If the employer does not pick up the contributions, the employer shall continue to deduct the amount that could have been picked up under this subsection from the member's compensation. Contributions picked up are treated as employer contributions in determining tax treatment under the internal revenue code. Contributions picked up under this subsection are not included as gross taxable income of the member until disbursement from the retirement system. (3) This state shall pick up member contributions required as a result of a member's repaying the member's previously withdrawn accumulated contributions, plus interest, pursuant to section 402(3)(b), or a member's election to purchase service credits pursuant to section 403 or 404. Subsection (1) applies with respect to these contributions. The department shall determine the manner in which such contributions are paid. This subsection does not apply until the department receives notification from the United States internal revenue service that contributions picked up by this state pursuant to this subsection shall not be included as gross income of the member until they are distributed or made available to the member, retiree, retirement allowance beneficiary, or refund beneficiary.
