It is the intent of the legislature that, for 2025-2026, the allocation from the state school aid fund money appropriated in section 11 for the purposes described in this section will be \$67,900,000.00. Excluding staff or contracted employees funded under subsection (8), the superintendent shall designate staff or contracted employees funded under this section as critical shortage. By not later than December 31 of each fiscal year in which funding is allocated under this section, the superintendent of public instruction shall do both of the following:

(b) Submit a written report to the house and senate appropriations subcommittees on school aid regarding progress on early literacy.

(2) A district that receives funds under subsection (5) may spend up to 5% of those funds for professional development for educators in a department-approved research-based training program related to current state literacy standards for pupils in grades pre-K to 5. The professional development must also include training in the use of screening and diagnostic tools, progress monitoring, and intervention methods used to address barriers to learning and delays in learning that are diagnosed through the use of these tools.

(3) A district that receives funds under subsection (5) may use up to 5% of those funds to administer department-approved screening and diagnostic tools to monitor the development of early literacy and early reading skills, and risk factors for word-level reading difficulties of pupils in grades pre-K to 5 and to support evidence-based professional learning described in subsection (11) for educators in administering and using screening, progress monitoring, and diagnostic assessment data to inform instruction through prevention and intervention in a multi-tiered system of supports framework. A department-approved screening and diagnostic tool administered by a district using funding under this section must include all of the following components: phonemic awareness, phonics, fluency, rapid automatized naming (RAN), and comprehension. Further, all of the following sub-skills must be assessed within each of these components:
