

**THE STATE SCHOOL AID ACT OF 1979 (EXCERPT)**  
**Act 94 of 1979**

ARTICLE 3

**388.1631 Repealed. 1993, Act 336, Eff. Oct. 1, 1994.**

**Compiler's note:** The repealed section pertained to comprehensive compensatory education programs.

**388.1631a Funding to eligible districts and public school academies; additional allowance; early intervening program; number of pupils meeting criteria for free breakfast, lunch, or milk; "at-risk pupil" defined.**

Sec. 31a. (1) From the state school aid fund money appropriated in section 11, there is allocated for 2010-2011 an amount not to exceed \$317,695,500.00 for payments to eligible districts and eligible public school academies under this section. Subject to subsection (14), the amount of the additional allowance under this section, other than funding under subsection (6) or (7), shall be based on the number of actual pupils in membership in the district or public school academy who met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding state fiscal year, as determined under the Richard B. Russell national school lunch act, 42 USC 1751 to 1769i, and reported to the department by October 31 of the immediately preceding fiscal year and adjusted not later than December 31 of the immediately preceding fiscal year. However, for a public school academy that began operations as a public school academy after the pupil membership count day of the immediately preceding school year, the basis for the additional allowance under this section shall be the number of actual pupils in membership in the public school academy who met the income eligibility criteria for free breakfast, lunch, or milk in the current state fiscal year, as determined under the Richard B. Russell national school lunch act.

(2) To be eligible to receive funding under this section, other than funding under subsection (6) or (7), a district or public school academy that has not been previously determined to be eligible shall apply to the department, in a form and manner prescribed by the department, and a district or public school academy must meet all of the following:

(a) The sum of the district's or public school academy's combined state and local revenue per membership pupil in the current state fiscal year, as calculated under section 20, plus the amount of the district's per pupil allocation under section 20j(2), is less than or equal to the basic foundation allowance under section 20 for the current state fiscal year.

(b) The district or public school academy agrees to use the funding only for purposes allowed under this section and to comply with the program and accountability requirements under this section.

(3) Except as otherwise provided in this subsection, an eligible district or eligible public school academy shall receive under this section for each membership pupil in the district or public school academy who met the income eligibility criteria for free breakfast, lunch, or milk, as determined under the Richard B. Russell national school lunch act and as reported to the department by October 31 of the immediately preceding fiscal year and adjusted not later than December 31 of the immediately preceding fiscal year, an amount per pupil equal to 11.5% of the sum of the district's foundation allowance or public school academy's per pupil amount calculated under section 20, plus the amount of the district's per pupil allocation under section 20j(2), not to exceed the basic foundation allowance under section 20 for the current state fiscal year, or of the public school academy's per membership pupil amount calculated under section 20 for the current state fiscal year. A public school academy that began operations as a public school academy after the pupil membership count day of the immediately preceding school year shall receive under this section for each membership pupil in the public school academy who met the income eligibility criteria for free breakfast, lunch, or milk, as determined under the Richard B. Russell national school lunch act and as reported to the department by October 31 of the current fiscal year and adjusted not later than December 31 of the current fiscal year, an amount per pupil equal to 11.5% of the public school academy's per membership pupil amount calculated under section 20 for the current state fiscal year.

(4) Except as otherwise provided in this section, a district or public school academy receiving funding under this section shall use that money only to provide instructional programs and direct noninstructional services, including, but not limited to, medical or counseling services, for at-risk pupils; for school health clinics; and for the purposes of subsection (5), (6), or (7). In addition, a district that is a school district of the first class or a district or public school academy in which at least 50% of the pupils in membership met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding state fiscal year, as determined and reported as described in subsection (1), may use not more than 20% of the funds it receives under this section for school security. A district or public school academy shall not use any of that money for

administrative costs or to supplant another program or other funds, except for funds allocated to the district or public school academy under this section in the immediately preceding year and already being used by the district or public school academy for at-risk pupils. The instruction or direct noninstructional services provided under this section may be conducted before or after regular school hours or by adding extra school days to the school year and may include, but are not limited to, tutorial services, early childhood programs to serve children age 0 to 5, and reading programs as described in former section 32f as in effect for 2001-2002. A tutorial method may be conducted with paraprofessionals working under the supervision of a certificated teacher. The ratio of pupils to paraprofessionals shall be between 10:1 and 15:1. Only 1 certificated teacher is required to supervise instruction using a tutorial method. As used in this subsection, "to supplant another program" means to take the place of a previously existing instructional program or direct noninstructional services funded from a funding source other than funding under this section.

(5) Except as otherwise provided in subsection (12), a district or public school academy that receives funds under this section and that operates a school breakfast program under section 1272a of the revised school code, MCL 380.1272a, shall use from the funds received under this section an amount, not to exceed \$10.00 per pupil for whom the district or public school academy receives funds under this section, necessary to pay for costs associated with the operation of the school breakfast program.

(6) From the funds allocated under subsection (1), there is allocated for 2010-2011 an amount not to exceed \$3,557,300.00 to support child and adolescent health centers. These grants shall be awarded for 5 consecutive years beginning with 2003-2004 in a form and manner approved jointly by the department and the department of community health. Each grant recipient shall remain in compliance with the terms of the grant award or shall forfeit the grant award for the duration of the 5-year period after the noncompliance. To continue to receive funding for a child and adolescent health center under this section a grant recipient shall ensure that the child and adolescent health center has an advisory committee and that at least one-third of the members of the advisory committee are parents or legal guardians of school-aged children. A child and adolescent health center program shall recognize the role of a child's parents or legal guardian in the physical and emotional well-being of the child. Funding under this subsection shall be used to support child and adolescent health center services provided to children up to age 21. If any funds allocated under this subsection are not used for the purposes of this subsection for the fiscal year in which they are allocated, those unused funds shall be used that fiscal year to avoid or minimize any proration that would otherwise be required under subsection (14) for that fiscal year.

(7) From the funds allocated under subsection (1), there is allocated for 2010-2011 an amount not to exceed \$5,150,000.00 for the state portion of the hearing and vision screenings as described in section 9301 of the public health code, 1978 PA 368, MCL 333.9301. A local public health department shall pay at least 50% of the total cost of the screenings. The frequency of the screenings shall be as required under R 325.13091 to R 325.13096 and R 325.3271 to R 325.3276 of the Michigan administrative code. Funds shall be awarded in a form and manner approved jointly by the department and the department of community health. Notwithstanding section 17b, payments to eligible entities under this subsection shall be paid on a schedule determined by the department.

(8) Each district or public school academy receiving funds under this section shall submit to the department by July 15 of each fiscal year a report, not to exceed 10 pages, on the usage by the district or public school academy of funds under this section, which report shall include at least a brief description of each program conducted by the district or public school academy using funds under this section, the amount of funds under this section allocated to each of those programs, the number of at-risk pupils eligible for free or reduced price school lunch who were served by each of those programs, and the total number of at-risk pupils served by each of those programs. If a district or public school academy does not comply with this subsection, the department shall withhold an amount equal to the August payment due under this section until the district or public school academy complies with this subsection. If the district or public school academy does not comply with this subsection by the end of the state fiscal year, the withheld funds shall be forfeited to the school aid fund.

(9) In order to receive funds under this section, a district or public school academy shall allow access for the department or the department's designee to audit all records related to the program for which it receives those funds. The district or public school academy shall reimburse the state for all disallowances found in the audit.

(10) Subject to subsections (5), (6), (7), (12), and (13), any district may use up to 100% of the funds it receives under this section to reduce the ratio of pupils to teachers in grades K-6, or any combination of those grades, in school buildings in which the percentage of pupils described in subsection (1) exceeds the district's aggregate percentage of those pupils. Subject to subsections (5), (6), (7), (12), and (13), if a district obtains a waiver from the department, the district may use up to 100% of the funds it receives under this section to

reduce the ratio of pupils to teachers in grades K-6, or any combination of those grades, in school buildings in which the percentage of pupils described in subsection (1) is at least 60% of the district's aggregate percentage of those pupils and at least 30% of the total number of pupils enrolled in the school building. To obtain a waiver, a district must apply to the department and demonstrate to the satisfaction of the department that the class size reductions would be in the best interests of the district's at-risk pupils.

(11) A district or public school academy may use funds received under this section for adult high school completion, general educational development (G.E.D.) test preparation, adult English as a second language, or adult basic education programs described in section 107.

(12) For an individual school or schools operated by a district or public school academy receiving funds under this section that have been determined by the department to meet the adequate yearly progress standards of the no child left behind act of 2001, Public Law 107-110, in both mathematics and English language arts at all applicable grade levels for all applicable subgroups, the district or public school academy may submit to the department an application for flexibility in using the funds received under this section that are attributable to the pupils in the school or schools. The application shall identify the affected school or schools and the affected funds and shall contain a plan for using the funds for specific purposes identified by the district that are designed to benefit at-risk pupils in the school, but that may be different from the purposes otherwise allowable under this section. The department shall approve the application if the department determines that the purposes identified in the plan are reasonably designed to benefit at-risk pupils in the school. If the department does not act to approve or disapprove an application within 30 days after it is submitted to the department, the application is considered to be approved. If an application for flexibility in using the funds is approved, the district may use the funds identified in the application for any purpose identified in the plan.

(13) A district or public school academy that receives funds under this section may use funds it receives under this section to implement and operate an early intervening program for pupils in grades K to 3 that meets either or both of the following:

(a) Monitors individual pupil learning and provides specific support or learning strategies to pupils as early as possible in order to reduce the need for special education placement. The program shall include literacy and numeracy supports, sensory motor skill development, behavior supports, instructional consultation for teachers, and the development of a parent/school learning plan. Specific support or learning strategies may include support in or out of the general classroom in areas including reading, writing, math, visual memory, motor skill development, behavior, or language development. These would be provided based on an understanding of the individual child's learning needs.

(b) Provides early intervening strategies using school-wide systems of academic and behavioral supports and is scientifically research-based. The strategies to be provided shall include at least pupil performance indicators based upon response to intervention, instructional consultation for teachers, and ongoing progress monitoring. A school-wide system of academic and behavioral support should be based on a support team available to the classroom teachers. The members of this team could include the principal, special education staff, reading teachers, and other appropriate personnel who would be available to systematically study the needs of the individual child and work with the teacher to match instruction to the needs of the individual child.

(14) If necessary, and before any proration required under section 11, the department shall prorate payments under this section by reducing the amount of the per pupil payment under this section by a dollar amount calculated by determining the amount by which the amount necessary to fully fund the requirements of this section exceeds the maximum amount allocated under this section and then dividing that amount by the total statewide number of pupils who met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding fiscal year, as described in subsection (1).

(15) If a district is formed by consolidation after June 1, 1995, and if 1 or more of the original districts was not eligible before the consolidation for an additional allowance under this section, the amount of the additional allowance under this section for the consolidated district shall be based on the number of pupils described in subsection (1) enrolled in the consolidated district who reside in the territory of an original district that was eligible before the consolidation for an additional allowance under this section.

(16) Except as otherwise provided in subsection (18), a district or public school academy that does not meet the eligibility requirement under subsection (2)(a) is eligible for funding under this section if at least 1/4 of the pupils in membership in the district or public school academy met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding state fiscal year, as determined and reported as described in subsection (1), and at least 4,500 of the pupils in membership in the district or public school academy met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding state fiscal year, as determined and reported as described in subsection (1). A district or public school

academy that is eligible for funding under this section because the district meets the requirements of this subsection shall receive under this section for each membership pupil in the district or public school academy who met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding fiscal year, as determined and reported as described in subsection (1), an amount per pupil equal to 11.5% of the sum of the district's foundation allowance or public school academy's per pupil allocation under section 20, plus the amount of the district's per pupil allocation under section 20j(2), not to exceed the basic foundation allowance under section 20 for the current state fiscal year.

(17) A district that does not meet the eligibility requirement under subsection (2)(a) is eligible for funding under this section if at least 75% of the pupils in membership in the district met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding state fiscal year, as determined and reported as described in subsection (1), the district receives an adjustment under section 20(19), and the district does not receive any state portion of its foundation allowance as calculated under section 20. A district that is eligible for funding under this section because the district meets the requirements of this subsection shall receive under this section for each membership pupil in the district who met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding fiscal year, as determined and reported as described in subsection (1), an amount per pupil equal to 11.5% of the sum of the district's foundation allowance under section 20, not to exceed the basic foundation allowance under section 20 for the current state fiscal year.

(18) For a district described in subsection (16), the total allocation to the district otherwise due under this section, after any reduction under subsection (14), shall be further reduced by 25%.

(19) As used in this section, "at-risk pupil" means a pupil for whom the district has documentation that the pupil meets at least 2 of the following criteria: is a victim of child abuse or neglect; is below grade level in English language and communication skills or mathematics; is a pregnant teenager or teenage parent; is eligible for a federal free or reduced-price lunch subsidy; has atypical behavior or attendance patterns; or has a family history of school failure, incarceration, or substance abuse. For pupils for whom the results of at least the applicable Michigan education assessment program (MEAP) test have been received, at-risk pupil also includes a pupil who does not meet the other criteria under this subsection but who did not achieve at least a score of level 2 on the most recent MEAP English language arts, mathematics, or science test for which results for the pupil have been received. For pupils for whom the results of the Michigan merit examination have been received, at-risk pupil also includes a pupil who does not meet the other criteria under this subsection but who did not achieve proficiency on the reading component of the most recent Michigan merit examination for which results for the pupil have been received, did not achieve proficiency on the mathematics component of the most recent Michigan merit examination for which results for the pupil have been received, or did not achieve basic competency on the science component of the most recent Michigan merit examination for which results for the pupil have been received. For pupils in grades K-3, at-risk pupil also includes a pupil who is at risk of not meeting the district's core academic curricular objectives in English language arts or mathematics.

### **388.1631d Reimbursement to districts providing school lunch programs.**

Sec. 31d. (1) From the appropriations in section 11, there is allocated an amount not to exceed \$22,495,100.00 for 2010-2011 for the purpose of making payments to districts and other eligible entities under this section.

(2) The amounts allocated from state sources under this section shall be used to pay the amount necessary to reimburse districts for 6.0127% of the necessary costs of the state mandated portion of the school lunch programs provided by those districts. The amount due to each district under this section shall be computed by the department using the methods of calculation adopted by the Michigan supreme court in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492.

(3) The payments made under this section include all state payments made to districts so that each district receives at least 6.0127% of the necessary costs of operating the state mandated portion of the school lunch program in a fiscal year.

(4) The payments made under this section to districts and other eligible entities that are not required under section 1272a of the revised school code, MCL 380.1272a, to provide a school lunch program shall be in an amount not to exceed \$10.00 per eligible pupil plus 5 cents for each free lunch and 2 cents for each reduced price lunch provided, as determined by the department.

(5) From the federal funds appropriated in section 11, there is allocated for 2010-2011 all available federal funding, estimated at \$400,000,000.00, for the national school lunch program and all available federal funding, estimated at \$2,506,000.00, for the emergency food assistance program.

(6) Notwithstanding section 17b, payments to eligible entities other than districts under this section shall be paid on a schedule determined by the department.

(7) In purchasing food for a school lunch program funded under this section, preference shall be given to food that is grown or produced by Michigan businesses if it is competitively priced and of comparable quality.

### **388.1631f Breakfast program costs; reimbursement payments.**

Sec. 31f. (1) From the appropriations in section 11, there is allocated an amount not to exceed \$9,625,000.00 for 2010-2011 for the purpose of making payments to districts to reimburse for the cost of providing breakfast.

(2) The funds allocated under this section for school breakfast programs shall be made available to all eligible applicant districts that meet all of the following criteria:

(a) The district participates in the federal school breakfast program and meets all standards as prescribed by 7 CFR parts 220 and 245.

(b) Each breakfast eligible for payment meets the federal standards described in subdivision (a).

(3) The payment for a district under this section is at a per meal rate equal to the lesser of the district's actual cost or 100% of the statewide average cost of a breakfast served, as determined and approved by the department, less federal reimbursement, participant payments, and other state reimbursement. The statewide average cost shall be determined by the department using costs as reported in a manner approved by the department for the preceding school year.

(4) Notwithstanding section 17b, payments under this section may be made pursuant to an agreement with the department.

(5) In purchasing food for a school breakfast program funded under this section, preference shall be given to food that is grown or produced by Michigan businesses if it is competitively priced and of comparable quality.

### **388.1632b Early childhood investment corporation; grants.**

Sec. 32b. (1) From the funds appropriated under section 11, there is allocated an amount not to exceed \$6,000,000.00 for 2010-2011 for competitive grants to intermediate districts for the creation and continuance of great start communities or other community purposes as identified by the early childhood investment corporation. These dollars may not be expended until both of the following conditions have been met:

(a) The early childhood investment corporation has identified matching dollars of at least an amount equal to the amount of the matching dollars for 2006-2007.

(b) The executive committee of the corporation includes, in addition to the members of the executive committee provided for by the interlocal agreement creating the corporation under the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.510 to 124.512, 4 members appointed by the governor as provided in this subdivision. Not later than 30 days after the convening of a regular legislative session in an odd-numbered year, the speaker of the house of representatives, the house minority leader, the senate majority leader, and the senate minority leader shall each submit to the governor a list of 3 or more individuals as nominees for appointment as members of the executive committee of the corporation. The corporation shall notify each of the legislative leaders of this requirement to submit a list of nominees not later than 30 days before the date that the list is due. Within 60 days of the submission to the governor of nominees by each of the 4 legislative leaders, the governor shall appoint 1 member of the executive committee from each list of nominees submitted by each of the 4 legislative leaders. A member appointed under this subdivision shall serve a term as a member of the executive committee through the next regular legislative session unless he or she resigns or is otherwise unable to serve. When a vacancy occurs other than by expiration of a term, the corporation shall notify the legislative leader who originally nominated the member of the vacancy and that legislative leader shall submit to the governor a list of 3 or more individuals as nominees for appointment to fill the vacancy within 30 days after being notified by the corporation of the vacancy. The governor shall make an appointment to fill that vacancy in the same manner as the original appointment not later than 60 days after the date the vacancy occurs.

(2) The early childhood investment corporation shall award grants to eligible intermediate districts in an amount to be determined by the corporation.

(3) In order to receive funding, each intermediate district applicant shall agree to convene a local great start collaborative to address the availability of the 6 components of a great start system in its communities: physical health, social-emotional health, family supports, basic needs, economic stability and safety, and parenting education and early education and care, to ensure that every child in the community is ready for kindergarten. Specifically, each grant will fund the following:

(a) The completion of a community needs assessment and strategic plan for the creation of a comprehensive system of early childhood services and supports, accessible to all children from birth to kindergarten and their families.

(b) Identification of local resources and services for children with disabilities, developmental delays, or special needs and their families.

(c) Coordination and expansion of infrastructure to support high-quality early childhood and childcare programs.

(d) Evaluation of local programs.

(4) Not later than December 1 of each fiscal year, for the grants awarded under this section for the

immediately preceding fiscal year, the department shall provide to the house and senate appropriations subcommittees on state school aid, the state budget director, and the house and senate fiscal agencies a report detailing the amount of each grant awarded under this section, the grant recipients, the activities funded by each grant under this section, and an analysis of each grant recipient's success in addressing the development of a comprehensive system of early childhood services and supports.

(5) An intermediate district receiving funds under this section may carry over any unexpended funds received under this section into the next fiscal year and may expend those unused funds in the next fiscal year. A recipient of a grant shall return any unexpended grant funds to the department in the manner prescribed by the department not later than September 30 of the next fiscal year after the fiscal year in which the funds are received.

(6) Notwithstanding section 17b, payments under this section may be made pursuant to an agreement with the department.

### **388.1632c Grants for community-based collaborative prevention services; distribution of funds through joint request for proposals process; requirements; agreement; report.**

Sec. 32c. (1) From the general fund appropriation in section 11, there is allocated an amount not to exceed \$2,125,000.00 for 2008-2009 to the department for grants for community-based collaborative prevention services designed to foster positive parenting skills; improve parent/child interaction, especially for children 0-3 years of age; promote access to needed community services; increase local capacity to serve families at risk; improve school readiness; and support healthy family environments that discourage alcohol, tobacco, and other drug use. The allocation under this section is to fund secondary prevention programs as defined by the children's trust fund for the prevention of child abuse and neglect.

(2) The funds allocated under subsection (1) shall be distributed through a joint request for proposals process established by the department in conjunction with the children's trust fund and the interagency director's workgroup. Projects funded with grants awarded under this section shall meet all of the following:

(a) Be secondary prevention initiatives and voluntary to consumers. This appropriation is not intended to serve the needs of children for whom and families in which neglect or abuse has been substantiated.

(b) Demonstrate that the planned services are part of a community's integrated comprehensive family support strategy endorsed by the community collaborative and, where there is a great start collaborative, demonstrate that the planned services are part of the community's great start strategic plan.

(c) Provide a 25% local match, of which not more than 10% may be in-kind services, unless this requirement is waived by the interagency director's workgroup.

(3) Notwithstanding section 17b, payments under this section may be made pursuant to an agreement with the department.

(4) Not later than January 30 of the next fiscal year, the department shall prepare and submit to the governor and the legislature an annual report of outcomes achieved by the providers of the community-based collaborative prevention services funded under this section for a fiscal year.

Sec. 32d. (1) For 2010-2011, there is allocated to eligible districts for great start readiness programs an amount not to exceed \$89,400,000.00 from the state school aid fund money appropriated in section 11. In addition, from the general fund appropriation in section 11, there is allocated an amount not to exceed \$8,875,000.00 for competitive great start readiness program grants. Funds allocated under this section shall be used to provide part-day or full-day comprehensive free compensatory programs designed to do 1 or both of the following:

(a) Improve the readiness and subsequent achievement of educationally disadvantaged children as defined by the department who will be at least 4, but less than 5 years of age, as of December 1 of the school year in which the programs are offered, and who show evidence of 2 or more risk factors as defined by the state board.

(b) Provide preschool and parenting education programs similar to those under former section 32b as in effect for 2001-2002. Beginning in 2007-2008, funds spent by a district for programs described in this subdivision shall not exceed the lesser of the amount spent by the district under this subdivision for 2006-2007 or the amount spent under this subdivision in any subsequent fiscal year.

(2) To be eligible to receive payments under this section, a district shall comply with this section and section 39. To receive competitive grant payments under this section, an eligible grant recipient shall comply with this section and section 32l.

(3) In addition to the allocation under subsection (1), from the general fund money appropriated under section 11, there is allocated an amount not to exceed \$300,000.00 for 2010-2011 for a competitive grant to continue a longitudinal evaluation of children who have participated in great start readiness programs.

(4) To be eligible for funding under this section, a program shall prepare children for success in school through comprehensive part-day or full-day programs that contain all of the following program components, as determined by the department:

(a) Participation in a collaborative recruitment and enrollment process. At a minimum, the process shall include all other funded preschool programs that may serve children in the same geographic area, to assure that each child is enrolled in the program most appropriate to his or her needs and to maximize the use of

federal, state, and local funds.

(b) An age-appropriate educational curriculum that is in compliance with the early childhood standards of quality for prekindergarten children adopted by the state board.

(c) Nutritional services for all program participants.

(d) Health and developmental screening services for all program participants.

(e) Referral services for families of program participants to community social service agencies, as appropriate.

(f) Active and continuous involvement of the parents or guardians of the program participants.

(g) A plan to conduct and report annual great start readiness program evaluations and continuous improvement plans using criteria approved by the department.

(h) Participation in a multidistrict, multiagency, school readiness advisory committee that provides for the involvement of classroom teachers, parents or guardians of program participants, and community, volunteer, and social service agencies and organizations, as appropriate. The advisory committee shall review the program components listed in this subsection and make recommendations for changes to the great start readiness program for which it is an advisory committee.

(i) For great start readiness programs operated by a district or consortium of districts, provide for the ongoing articulation of the early childhood, kindergarten, and first grade programs offered by the district or districts.

(5) An application for funding under this section shall provide for the following, in a form and manner determined by the department:

(a) Ensure compliance with all program components described in subsection (4).

(b) Ensure that more than 75% of the children participating in an eligible great start readiness program are children who live with families with a household income that is equal to or less than 300% of the federal poverty level.

(c) Ensure that the applicant only employs qualified personnel for this program, as follows:

(i) Teachers possessing proper training. For programs the district manages itself, a valid teaching certificate and an early childhood (ZA) endorsement are required. This provision does not apply to a district that subcontracts with an eligible child development program. In that situation, a teacher must have a valid Michigan teaching certificate with an early childhood (ZA) endorsement, a valid Michigan teaching certificate with a child development associate credential, or a bachelor's degree in child development with specialization in preschool teaching. However, both of the following apply to this subparagraph:

(A) If a district demonstrates to the department that it is unable to fully comply with this subparagraph after making reasonable efforts to comply, teachers who have significant but incomplete training in early childhood education or child development may be employed by the district if the district provides to the department, and the department approves, a plan for each teacher to come into compliance with the standards in this subparagraph. A teacher's compliance plan must be completed within 4 years of the date of employment. Progress toward completion of the compliance plan shall consist of at least 2 courses per calendar year.

(B) For a subcontracted program, the department shall consider a teacher with 90 credit hours and at least 4 years' teaching experience in a qualified preschool program to meet the requirements under this subparagraph.

(ii) Paraprofessionals possessing proper training in early childhood development, including an associate's degree in early childhood education or child development or the equivalent, or a child development associate (CDA) credential, or the equivalent as approved by the state board. However, if a district demonstrates to the department that it is unable to fully comply with this subparagraph after making reasonable efforts to comply, the district may employ paraprofessionals who have completed at least 1 course in early childhood education or child development if the district provides to the department, and the department approves, a plan for each paraprofessional to come into compliance with the standards in this subparagraph. A paraprofessional's compliance plan must be completed within 2 years of the date of employment. Progress toward completion of the compliance plan shall consist of at least 2 courses or 60 clock hours of training per calendar year.

(d) Include a program budget that contains only those costs that are not reimbursed or reimbursable by federal funding, that are clearly and directly attributable to the great start readiness program, and that would not be incurred if the program were not being offered. The program budget shall indicate the extent to which these funds will supplement other federal, state, local, or private funds. Funds received under this section shall not be used to supplant any federal funds by the applicant to serve children eligible for a federally funded existing preschool program that has the capacity to serve those children.

(6) For a grant recipient that enrolls pupils in a full-day program funded under this section, each child enrolled in the full-day program shall be counted as 2 children served by the program for purposes of determining the number of children to be served and for determining the amount of the grant award. A grant

award shall not be increased solely on the basis of providing a full-day program. As used in this subsection, "full-day program" means a program that operates for at least the same length of day as a district's first grade program for a minimum of 4 days per week, 30 weeks per year. A classroom that offers a full-day program must enroll all children for the full day to be considered a full-day program.

(7) A district or consortium of districts receiving a grant under this section may contract with for-profit or nonprofit preschool center providers that meet all requirements of subsection (4) and retain for administrative services an amount equal to not more than 5% of the grant amount. A district or consortium of districts may expend not more than 10% of the total grant amount for administration of the program.

(8) Any public or private for-profit or nonprofit legal entity or agency may apply for a competitive grant under this section. However, a district or intermediate district may not apply for a competitive grant under this section unless the district, intermediate district, or consortium of districts or intermediate districts is acting as a local grantee for the federal head start program operating under the head start act, 42 USC 9831 to 9852.

(9) A recipient of funds under this section shall report to the department on the midyear report the number of children participating in the program who meet the income or other eligibility criteria prescribed by the department and the total number of children participating in the program. For children participating in the program who meet the income or other eligibility criteria specified under subsection (5)(b), a recipient shall also report whether or not a parent is available to provide care based on employment status. For the purposes of this subsection, "employment status" shall be defined by the department of human services in a manner consistent with maximizing the amount of spending that may be claimed for temporary assistance for needy families maintenance of effort purposes.

(10) As used in this section, "part-day program" means a program that operates at least 4 days per week, 30 weeks per year, for at least 3 hours of teacher-child contact time per day but for fewer hours of teacher-child contact time per day than a full-day program as defined in subsection (6).

(11) A district or intermediate district receiving funds under this section is encouraged to establish a sliding scale of tuition rates based upon a child's family income for the purpose of expanding eligible programs under this section. A district or intermediate district may charge tuition for programs provided under this section according to that sliding scale of tuition rates on a uniform basis for any child who does not meet the program eligibility requirements under this section.

**388.1632j Programs for parents with young children.**

Sec. 32j. (1) From the appropriations in section 11, there is allocated an amount not to exceed \$5,000,000.00 for 2010-2011 for great parents, great start grants to intermediate districts to provide programs for parents with young children. The purpose of these programs is to encourage early mathematics and reading literacy, improve school readiness, reduce the need for special education services, and foster the maintenance of stable families by encouraging positive parenting skills.

(2) To qualify for funding under this section, a program shall provide services to all families with children age 5 or younger residing within the intermediate district who choose to participate, including at least all of the following services:

(a) Providing parents with information on child development from birth to age 5.

(b) Providing parents with methods to enhance parent-child interaction that promote social and emotional development and age-appropriate language, mathematics, and early reading skills for young children; including, but not limited to, encouraging parents to read to their preschool children at least 1/2 hour per day.

(c) Providing parents with examples of learning opportunities to promote intellectual, physical, and social growth of young children, including the acquisition of age-appropriate language, mathematics, and early reading skills.

(d) Promoting access to needed community services through a community-school-home partnership.

(3) To receive a grant under this section, an intermediate district shall submit a plan to the department not later than October 15, 2010 in the form and manner prescribed by the department. The plan shall do all of the following in a manner prescribed by the department:

(a) Provide a plan for the delivery of the program components described in subsection (2) that targets resources based on family need and provides for educators trained in child development to help parents understand their role in their child's developmental process, thereby promoting school readiness and mitigating the need for special education services.

(b) Demonstrate an adequate collaboration of local entities involved in providing programs and services for preschool children and their parents and, where there is a great start collaborative, demonstrate that the planned services are part of the community's great start strategic plan.

(c) Provide a projected budget for the program to be funded. The intermediate district shall provide at least a 20% local match from local public or private resources for the funds received under this section. Not more than 1/2 of this matching requirement, up to a total of 10% of the total project budget, may be satisfied through in-kind services provided by participating providers of programs or services. In addition, not more than 10% of the grant may be used for program administration.

(4) Each intermediate district receiving a grant under this section shall agree to include a data collection system approved by the department. The data collection system shall provide a report by October 15 of each year on the number of children in families with income below 200% of the federal poverty level that received services under this program and the total number of children who received services under this program.

(5) The department or superintendent, as applicable, shall do all of the following:

(a) The superintendent shall approve or disapprove the plans and notify the intermediate district of that decision not later than November 15, 2010. The amount allocated to each intermediate district shall be at least an amount equal to 100% of the intermediate district's 2009-2010 payment under this section.

(b) The department shall ensure that all programs funded under this section utilize the most current validated research-based methods and curriculum for providing the program components described in

subsection (2).

(c) The department shall submit a report to the state budget director and the senate and house fiscal agencies summarizing the data collection reports described in subsection (4) by December 1 of each year.

(6) An intermediate district receiving funds under this section shall use the funds only for the program funded under this section. An intermediate district receiving funds under this section may carry over any unexpended funds received under this section into the next fiscal year and may expend those unused funds in the next fiscal year. A recipient of a grant shall return any unexpended grant funds to the department in the manner prescribed by the department not later than September 30 of the next fiscal year after the fiscal year in which the funds are received.

### **388.1632/ Competitive grants under section 32d.**

Sec. 32l. (1) The department shall establish a diverse interagency committee to review the applications for competitive grants under section 32d. The committee shall be composed of representatives of the department, appropriate community, volunteer, and social service agencies and organizations, and parents.

(2) The superintendent shall award the competitive grants under section 32d to applicants that are in compliance with that section and shall give priority for awarding the competitive grants to programs that offer or contract with another nonprofit or for-profit early childhood program to provide supplementary day care and thereby offers full-day programs as part of its early childhood development program.

(3) The superintendent may award competitive grants under section 32d at whatever level the superintendent determines appropriate. However, the amount of a competitive grant under that section, when combined with other sources of state revenue for this program, shall not exceed \$3,400.00 per participating child or the cost of the program, whichever is less.

(4) All grant awards under this section are contingent on the availability of funds and documented evidence of grantee compliance with early childhood standards of quality for prekindergarten, as approved by the state board, and with all operational, fiscal, administrative, and other program requirements.

(5) Except as otherwise provided in this subsection, an applicant that received a grant under this section for the immediately preceding fiscal year shall receive priority for funding under this section. However, after 3 fiscal years of continuous funding, an applicant is required to compete openly with new programs and other programs completing their third year.

(6) Notwithstanding section 17b, competitive grant payments to eligible entities under section 32d shall be

paid on a schedule and in a manner determined by the department.

Sec. 39. (1) A district receiving funds under section 32d shall submit a preapplication, in a form and

manner prescribed by the department, by a date specified by the department in the immediately preceding state fiscal year. The preapplication shall include a comprehensive needs assessment and community collaboration plan, which is endorsed by the local great start collaborative and is part of the community's great start strategic plan that includes, but is not limited to, great start readiness program and head start providers, and shall identify all of the following:

(a) The estimated total number of children in the community who meet the criteria of section 32d and how that calculation was made.

(b) The estimated number of children in the community who meet the criteria of section 32d and are being served by other early childhood development programs operating in the community, and how that calculation was made.

(c) The number of children the district will be able to serve who meet the criteria of section 32d including a verification of physical facility and staff resources capacity.

(d) The estimated number of children who meet the criteria of section 32d who will remain unserved after the district and community early childhood programs have met their funded enrollments. The school district shall maintain a waiting list of identified unserved eligible children who would be served when openings are available.

(2) A district receiving funds under section 32d shall also submit a final application for approval, in a form and manner prescribed by the department, by a date specified by the department, that details how the district complies with the program components established by the department pursuant to section 32d.

(3) The number of prekindergarten children construed to be in need of special readiness assistance under section 32d shall be calculated for each district in the following manner: 1/2 of the percentage of the district's pupils in grades 1 to 5 who are eligible for free lunch, as determined using the district's pupil membership count as of the pupil membership count day in the school year prior to the fiscal year for which the calculation is made, under the Richard B. Russell national school lunch act, 42 USC 1751 to 1769i, shall be multiplied by the average kindergarten enrollment of the district on the pupil membership count day of the 2 immediately preceding fiscal years.

(4) Beginning in 2008-2009, the initial allocation for each fiscal year to each eligible district under section 32d shall be determined by multiplying the number of children determined by the formula under subsection (3) or the number of children the district indicates it will be able to serve under subsection (1)(c), whichever is less, by \$3,400.00 and shall be distributed among districts in decreasing order of concentration of eligible children as determined by the formula under subsection (3). If the number of children a district indicates it will be able to serve under subsection (1)(c) includes children able to be served in a full-day program, then the number able to be served in a full-day program shall be doubled for the purposes of making this calculation of the lesser of the number of children determined by the formula under subsection (3) and the number of children the district indicates it will be able to serve under subsection (1)(c) and determining the amount of the initial allocation to the district under section 32d. A district may contract with a head start agency to serve children enrolled in head start with a full-day program by blending head start funds with a part-day great start readiness program allocation. All head start and great start readiness program policies and regulations apply to the blended program.

(5) If funds appropriated for eligible districts in section 32d remain after the initial allocation under subsection (4), the allocation under this subsection shall be distributed to each eligible district under section 32d in decreasing order of concentration of eligible children as determined by the formula under subsection (3). The allocation shall be determined by multiplying the number of children each eligible district served in the immediately preceding fiscal year, including the number of children the district would have served if it had not satisfied all or part of the reduction under section 11d from funding under this section, or the number of children the district indicates it will be able to serve under subsection (1)(c), whichever is less, minus the number of children for which the district received funding in subsection (4) by \$3,400.00.

(6) If funds appropriated for eligible districts in section 32d remain after the allocations under subsections (4) and (5), remaining funds shall be distributed to each eligible district under section 32d in decreasing order of concentration of eligible children as determined by the formula under subsection (3). If the number of children the district indicates it will be able to serve under subsection (1)(c) exceeds the number of children for which funds have been received under subsections (4) and (5), the allocation under this subsection shall be determined by multiplying the number of children the district indicates it will be able to serve under subsection (1)(c) less the number of children for which funds have been received under subsections (4) and (5) by \$3,400.00 until the funds allocated for eligible districts in section 32d are distributed.

(7) If a district is participating in a program under section 32d for the first year, the maximum allocation under this section is 32 multiplied by \$3,400.00.

(8) A district that offers supplementary day care funded by funds other than those received under this

section and therefore offers full-day programs as part of its early childhood development program shall receive priority in the allocation of funds under section 32d over other eligible districts.

(9) For any district with 315 or more eligible pupils, the number of eligible pupils shall be 65% of the number calculated using the formula under subsection (3). However, none of these districts may have less than 315 pupils for purposes of calculating the tentative allocation for eligible districts under section 32d.

(10) If, taking into account the total amount to be allocated to the district as calculated under this section, a district determines that it is able to include additional eligible children in the great start readiness program without additional funds under section 32d, the district may include additional eligible children but shall not receive additional funding under section 32d for those children.

(11) A consortium of 2 or more districts shall be eligible for an allocation under section 32d if the districts designate a district or intermediate district to serve as the fiscal agent for the consortium's allocation. A consortium shall submit a single application for the total number of children to be served. The consortium may decide, with approval of all consortium members, to serve numbers of children based on the allocation to each district or based on the allocation to the entire consortium, allowing children residing in any district in the consortium to be served by the consortium at any location.
