A member of the governing board may request to review a title IX investigation report involving a complaint against an employee, and the public university shall provide the report in a manner it considers appropriate. The public university shall protect the complainant's anonymity, and the report must not contain specific identifying information.

(e) If allegations against an employee are made in more than 1 title IX complaint that resulted in the public university finding that no misconduct occurred, the public university requires that the title IX officer promptly notify the president or chancellor and a member of the public university's governing board in writing and take all appropriate steps to ensure that the matter is being investigated thoroughly, including hiring an outside investigator for future cases involving that employee. A third-party title IX investigation under this

subdivision does not prohibit the public university from simultaneously conducting its own title IX investigation through its own title IX coordinator.

(f) The public university's president or chancellor and a member of its governing board has reviewed all title IX reports involving the alleged sexual misconduct of an employee of the public university.

(3) As used in this section, "sexual misconduct" includes, but is not limited to, intimate partner violence, nonconsensual sexual conduct, sexual assault, sexual exploitation, sexual harassment, and stalking.

History: Add. 2023, Act 103, Eff. Oct. 1, 2023.

388.1841c University tuition and fee restraints; annual rates; uniform reporting requirements.

Sec. 241c. (1) No later than the last business day of August each year, each public university that receives an appropriation in section 236 shall submit the amount of tuition and fees actually charged to a full-time resident undergraduate student for academic year 2024-2025 as part of the public university's higher education institutional data inventory (HEIDI) data. A public university shall report any revisions for any semester of the reported academic year to HEIDI within 15 days of being adopted.

(2) Payments under section 236 for operations increase and under section 236d must be made only to a public university that certifies to the state budget director by the last business day of August each year that its board did not adopt an increase in tuition and fee rates for resident undergraduate students after September 1, 2023 for the 2023-2024 academic year and that its board will not adopt an increase in tuition and fee rates for resident undergraduate students for the 2024-2025 academic year that is greater than 4.5% or \$703.00, whichever is greater. For the academic year 2025-2026, the tuition and fee restraint rate for resident undergraduate students is an increase of not greater than 4.5% or \$735.00, whichever is greater. It is the intent of the legislature that in the next fiscal year, the tuition and fee restraint rate will be adjusted only for the subsequent academic year. As used in this subsection:

(a) "Fee" means any board-authorized fee that will be paid by more than 1/2 of all resident undergraduate students at least once during their enrollment at a public university, as described in the higher education institutional data inventory (HEIDI) user manual. A public university increasing a fee that applies to a specific subset of students or courses shall provide sufficient information to prove that the increase applied to that subset will not cause the increase in the average amount of board-authorized total tuition and fees paid by resident undergraduate students in the 2024-2025 academic year to exceed the limit established in this subsection.

(b) "Tuition and fee rate" means the average of full-time rates paid by a majority of students in each undergraduate class, based on an unweighted average of the rates authorized by the public university board and actually charged to students, deducting any uniformly rebated or refunded amounts, for the 2 semesters with the highest levels of full-time equated resident undergraduate enrollment during the academic year, as described in the higher education institutional data inventory (HEIDI) user manual.

(3) Each public university must certify to the state budget director by the last business day of August each year that it complies with all of the following requirements:

(a) The public university participates in reverse transfer agreements described in section 286 with at least 3 community colleges in this state.

(b) The public university does not and will not apply any of the following criteria when determining whether credits earned outside the public university by a student count toward a degree or certificate program offered by the public university:

(i) Whether the credits were earned in a dual enrollment program that counted the credits toward high school graduation requirements.

(ii) Whether the credits were earned in a course that was delivered in a high school classroom, community college classroom or campus, or another location.

(iii) Whether the credits were earned in a course that was delivered online, in person, or hybrid.

(iv) Whether other students enrolled in the course in which the credits were earned were enrolled in high school or counted the course toward high school graduation requirements.

(c) The public university actively participates in and submits timely updates to the Michigan Transfer Network created as part of the Michigan Association of Collegiate Registrars and Admissions Officers transfer agreement.

(4) The state budget director shall implement uniform reporting requirements to ensure that a public university receiving a payment under section 236 for operations increase and under section 236d has satisfied the tuition restraint requirements of this section. The state budget director has the sole authority to determine if a public university has met the requirements of this section. Information reported by a public university to the state budget director under this subsection must also be reported to the house and senate appropriations subcommittees on higher education and the house and senate fiscal agencies.

- (a) The institutional best practice described in subdivision (c).
- (b) One or more of the institutional best practices described in subdivisions (d) to (g).
- (c) The public university accepts the Michigan Transfer Agreement, partners with the Michigan Transfer Network, and promotes clear transfer pathways for interested students by doing all of the following:
 - (i) Has a policy to help transfer or accept associate degrees from other accredited Michigan postsecondary education institutions.
 - (ii) Publishes the policy described in subparagraph (i) on the institution's website in an easily accessible way and in admissions materials.
 - (iii) Provides publicly available information on the Michigan Transfer Network, applicable transfer pathways, and financial aid available to transfer students, at no cost to the student.
 - (iv) Begins negotiations to increase the number of reverse transfer agreements or articulation agreements and reports on the progress toward completing the agreements to the state budget director by the last business day in February.
- (d) The public university requires all students to receive an academic degree or certificate map that outlines required course sequencing, program and institution requirements, declared minor program academic requirements, and a recommended timeline within which courses should be taken and in which specific semester or term in order to satisfy all program requirements to allow the student to graduate on time.
- (e) The public university provides non-credit-bearing developmental or remedial courses at a reduced cost to students.
- (f) The public university provides each degree- or certificate-seeking student with a designated, trained academic advisor to support student retention, persistence, and completion. The public university shall require students to meet with their academic advisor at least once per semester or term.
- (g) The public university provides employees during business hours to assist prospective and current students complete the Free Application for Federal Student Aid.

(2) The state budget director shall implement uniform reporting requirements to ensure that a public university receiving a payment under section 236 for operations increase and under section 236d has satisfied the institutional best practices requirements of this section. The state budget director has the sole authority to determine if a public university has met the requirements of this section. Information reported by a public university to the state budget director under this subsection must also be reported to the house and senate appropriations subcommittees on higher education and the house and senate fiscal agencies.

(3) If a public university fails to comply with the certification requirements of this section, the state treasurer may withhold the monthly installments under section 241 to the public university until the report is submitted. If a public university does not comply with the certification requirements described in this section by the end of the fiscal year, the public university forfeits the amount withheld. Forfeited funds must lapse to the fund from which the funds were appropriated. The state budget director shall notify the chairs of the house and senate appropriations subcommittees on higher education at least 10 days before withholding funds from any public university.

Sec. 246. (1) All of the following apply to the allocation of the appropriations described in section 236(4) for payments to universities that are participating entities of the Michigan public school employees' retirement system:

(a) The funds appropriated in section 236(4) for Michigan public school employees' retirement system reimbursement shall be allocated to each participating public university under this section based on each participating public university's percentage of the total combined payrolls of the universities' employees who are members of the retirement system and who were hired before January 1, 1996 and the universities' employees who would have been members of the retirement system on or after January 1, 1996, but for the enactment of 1995 PA 272 for all public universities that are participating public universities for the immediately preceding state fiscal year.

(b) The amount of a payment under section 236(4) shall be equal to the difference between the unfunded actuarial accrued liability contribution rate for university reporting units as calculated under section 41 of the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1341, as calculated without taking into account the maximum employer rate of 25.73% included in section 41 of the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1341, and the maximum employer rate for university reporting units of 25.73% under section 41 of the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1341. Payments shall be made in a form and manner determined by the office of retirement services.

(c) A public university that receives money under section 236(4) shall use that money solely for the purpose of retirement contributions. Each participating university that receives funds under section 236(4) shall forward an amount equal to the amount received under section 236(4) to the Michigan public school employees' retirement system in a form and manner determined by the office of retirement services.

(2) As used in this section, "participating public university" means a public university that is a reporting unit of the Michigan public school employees' retirement system under the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1301 to 38.1437, and that pays contributions to the Michigan public school employees' retirement system for the state fiscal year.

388.1847 Michigan reconnect grants.

Sec. 247. (1) The funds appropriated in section 236 for Michigan reconnect must be distributed and administered by the department of lifelong education, advancement, and potential pursuant to the Michigan reconnect grant act, 2020 PA 84, MCL 390.1701 to 390.1709, the Michigan reconnect grant recipient act, 2020 PA 68, MCL 390.1711 to 390.1723, and the department's administrative procedures for Michigan reconnect.

(2) For fiscal year 2024-2025 only, after administering Michigan reconnect pursuant to subsection (1), the department may use any remaining funds appropriated in section 236 for Michigan reconnect for outreach, enrollment support, administration of the program, and grants to institutions of higher education or nonprofit organizations to provide support to reconnect eligible students to increase degree or credential completion.

388.1848 Michigan achievement scholarships; definitions; eligibility; reporting obligations.

Sec. 248. (1) The funds appropriated in section 236 for Michigan achievement scholarships must be distributed as provided in this section and section 248a, pursuant to the administrative procedures for Michigan achievement scholarships of the department.

(b) "Department" means the department of lifelong education, advancement, and potential.

(c) "Eligible institution" means a public university that receives an appropriation in section 236, a community college that receives an appropriation in section 201, a federally recognized tribal college in this state, or an independent nonprofit college or university in this state as described in section 1 of 1966 PA 313, MCL 390.991.

(d) "Gift aid" includes federal Pell grants under 20 USC 1070a, tuition incentive program benefits under section 256, state tuition grants under section 252, awards received for minimum payments awarded in subsection (4), higher education expenses paid under the Michigan promise zone authority act, 2008 PA 549, MCL 390.1661 to 390.1679, and all other federal, state, local, or institutional aid in the form of grants, scholarships, or discounts applied toward tuition and mandatory fees. Gift aid does not include student loans, work-study awards, qualified withdrawals made from education savings accounts to pay higher education expenses pursuant to the Michigan education savings program act, 2000 PA 161, MCL 390.1471 to 390.1486, or higher education expenses paid under the Michigan education trust program pursuant to the Michigan education trust act, 1986 PA 316, MCL 390.1421 to 390.1442.

(e) "High school equivalency certificate" means that term as defined in section 4.

(f) "Last-dollar payment amount" means 1 of the following:

(i) For a student attending a community college or federally recognized tribal college, an amount equal to the student's tuition, mandatory fees, and contact hours for the student's actual program of study, minus all gift aid received by the student.

(ii) For a student attending a public university or an independent nonprofit college or university, or for a student enrolled in a baccalaureate degree program described in section 121 of the community college act of 1966, 1966 PA 331, MCL 389.121, an amount equal to the student's individual cost of attendance, minus all gift aid received by the student.

(g) "Minimum payment" means a payment for any eligible cost within the student's individual cost of attendance. The minimum payment must be awarded as a separate payment not included in the student's need-based financial aid. The minimum payment must not be reduced.

(h) "SAI eligible student" means a student who has completed the Free Application for Federal Student Aid and meets at least 1 of the following:

(i) For awards made during academic year 2023-2024, has an expected family contribution of \$25,000.00 or less. An individual is considered to have met the requirements of subsection (4) if the individual received the Michigan achievement scholarship in academic year 2023-2024, was determined to have an expected family contribution of \$25,000.00 or less in academic year 2023-2024, and has completed the Free Application for Federal Student Aid for the subsequent award cycles.

(ii) For awards made during academic year 2024-2025 or a subsequent academic year, has completed the Free Application for Federal Student Aid and has a student aid index number of 1 of the following, as applicable:

(A) For a student indicating on the student's Free Application for Federal Student Aid that the student is the only member of the student's household or the student's parents' household attending a postsecondary institution during that academic year, \$30,000.00 or less.

(B) For a student indicating on the student's Free Application for Federal Student Aid that the student is not the only member of the student's household or the student's parents' household attending a postsecondary institution during that academic year, the greater of the number described in sub-subparagraph (A) or guidance determined by the department. For the purposes of this sub-subparagraph, the department, in collaboration with the state budget office and the house and senate fiscal agencies, may calculate a student aid index number or may issue administrative guidance for the student aid index eligibility of students with more

than 1 member of the student's household or the student's parents' household attending a postsecondary institution during that academic year. It is intended that the utilization of a student aid index instead of expected family contribution does not adversely impact the eligibility of students with multiple members of the student's household or student's parents' household attending postsecondary institutions. It is further intended that the legislature and executive branch work collaboratively to use Michigan achievement scholarship uptake and other relevant data to establish a more permanent measure of financial need for the Michigan achievement scholarship for subsequent academic years.

(3) An individual must meet all of the following criteria each year to be eligible for a Michigan achievement scholarship awarded under this section:

(a) Maintain residency in this state, as determined for purposes of the Free Application for Federal Student Aid.

(b) Have graduated from high school in this state with a diploma or certificate of completion or achieved a high school equivalency certificate in 2023 or after.

(c) Be a full-time undergraduate student at an eligible institution, as defined by that eligible institution, and be a first-time enrollee in an eligible institution during the 2023-2024 academic year, or a subsequent academic year, within 15 months after high school graduation or attainment of a high school equivalency certificate or have received a Michigan achievement scholarship in a previous academic year. For the purposes of this subdivision, participation in a dual enrollment, early college, or other similar program while attending high school does not disqualify a student from being considered a first-time enrollee.

(d) Maintain satisfactory academic progress, as defined by the eligible institution in which the student is enrolled.

(e) Not be in default on a federal student loan.

(f) Apply for all available gift aid for each academic year in which the individual applies for a Michigan achievement scholarship.

(4) The amount awarded to an eligible student at an eligible institution must equal 1 of the following, as applicable:

(a) The amount awarded to an eligible student who is enrolled at an eligible institution that is a community college or federally recognized tribal college where the student is eligible for that institution's in-district tuition rate must be equal to the sum of the last-dollar payment amount. The amount awarded to an eligible student who is eligible for a federal Pell grant under 20 USC 1070a must include an additional amount of \$1,000.00.

(b) The amount awarded to an eligible student who is enrolled at an eligible institution that is a community college or federally recognized tribal college where the student is not eligible for that institution's in-district tuition rate must be the lesser of the last-dollar payment amount, or the in-district tuition rate. The amount awarded to an eligible student who is eligible for a federal Pell grant under 20 USC 1070a must include an additional amount of \$1,000.00.

(c) The amount awarded to an eligible student who is enrolled at an eligible institution that is a public university or is enrolled in a baccalaureate degree program described in section 121 of the community college act of 1966, 1966 PA 331, MCL 389.121, at an eligible institution must equal the sum of following:

(i) A minimum payment of \$2,500.00.

(ii) The lesser of \$3,000.00 or the student's last-dollar payment amount.

(d) The amount awarded to an eligible student at an eligible institution that is an independent nonprofit college or university must equal the sum of the following:

(i) A minimum payment of \$2,500.00.

(ii) The lesser of \$3,000.00 or the student's last-dollar payment amount.

(e) Money awarded under this subsection for a Michigan achievement scholarship must be paid to the eligible institution for credit to the student's account.

(5) Subject to section 248a(3)(f)(i), an eligible student may receive a Michigan achievement scholarship award under this section or section 248a for a maximum of 5 academic years, not more than 3 of which may be for attending eligible institutions that are community colleges or federally recognized tribal colleges unless the student is enrolled in a baccalaureate degree program described in section 121 of the community college act of 1966, 1966 PA 331, MCL 389.121. A student may not receive an award under this section and section 248a(3)(f)(i) during the same academic year.

(6) The department shall work closely with participating institutions to provide the highest level of

participation and ensure that all requirements of the program are met.

(7) From the funds appropriated in section 236(7) for the Michigan achievement scholarships, the department may not use more than \$10,000,000.00 for the purposes of outreach programs to raise awareness of the Michigan achievement scholarship described in this section and section 248a and shall ensure that Michigan achievement scholarships are well publicized and that high school students are provided information on the program. The department may receive and expend funds received from outside sources for scholarships, marketing, or other purposes related to the Michigan achievement scholarship. The department shall provide the necessary funding and staff to fully operate the program.

(8) The department shall convene a workgroup to consider and advise the department on implementing policies for administering the Michigan achievement scholarship. The workgroup shall include participation from the Michigan Association of State Universities and its institutional members, the Michigan College Access Network, the Michigan Community College Association and its institutional members, the Michigan Independent Colleges and Universities and its institutional members, and any other interested stakeholders and offices as determined by the department. The workgroup shall make recommendations on packaging order, packaging structure, definitions of terms not otherwise defined in statute, and other administrative regulatory requirements as necessary to implement the Michigan achievement scholarship.

(9) The following reporting obligations apply to the Michigan achievement scholarship program:

(a) By February 15 of each year, the department shall provide a written report, organized by eligible institution, to the house and senate appropriations subcommittees on higher education, the house and senate fiscal agencies, and the state budget director that includes the following information for the previous academic year:

(i) The number of students who qualified for a Michigan achievement scholarship.

(ii) The number of students who received a Michigan achievement scholarship.

(iii) The average number of credits earned by students who received a Michigan achievement scholarship.

(iv) The number of Michigan achievement scholarships that were canceled due to failure to maintain satisfactory academic progress as described in subsection (3)(d).

(v) The number of Michigan achievement scholarships that were canceled due to a student ceasing attendance at an eligible institution. The number must not include any known transfers to another eligible institution.

(vi) The number of Michigan achievement scholarships that were canceled due to a student's failure to maintain full-time status.

(vii) The average Michigan achievement scholarship award per student, delineated by sector, including community colleges, tribal colleges, public universities, independent colleges and universities, and training institutions. As used in this subparagraph, "training institutions" means training institutions accepted to participate in the Michigan achievement scholarship program under section 248a.

(b) Each eligible institution whose students receive awards under this section shall cooperate with the department in a timely manner to facilitate the creation of the report under subdivision (a).

(10) By April 1 of each year, each eligible institution shall submit a report to the department, the state budget office, and the house and senate fiscal agencies providing information as to the average amount of institutional grant aid awarded to full-time first-time undergraduate students for the immediately preceding 2 institution fiscal years. If the average amount of institutional grant aid awarded to full-time first-time undergraduate students in fiscal year 2023-2024 is less than the average amount of institutional grant aid awarded to full-time first-time undergraduate students in fiscal year 2022-2023, the institution must include in the report a description of any changes to the institutional financial aid during the 2 immediately preceding fiscal years. An institution's report of the average amount of institutional grant aid awarded to full-time first-time undergraduate students pursuant to this subsection must be consistent with data most recently reported to the Integrated Postsecondary Education Data System.

(11) For each fiscal year, an eligible institution must maintain and report its compliance with the following tuition restraint requirements, as applicable:

(a) For an eligible institution that is a community college, the tuition restraint described in section 217b.

(b) For an eligible institution that is a public university or independent nonprofit college or university, the tuition restraint described in section 241c.

(12) The state budget director shall implement reporting requirements to ensure that an eligible institution has satisfied the tuition restraint requirements of this section. The state budget director has the sole authority to determine if an eligible institution has met the requirements of this section.

(13) If an eligible institution exceeds the applicable tuition restraint level for 2 consecutive years, the state budget director may consider the institution ineligible for funding under this section in the subsequent academic year.

(14) If an institution is considered ineligible for funding under this section, the state budget director must reevaluate the status of the ineligible institution after 1 academic year.

(15) It is the intent of the legislature that an eligible institution will not make reductive changes to scholarship or financial aid programs offered by that eligible institution that have the goal or net effect of shifting the cost burden of those programs to the program described in this section.

For purposes of this subdivision, the department shall require institutions operating apprenticeship programs subject to this section to provide data that tracks relevant work experience required to verify a student's status as an apprentice.

Sec. 251. (1) Payments of the amounts included in section 236 for the state competitive scholarship program must be distributed pursuant to 1964 PA 208, MCL 390.971 to 390.981.

(2) Pursuant to section 6 of 1964 PA 208, MCL 390.976, the department of lifelong education, advancement, and potential shall determine an actual state competitive scholarship award per student, which must be \$1,500.00, that ensures that the aggregate payments for the state competitive scholarship program do not exceed the appropriation contained in section 236 for the state competitive scholarship program. Sec. 252. (1) The amounts appropriated in section 236 for the state tuition grant program must be distributed pursuant to 1966 PA 313, MCL 390.991 to 390.997a.

(2) Tuition grant awards must be made to all eligible Michigan residents enrolled in undergraduate degree programs who are qualified.

(3) Pursuant to section 5 of 1966 PA 313, MCL 390.995, and subject to subsections (6) and (7), the department of lifelong education, advancement, and potential shall determine an actual tuition grant award per student, which must be \$3,000.00, that ensures that the aggregate payments for the tuition grant program do not exceed the appropriation contained in section 236 for the state tuition grant program. If the department determines that insufficient funds are available to establish an award amount equal to \$3,000.00, the department shall immediately report to the house and senate appropriations subcommittees on higher education, the house and senate fiscal agencies, and the state budget director regarding the estimated amount of additional funds necessary to establish a \$3,000.00 award amount. If the department determines that sufficient funds are available to establish an award amount equal to \$3,000.00, the department shall immediately report to the house and senate appropriations subcommittees on higher education, the house and senate fiscal agencies, and the state budget director regarding the award amount established and the projected amount of any projected year-end appropriation balance based on that award amount. By February 18 of each fiscal year, the department shall analyze the status of award commitments, shall make any necessary adjustments, and shall confirm that those award commitments will not exceed the appropriation contained in section 236 for the tuition grant program. The determination and actions must be reported to the state budget director and the house and senate fiscal agencies no later than the final day of February of each year. If award adjustments are necessary, the students must be notified of the adjustment by March 4 of each year. Subject to subsection (9), for the purposes of determining a student's financial need under 1966 PA 313, MCL 390.991 to 390.997a, the department of lifelong education, advancement, and potential shall presume that a student who is eligible for the Michigan tuition grant for the first time during academic year 2024-2025 or any subsequent year, has no need for a state tuition grant under this section. It is the intent of the legislature that 1966 PA 313, MCL 390.991 to 390.997a, will be amended to end tuition grant eligibility of students enrolling in college for the first time after the fiscal year ending on September 30, 2024, as those students may be eligible for the Michigan achievement scholarship.

(4) The department of lifelong education, advancement, and potential shall continue a proportional tuition grant award level for recipients enrolled less than full-time in a given semester or term.

(5) If the department of lifelong education, advancement, and potential increases the award per eligible student from that provided in the previous fiscal year, it must not have the effect of reducing the number of eligible students receiving awards in relation to the total number of eligible applicants. Any increase in the grant must be proportional for all eligible students receiving awards for that fiscal year.

(6) The department of lifelong education, advancement, and potential shall not award more than \$5,000,000.00 in tuition grants to eligible students enrolled in the same independent nonprofit college or university in this state. Any decrease in the grant must be proportional for all eligible students enrolled in that college or university, as determined by the department.

(7) The department of lifelong education, advancement, and potential shall not award tuition grants to otherwise eligible students enrolled in an independent college or university that does not report, in a form and manner directed by and satisfactory to the department of lifelong education, advancement, and potential, by October 31 of each year, all of the following:

(8) By February 1 of each year, each independent college and university participating in the tuition grant program shall report to the house and senate appropriations subcommittees on higher education, the house and senate fiscal agencies, and the state budget director on its efforts to develop and implement sexual assault response training for the institution's title IX coordinator, campus law enforcement personnel, campus public safety personnel, and any other campus personnel charged with responding to on-campus incidents, including information on sexual assault response training materials and the status of implementing sexual assault response training for institutional personnel.

(9) A student who received a scholarship under this section prior to the academic year 2024-2025 may continue to receive a tuition grant award under this section provided that the student meets all other criteria required for the receipt of a tuition grant award.
