficiaries of the service furnished by the waste management project. The municipality may agree with a municipality or person that the rates and charges shall be a lien on the premises serviced, and may further agree that the collection of the rates and charges imposed may be collected and the lien enforced in the same manner as provided in this subsection for the collection of rates and charges and the enforcement of a lien by the municipality.
