Sec. 81. (1) Except as otherwise provided in this section, from the appropriation in section 11, there is allocated for 2010-2011 to the intermediate districts the sum necessary, but not to exceed \$65,376,800.00, to provide state aid to intermediate districts under this section. Except as otherwise provided in this section, there shall be allocated to each intermediate district for 2010-2011 an amount equal to 80% of the amount allocated under this subsection for 2008-2009. Funding provided under this section shall be used to comply with requirements of this act and the revised school code that are applicable to intermediate districts, and for which funding is not provided elsewhere in this act, and to provide technical assistance to districts as authorized by the intermediate school board.

(2) Intermediate districts receiving funds under this section shall collaborate with the department to develop expanded professional development opportunities for teachers to update and expand their knowledge and skills needed to support the Michigan merit curriculum.

(3) From the allocation in subsection (1), there is allocated to an intermediate district, formed by the consolidation or annexation of 2 or more intermediate districts or the attachment of a total intermediate district to another intermediate school district or the annexation of all of the constituent K-12 districts of a previously existing intermediate school district which has disorganized, an additional allotment of \$3,500.00 each fiscal year for each intermediate district included in the new intermediate district for 3 years following consolidation, annexation, or attachment.

(4) During a fiscal year, the department shall not increase an intermediate district's allocation under subsection (1) because of an adjustment made by the department during the fiscal year in the intermediate district's taxable value for a prior year. Instead, the department shall report the adjustment and the estimated amount of the increase to the house and senate fiscal agencies and the state budget director not later than June 1 of the fiscal year, and the legislature shall appropriate money for the adjustment in the next succeeding fiscal year.

(5) In order to receive funding under this section, an intermediate district shall do all of the following:

(a) Demonstrate to the satisfaction of the department that the intermediate district employs at least 1 person who is trained in pupil counting procedures, rules, and regulations.

(b) Demonstrate to the satisfaction of the department that the intermediate district employs at least 1 person who is trained in rules, regulations, and district reporting procedures for the individual-level student data that serves as the basis for the calculation of the district and high school graduation and dropout rates.

(c) Comply with sections 1278a and 1278b of the revised school code, MCL 380.1278a and 380.1278b.

(d) Furnish data and other information required by state and federal law to the center and the department in the form and manner specified by the center or the department, as applicable.

(e) Comply with section 1230g of the revised school code, MCL 380.1230g.

(f) Comply with section 761 of the revised school code, MCL 380.761.

(6) If the amount of the allocation to intermediate districts under subsection (1) is reduced in a fiscal year after 2010-2011 from the amount of that allocation for 2010-2011, that reduced allocation shall not result in an intermediate district's allocation being less than the funding actually received by or paid on behalf of the intermediate district for the 1994-95 fiscal year under former section 146a(1) and section 147(1), as those sections were in effect for the 1994-95 fiscal year.
